**CITY OF CARSON
 POSITION STATEMENT**

Carson is a vibrant city with a small town atmosphere where relationships are important. This is clearly visible throughout the community, from the stable single family neighborhoods, which make up nearly 80% of the city's residences, to the partnership between businesses and volunteer driven agencies which strengthen the city's remarkable social fabric.

Carson's community is a dynamic microcosm of California's rich diversity, capturing its wide-ranging cultural and social spectrum within our close-knit community. It is a city with a balanced ethnic and cultural mix living together in harmony and prosperity. The community takes pride in the large percentage of Carson students who attend college, many to California State University, Dominguez Hills, a valuable asset to the city.

Carson's strategic position in the heart of the powerful economic engine that is Southern California attracts international corporations which recognize the city's bright future. The city's proximity to the West Coast's two major ports, as well as its intersection by four Southland freeways, makes it a major gateway to the Pacific Rim.

We, the people who live and work in Carson, take pride in our city and will continue to build relationships which ensure that future.

CITY OF CARSON

A MESSAGE FROM CITY MANAGER DAVID C. ROBERTS, JR.

Dear Carson Community,

As the fresh bloom of spring rejuvenates our city, I am filled with optimism and pride in sharing the progress and plans that continue to shape Carson into a thriving community. Our journey through the early part of the year has been marked by strategic developments, community engagements, and a steadfast commitment to enhancing the quality of life for all our citizens.

Springing Forward: Celebrating Our Achievements

Our city marked its 55th anniversary last year, a significant milestone that brought us together to celebrate our heritage and aspirations. The adoption of Carson's first Economic Development Strategic Plan and a new General Plan has laid the groundwork for a sustainable and prosperous future. Our commitment to enhancing public safety, revitalizing infrastructure, and advancing housing initiatives, especially for our veterans, continues to strengthen the fabric of our community.

Robust Financial Foundation: A Beacon of Stability and Growth

2023 was a landmark year for Carson's financial management, reflecting our unwavering commitment to fiscal responsibility and strategic foresight. For the first time in our history, the City Council adopted a budget with a surplus, underscoring our strong financial health and prudent stewardship. With a historic General Fund reserve now exceeding \$222.9 million, Carson stands as one of the best financially performing cities in the state of California. This robust financial position is a testament to our effective planning and management, positioning us for sustained growth and the ability to invest in the future of our community.

As we step into spring, we remain committed to building on this foundation of financial

stability, ensuring Carson continues to be a place where prosperity and opportunity flourish for all.

Special Events and Initiatives:

As we look to the months of February through May, Carson is abuzz with activities and events that foster community spirit and engagement:

- **Eat Shop Local:** I'm excited to announce the inaugural "Eat Shop Local" event, a first-of-its-kind initiative designed to celebrate and support our local businesses. I encourage each of you to participate and experience the diverse offerings of our community.

Special Events to look forward to:

- **Teen Summit** (March): Engage with our youth at the Carson Event Center, fostering leadership and community involvement.
- **Cesar Chavez Tribute** (March): Join us in honoring the legacy of a great leader and advocate for workers' rights.
- **Autism Awareness 5k Run** (April): Support awareness and inclusion at Cal State University, Dominguez Hills.
- **Earth Day KidsFest** (April): Celebrate sustainability and nature at Dolphin Park with educational and fun activities for children.
- **Cinco de Mayo** (May): Experience the rich cultural tapestry of our city with a day filled with music, food, and festivities at Carson Park.
- **Mental Health Awareness** (May): Participate in activities focused on promoting mental well-being and support services.
- **Memorial Day Tribute** (May): Honor our heroes at Veterans Park in a solemn tribute to those who have served.
- **Why I Like Carson Essay Contest Awards Ceremony** (May): Civic Pride Awards Ceremony for elementary

and middle school students Honoring Awardees and their families.

Continuing Our Commitment:

Our ongoing projects and initiatives, such as the citywide street maintenance project and the implementation of citywide security camera projects, demonstrate our dedication to improving the quality of life in Carson. Construction is projected to be underway this summer on the 157 acres. Proposed projects include a country mart and developing two new streets. The introduction of the Public Safety Engagement Division and the revitalization of Carson City Hall reflect our commitment to public safety, community well-being, and a progressive work environment.

Looking Ahead:

In 2024, we remain committed to building on our achievements. The partnerships, like the one with California State University Dominguez Hills, and our affiliation with Awka, Nigeria, exemplify our dedication to fostering leadership, diversity, and global connections. We anticipate the continued success of our financial management and the impactful benefits of the grants received, which will propel us towards a vibrant, sustainable, and forward-looking community.

As we embrace this season of renewal and progress, I am filled with gratitude for your support and enthusiasm. Your involvement is the driving force behind our accomplishments and the key to our future successes. Together, let's continue to nurture a Carson that thrives on innovation, community, and sustainable growth.

Warm Regards,

David C. Roberts, Jr.

SHERIFF'S CORNER

BY CAPTAIN DAMON A. JONES

Social media has become an integral part of our everyday lives. It makes it easy to get updates on everything from sports and entertainment to family, friends and loved ones. It makes it easy to share everyday experiences and communicate in real time. Knowing the risks of the information we share can make all the difference in the world. It is also important as parents that we are teaching our children what information should and shouldn't be shared and that we monitor them accordingly. Securing our platforms is the first step we can exercise in securing our personal data.

All our social media platforms, from Facebook to Snapchat, have the ability to share and tag locations making it easier to find and track people. Many children share their locations on social media or can be tracked through various apps, exposing them to potential risks. Posting your location on social media, tracking your location in real-time, advertises to your social media followers that you are away from home. This also puts your valuables at risk. Criminals may use this information to identify windows of opportunity that allow them to burglarize your home.

Some social media platforms, like Snapchat, even geocode exact addresses and pictures of your current location, whether it be your residence or public place.

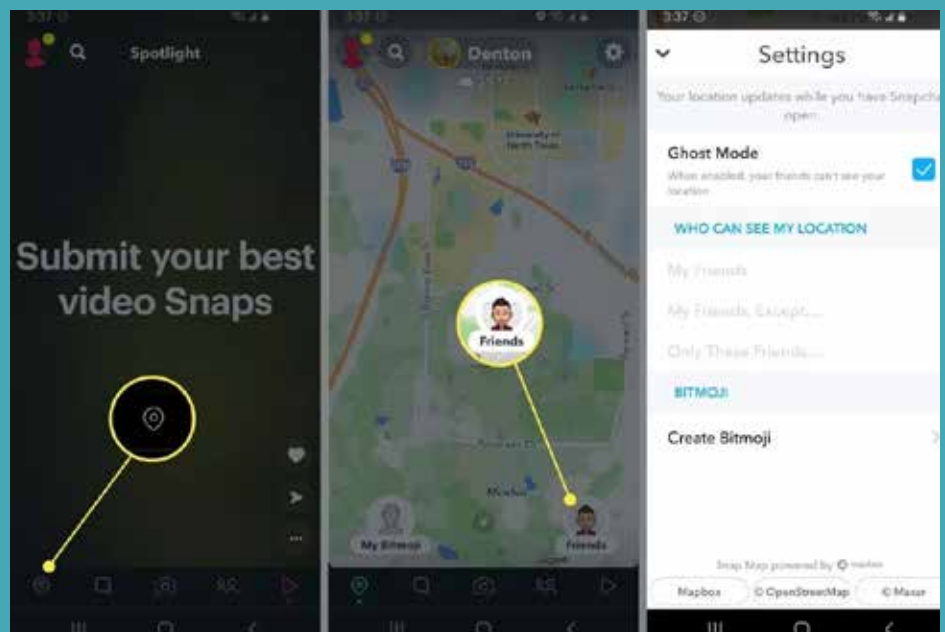

Depending on your settings you could be streaming your location live to all your followers and the public. The SnapMap feature allows predators, such as stalkers and human traffickers, a means to seek out their intended victims.

It is important that you always stay vigilant. Ask yourself if you need to share your location with people outside of your family before sharing your movements.

The information that is tracked can be used to establish patterns of behavior. It can be used to identify daily and weekly routines. Many of these threats don't come from total strangers, they come from casual acquaintances and people who are

connected to people you know and trust. It is important to ask your friends and family if they are comfortable with you tagging them in a photo or post, as you may be putting them at risk as well. Your friends and family may have other sensitive situation concerns besides just burglary.

Photos and videos are great ways of capturing memories and stories, but digital photography, especially on a smartphone, is like a digital fingerprint.

The photo includes metadata which is typically automatically generated by your camera and may include information such as the date, time, and sometimes even geotagging. This information can be simply viewed by looking at the photo's properties. This information may also be added to the photo later using editing software and may additionally include captions, descriptions, and other information that may be useful to sort or batch photos. This information, whether it is included automatically or added later stays with the photo even when it is downloaded or uploaded somewhere else unless it is manually removed.

As parents, many of us take pictures recording even the smallest milestones. As a parent, it is important that we are cognizant about what information is hiding in plain sight in the background. Such as, taking photos in front of a child's school which identifies where your child is a student. Or taking a photo in front of your home where your address is in the background or maybe a vehicle license plate that can be traced back to your address.

It is important to be mindful of how, when, and where we post or share commentary and/or photos. Making certain comments or sharing photos, even those we did not take, may be a crime. As parents we should be monitoring our children and talking to them about sexting, bullying, and exploitation. We should be advising them against sharing any pictures, videos, or messages that they wouldn't want anyone else to see. We should also be advising them that we should be respectful of others and exercise caution with anything they send, even if it seems harmless at the time.

Staying safe doesn't mean that you can't share with your friends and family, but you do need to use common sense and be cautious about the information you are sharing. When properly used, social media is a great way to stay connected and share information. Digital footprints, such as online posts, have a lasting impact. Once something is posted it is out there, what happens on the internet, stays on the internet. Even Snapchat, the posts don't really disappear.

As adults, we need to be aware of the potential risks of our actions and as parents, we have a responsibility to do our due diligence.

Staying Safe:

1. Check the location setting for each app installed on your phone. You will have to turn it off for each individual app. Consider turning your location settings on your phone off.
2. Don't manually share your location by tagging or posting it on social media. This is especially important if you are out of town.
3. Check that the privacy settings on your social media accounts are set to preferences that you are only sharing with people that you know and trust.
4. Turn off your locations on your photos, especially if you are unfamiliar with metadata.
5. We suggest taking a screenshot of the image and uploading the screenshot rather than uploading the original image. This will strip away the metadata.

6. Both Apple and Android devices have features to customize the information shared with other users. Control who you are sharing your location with.

You can find additional resources, crime prevention and safety tips and information on upcoming department events on our social media platforms. Thank you for your support of Carson Sheriff's Station personnel.

PUBLIC WORKS

5 STEPS TO REDUCE YOUR FOOD WASTE

1. PLAN AHEAD - Make a grocery list for the meals you plan on making.

2. BUY IN BULK - This is often less expensive and you can buy only what you need to minimize waste! You can also take your own containers to skip the plastic.

3. USE WHAT YOU HAVE - Double check what you have at home and try to use it in your next meal!

4. COMPOST - Composting is the combining and managing of specific waste materials so that they decompose. Once the materials are mixed together, microbes in the soil will start to breakdown the waste and turn it into the nutrient rich materials that helps plants grow.

5. EDUCATE - Volunteer at a food bank or community compost to spread awareness and learn more about how to reduce food waste.

COYOTE PUPS ARE BORN IN THE SPRING

Springtime in the life of a coyote is defined by the birth of pups. Mating activity typically lasts from February-March, and new litters are born after a 9-week gestation period in April and May. The number of pups produced is dependent on available food resources the surrounding coyote population, and in urban areas can average around 6 pups. The entire pack contributes to the success of a litter. For the next several weeks after birth, the mother primarily spends her time in the den with her pups, while the father and subordinate members take turns hunting and staying vigilant of the den sites. Within a few weeks, coyote pups are weaned and begin to exit the den to play and socialize with other pack members. Around 9 weeks old, den sites are abandoned, and the pups begin to travel along with the pack for the summer season.

Coyote sightings may decrease during the early spring as the pack sticks close to the den. However, it is important to keep caution when visiting den areas as this is a highly sensitive period for coyotes, and their behavior towards their litters can be extremely protective. A human with or without a pet may experience a type of behavior known as 'escorting', where a coyote may follow at a closer distance than usual in order to remove you from the area of their den.

Do you know of a property that requires clean up? Help us transform Carson to its full potential (and enter into a chance to win a raffle!)

The City is pursuing state and federal funding to assess, investigate, and clean-up contaminated or perceived to be contaminated land in the City. These properties are commonly referred to as brownfields. We need the public's help in locating these sites.

What are Brownfields? Brownfields are properties that may have or potentially contain the presence of a hazardous substance, pollutant or contaminants that can affect or pollute the soil, air, and water.

Where are the Brownfields? Brownfield sites are often vacant and underutilized properties previously used for industrial or commercial activities that may have resulted in contamination. Examples include a historic factory, closed gas station, open dump site or vacant lot.

What are the benefits of brownfield redevelopment?

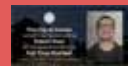

Property owners who cleanup and reuse brownfields provide many benefits including:

- Decrease community exposure to hazardous substances;
- Increase neighborhood property values;
- Generate job growth and services via new development;
- Create new places and spaces for the community.

How can you help?

We are asking members of the public to help us locate brownfield sites by filling out a site nomination form. Once nominated sites are brought to our attention, our team will work with the eligible property owners to find brownfield grant funding to transform these sites to its full redevelopment potential. Completed nomination forms submitted to the City will be enroll in a raffle for a chance to win gift cards to local Carson businesses.

Fun Fact

Did you know that the Porsche Experience Center in Carson is a brownfield redevelopment project? The 53-acre site was a former landfill and was transformed to a, regional destination landmark for the City. The project features driver development track with eight educational modules totaling 4.1 miles, a changing race car exhibit, and a fine-dining restaurant.

EARLY CHILDHOOD EDUCATION

The Early Childhood Education Program is geared toward children ages 3-5. It utilizes the McGraw-Hill Education's "World of Wonders" curriculum, an engaging early childhood literacy program that builds strong pre-reading and social emotional skills. At the same time, the curriculum incorporates content areas like math, science, social studies, music, and movement. The program prepares children with the knowledge they need to enter kindergarten with confidence.

At the City of Carson Early Childhood Center, classrooms have been adjusted to not only align with CDC guidelines, but also maintain a positive learning environment. To keep students, families, and teachers healthy and safe, class sizes have been reduced to 50% of capacity. This will allow students and teachers to maintain social distancing within their learning environment. It will also permit more personal time with each individual student. There will also be greater emphasis on sanitation in lunch, nap, and play areas.

COMMUNITY SERVICES GUIDE

SENIOR INDEPENDENCE SUPPORT

SENIOR CITIZENS ADVISORY COMMISSION

The Commission meets on the 2nd Monday of each month at 4:00 p.m. at the Carson Event Center. All are invited to attend and contribute at this meeting.

FREE TAX PREPARATION FOR SENIORS

The AARP offers free tax preparation help to anyone, and if you're 50 and older, and can't afford a tax preparation service, we were made especially for you! We understand that retirement or other life changes may mean your taxes are a little more complicated now. With the help of our team of IRS-certified volunteers, we make it easy for you. AARP Foundation Tax-Aide will be available at the Carson Event Center on Monday and Wednesday between February – April 2024. There's no fee and no sales pitch for other services, and AARP membership is not required.

INTERGENERATIONAL PROGRAMMING

We are currently looking for senior citizens to participate in the Spring semester of our intergenerational program. The intergenerational program is a collaboration between the older adults in our community and the high school students from Rancho Dominguez Preparatory Academy. Since 2016, we have been

conducting an 8-week program each semester where individuals are paired up on a weekly basis to learn from one another in an attempt to build bonds and bridge the gap between generations. We ask for the commitment of one hour, one afternoon a week, for 8 weeks.

CAREGIVER SUPPORT GROUP

Caregiver Support Group continues to meet at the Carson Event Center on the 1st and 3rd Thursday of each month from 11:00 a.m. – 12:00 p.m.

Caregiver Support Group Testimonials:

“I attended the Carson Community Caregivers Group for 3 years. Being a Caregiver for my 99 year old mother with Frontal Temporal Dementia and a son with Schizophrenia was very trying. The program was very beneficial to me in learning how to balance the needs of my mother as well as my son. The demands daily on my time, energy, and health would have been significantly increased had it not been for the program. The classes and advice were both very knowledgeable and gave me as a caregiver that time for myself. The Family Caregiver Services program addressed the unique needs of family members who provide care to a relative/love one. Fortunately, the senior caregiving program was available and helped lighten my load and made it easier for me to provide the best possible care for my loved ones” -Jackie S.

BEREAVEMENT SUPPORT GROUP

This weekly support group is offered to adults of all ages who have experienced grief after the loss of a loved one. Whether the death was recent or years ago, join us to discuss your feelings or simply listen to others.

For 9 years I was the full time caregiver to my father who suffered from Alzheimer's Disease. At first I was so lost on so many levels. I had no idea what I had just entered into. During my first week living with my father, I was going through mail and came across the Carson brochure that residents receive in the mail. I know I was supposed to take the time to look at it. I had tossed so many pieces of mail, that I could have easily tossed the brochure also. I flipped through it, not sure what I was looking for. THEN, I saw "Caregiver Support Group". Made the call. Left a lengthy message. I received a call back in a very timely manner, the city was so patient and attentive to my situation. I began attending the caregiver support group and looked forward to it every week. It was a safe place to share everything and anything relating to my role as a caregiver” -Nancy K.

Meetings are held in a safe, welcoming, and caring environment. Ongoing weekly meetings area held on Wednesdays at the Carson Event Center.
