Approved by Nelson Hernandez City Manager

### I. <u>SUMMARY</u>

The City Council has held five budget workshops at which the FY 2014/15 general fund operating budget has been reviewed and discussed. As of September 2, 2014, the City Manager's proposed general fund operating budget for FY 2014/15 still has a shortfall of \$564,351. Included in this report are options which the City Council may consider to eliminate the shortfall and adopt a balanced budget.

The City cannot legally expend funds after the end of the 2013/14 fiscal year until the 2014/15 fiscal year budget is approved. In the interim, the City Council authorized the expenditure of funds on July 1, 2014 via Resolution No. 14-061 but this authorization expired on September 30, 2014. Taking into account the requisites of expending public funds, the City Manager has directed that the demand register checks be held and not released until staff receives Council direction this evening. So as not to give City employees undue hardship, the City Manager approved the release of payroll checks payable on October 2, 2014, and the payment of related payroll costs.

### II. <u>RECOMMENDATION</u>

- 1. WAIVE further reading and ADOPT Resolution No. 14-076, "A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA, ADOPTING THE FY 2014/15 GENERAL FUND BUDGET AND APPROVING APPROPRIATIONS FOR THE 2014/15 FISCAL YEAR."
- 2. RATIFY payments to City employees for negotiated salaries and benefits and other related payroll costs.

October 7, 2014

### III. <u>ALTERNATIVES</u>

- 1. WAIVE further reading and ADOPT Resolution No. 14-095, "A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA, GIVING THE FINANCE OFFICER LIMITED AND TEMPORARY AUTHORITY TO EXPEND FUNDS OF THE CITY PENDING ADOPTION OF THE FY 2014/15 ANNUAL GENERAL FUND BUDGET."
- 2. TAKE any other action the City Council deems appropriate.

### IV. BACKGROUND

The City Council has held five budget workshops at which the FY 2014/15 general fund operating budget has been reviewed and discussed. A noticed public hearing was also held on July 1, 2014 to receive input from the public on the proposed general fund budget.

As originally presented, the City Manager's proposed general fund operating budget for FY 2014/15 estimated operating revenues to be \$67,958,459 and operating expenditures to be \$72,692,292, which indicated an operating shortfall of \$4,733,833. Since that time, further adjustments were made to the budget and choices have been provided to the City Council on how to close that gap. In a report to the City Council for its September 2, 2014 meeting, it was shown that the budget shortfall has been reduced to \$564,351. The details of the changes to the proposed budget are listed under Exhibit No. 1. The following options are being provided to the City Council for consideration, as a means to balance the budget:

- Transfer \$575,000 from the Capital Asset Replacement Fund (CARF). By making this transfer, the FY 2014/15 general fund projected operating revenues will exceed budgeted operating expenditures by \$10,649 (Exhibit No. 2). However, making this transfer will only leave \$250,000 in the Capital Asset Replacement Fund. Therefore, some items proposed to be replaced may have to be delayed unless the Council approves supplemental budget adjustment to the fund at future Council meetings.
- 2. Draw on the Budget Stabilization Fund of \$2.5 million, which is set-aside in the City's General fund reserves (Exhibit No. 3). Exercising prudent financial management, the City Council established this budget stabilization fund to be used, if needed, to assist in the transition to a postredevelopment operating environment. The City is still navigating through the ramifications of the elimination of the redevelopment agencies; therefore, these funds may be used to eliminate the shortfall of revenues over expenditures.

**Report to Mayor and City Council** 

### V. FISCAL IMPACT

Adoption of the general fund budget will establish the City's spending plan for the 2014/15 fiscal year. The funds will be appropriated in each City Department's accounts, in accordance with the City Council Resolution No. 14-076, as approved.

### IV. <u>BACKGROUND</u>

The City Council has held five budget workshops at which the FY 2014/15 general fund operating budget has been reviewed and discussed. A noticed public hearing was also held on July 1, 2014 to receive input from the public on the proposed general fund budget.

As originally presented, the City Manager's proposed general fund operating budget for FY 2014/15 estimated operating revenues to be \$67,958,459 and operating expenditures to be \$72,692,292, which indicated an operating shortfall of \$4,733,833. Since that time, further adjustments were made to the budget and choices have been provided to the City Council on how to close that gap. In a report to the City Council for its September 2, 2014 meeting, it was shown that the budget shortfall has been reduced to \$564,351. The details of the changes to the proposed budget are listed under Exhibit No. 1. The following options are being provided to the City Council for consideration, as a means to balance the budget:

- Transfer \$575,000 from the Capital Asset Replacement Fund (CARF). By making this transfer, the FY 2014/15 general fund projected operating revenues will exceed budgeted operating expenditures by \$10,649 (Exhibit No. 2). However, making this transfer will only leave \$250,000 in the Capital Asset Replacement Fund. Therefore, some items proposed to be replaced may have to be delayed unless the Council approves supplemental budget adjustment to the fund at future Council meetings.
- 2. Draw on the Budget Stabilization Fund of \$2.5 million, which is set-aside in the City's General fund reserves (Exhibit No. 3). Exercising prudent financial management, the City Council established this budget stabilization fund to be used, if needed, to assist in the transition to a postredevelopment operating environment. The City is still navigating through the ramifications of the elimination of the redevelopment agencies; therefore, these funds may be used to eliminate the shortfall of revenues over expenditures.

October 7, 2014

3. Revisit the budget and look for additional areas in which to reduce expenditures. The most significant savings can come from delaying personnel recruitments. However, this is the least preferred option for staff because lack of the much needed manpower resources will impact programs and activities which the City Council desires to provide to the citizens of Carson to enhance their quality of life.

At the September 2, 2014 Council meeting, Mayor Pro Tem Elito Santarina moved to postpone the adoption of the general fund budget based upon the concern of the Utility Users' Tax Citizens Budget Oversight Committee (UUTCBOC) Chairman Paul Randall that the Committee had not been given an opportunity to be part of the budget process. With the unanimous consent of the Concilmembers, Mayor Jim Dear directed staff to continue the budget adoption item and convene a meeting of the UUTCBOC for the main purpose of reviewing the proposed budget. The Committee meetings were held on September 10 and 23, 2014 and continued to October 14, 2014 with a direction to staff to comply with certain action items.

While staff will comply with the Committee directive, it is recommending the adoption of the budget tonight using one of the above options or other options deemed appropriate. Any budget adjustments recommended by the UUTCBOC will be presented to the City Council at subsequent meeting/s.

The main reasons for staff recommendation are (1) to achieve better financial management and (2) to comply with the legal requirement to have an adopted budget before public funds are expended. The City cannot legally expend funds after the end of the 2013/14 or any fiscal year until the 2014/15 or any new fiscal year budget is approved. As an interim measure, the City Council authorized the expenditure of funds on July 1, 2014 via Resolution No. 14-061. This authorization expired on September 30, 2014. Taking into account the requisites of expending public funds, the City Manager has directed that the demand register checks be held and not released until staff receives Council direction this evening. The payment of negotiated salaries and benefits to City employees and other related costs such as, but not limited to payroll taxes were made on paydate, October 2, 2014. Staff is requesting the City Council to ratify this payment.

Attached as Exhibit No. 4 is Resolution No. 14-076 adopting the FY 2014/15 general fund budget which will be adjusted, if needed, if the Council chooses to make additional changes to the budget, as proposed.

If the budget is not approved tonight, it is necessary for the City Council to adopt a resolution granting authorization to expend funds pending approval of the final budget. Resolution No. 14-095, attached to this report as Exhibit No. 5, embodies that authorization.

## V. FISCAL IMPACT

Adoption of the general fund budget will establish the City's spending plan for the 2014/15 fiscal year. The funds will be appropriated in each City Department's accounts, in accordance with the City Council Resolution No. 14-076, as approved.
