INTRODUCTORY SECTION

CITY OF CARSON, CALIFORNIA
COMPREHENSIVE ANNUAL FINANCIAL REPORT

CITY OF CARSON

February 20, 2015

Honorable Mayor and Council members
of the City of Carson, California:

It is my pleasure to present to you the Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2014 of the City of Carson, California, which consists of management's representation concerning the finances of the city. Responsibility for the completeness and reliability of all the information included in the report rests with management. To provide a reasonable basis for making these representations, management has established an internal control system which is designed to achieve reasonable, but not absolute, assurances that the assets of the City are protected from loss, theft or misuse, and that sufficient, reliable information is compiled to aid in the preparation of the City's financial statements in conformity with generally accepted accounting principles (GAAP) in the United States. The concept of reasonable assurance recognizes that the costs of internal controls should not outweigh the benefits likely to be derived, and the valuation of costs and benefits requires estimates and judgment by management. To the best of our knowledge and belief, the financial report is complete and reliable in all material respects.

THE REPORTING ENTITY

The financial reporting entity includes all the funds and capital assets of the primary government (i.e., the city of Carson as legally defined), as well as its component units that are legally separate entities for which the primary government is financially accountable. Component units are, in substance, part of the primary government's operations and are included as part of the primary government. The Carson Redevelopment Agency (Agency) was previously included within the reporting entity of the City as a blended component unit until June 30, 2011. However, on December 29, 2011, the California Supreme Court upheld Assembly Bill 1x 26 (the Bill) that provides for the dissolution of a redevelopment agency. In accordance with the provision of the Bill, the City elected to serve as the Successor Agency. Accordingly, beginning with fiscal year ending June 30, 2012, the dissolved Carson Redevelopment Agency was excluded from the City-wide financial statements and reported as fiduciary fund. The Carson Housing Authority, which was established to carry out the housing function of the dissolved Carson Redevelopment Agency, was reported as a blended component unit.

CITY PROFILE

Carson was part of a Spanish Land Grant known as Rancho San Pedro deeded to Juan Jose Dominguez over 200 years ago. During the incorporation process, the community was named after George Henry Carson, a member of the Dominguez family. "Dominguez" was a close second to "Carson" as the name for the newly incorporated city. The city adopted the motto of "Future Unlimited." Part of the reason for that statement of unbridled optimism was the city's strategic location and abundant vacant land.

Located in the South Bay section of Los Angeles County, Carson has grown from a population of approximately 61,000 in 1968 to 92,196 in 2013. Over the years, three annexations have increased the City's size to 19.2 square miles. Steady and continued growth has enabled Carson to become a city of regional significance. In FY 1998/99, Carson's assessed valuation was \$7.4 billion. Ten years later, the assessed valuation on secured and unsecured properties has grown to \$13.5 billion. Carson has been included in the top 20 highest valued cities in the county since 1998, according to the annual report of the Assessor's Office of the County of Los Angeles. For 2013, the city of Carson is ranked the 12th highest in assessed value of all Los Angeles County cities, recording a total of \$13.5 billion.

Form of Government

The City of Carson ("City") was incorporated as a General Law city on February 20, 1968. The City operates under the Council-Manager form of government. Policymaking and legislative authority are vested in the governing council, which consists of an elected Mayor and four Councilmembers. The Council is elected on a nonpartisan basis. The Mayor is elected to a four-year term. Councilmembers are elected to four-year, staggered terms with two Councilmembers elected every two years. The City Council is responsible for, among other things, setting City policies, adopting ordinances and resolutions, adopting the budget, appointing committees and hiring the City Manager and the City Attorney. The City Manager is responsible for carrying out the policies and directives of the Council, for overseeing the day-to-day operations of the City, and for appointing the directors and officers of the City's departments.

The City provides a broad range of services, including construction and maintenance of highways, streets and infrastructure, planning and zoning activities, public transit, recreational activities and cultural events for all ages. The City of Carson contracts with the County of Los Angeles for police protection and building and safety services. Library services, fire protection and sewer services are provided by appropriate agencies of the County of Los Angeles. The City's educational needs are served by the Los Angeles Unified School District and some private schools. Solid waste collection and disposal, gas, water, electric and communication services are provided by private companies.

Of regional significance is the California State University, Dominguez Hills (CSUDH), which is located within the City of Carson. Established in 1960, CSUDH offers an impressive variety of bachelors and masters degree programs. The campus includes a privately financed 85-acre national training center known as the Home Depot Center. The center features a state-of-the-art 27,000-seat soccer stadium, a 13,000-seat professional tennis stadium, a 4,800-seat track and field facility (expandable to 20,000), 18 tennis courts, five soccer training fields, and an indoor cycling velodrome.

While Carson is well known as an industrial center with unparalleled access to transportation and the Pacific Rim, it is also a culturally diverse community that is an attractive place to live and work.

ECONOMIC CONDITION AND OUTLOOK

The City of Carson has had a healthy financial position for many years. But due to the economic downturn in the housing market and the overall economic crisis facing the nation in 2008, the general fund balance fell 13% from \$20.8 million in FY 2008/09 to \$18.2 million in FY 2009/10; however, the fund balance has steadily increased from \$23.5M in FY 2010/11 to \$36.4M in FY 2013/14 due to City-wide effort to cut costs and better than projected overall revenues. Total actual 2014 general fund revenues came in at \$3.2 million or 4.8% more than the projection as a result of positive budget to actual variances in sales and use tax revenues by \$858 thousand (3.8%), franchise tax by \$852 thousand (12%), utility user's tax by \$1.2 million (15%), and other revenues by \$576 thousand(2%), which came from one-time distributions of money from the dissolution of redevelopment agencies. With regards to 2014 current general fund expenditures, actual of \$70.7 million were 2.8% less than the final budget of \$72.7 million. Community services comprised 43.4%

of the total general fund expenditures. As of June 30, 2014, the general fund balance stood at \$36.4 million which represents 48% of the \$76.1 million adopted operating budget for that year.

Although the general fund balance increased for the current year, the City continues to keep a lean budget as the major revenue sources of the City continue to face challenges. The increase in the projection of the sales tax will be diluted by the reduction in other major revenue sources. Sales taxes and property taxes continue to be the major revenue sources, bringing in \$23.7 million and \$14.2 million, respectively, in FY 2013/14. The sources of revenues were used primarily for the Community Services Department, which account for \$30.2 million of the \$94.6 million total governmental funds expenditures. This Department consists of the Public Safety, Parks and Recreation, Transportation and the Human Services Divisions plus the Community Center, all tasked with the delivery of essential services such as police protection, recreation facilities, transportation and social services.

The economic downturn and dissolution of redevelopment agencies state-wide have created financial challenge to local governance. The dissolution of redevelopment agency cut the City's revenue stream by approximately \$28 million per year in tax increment revenues. Therefore, tough policy decisions remain, which will require that we identify our highest priorities and make wise resource allocation choices.

MAJOR INITIATIVES AND ACCOMPLISHMENTS

Public Safety

One of the City Council's top priorities continues to be public safety. This is demonstrated by the City's goal to increase the actual and perceived level of public safety and to make our neighborhoods, businesses, and parks safer for all citizens. Cognizant of the fact that the City's continued growth and prosperity depends on the realization of this goal, the City Council approved a unique, Carson-exclusive, Park Safety Plan that calls for the deployment of sheriff deputies specifically at the City's parks.

The City also paid for enforcements of seatbelt and Driving Under-the-Influence (DUI) checkpoint activities. These checkpoint activities resulted in 11 DUI arrests, 218 citations issued, and 96 illegally-driven vehicles removed from City streets through checkpoints conducted throughout the year. The success in the city-wide area of law enforcement can be summarized as follows: 113 DUI arrests, 9,684 citations issued, and 2,145 illegally-driven vehicles removed from City streets throughout the year.

The City's Code Enforcement program continues to respond to and resolve service requests on a daily basis in an effort to reduce urban blights and enhance quality of life. Emergency Services continues to respond to routine, minor, and major natural or manmade emergencies from chemical to winter storm emergencies. In addition to emergency response, Emergency Services continues emergency preparedness effort with Carson residents and business community through outreach and education. Youth Services section continues to work in cooperation with the Sheriff Department, Probation Department, District Attorney's Office, local community base organizations (CBO), and schools to address juvenile delinquency, prevention, intervention, and diversion. The Public Safety Services Center (PSSC) provides crime prevention support to the Sheriff's community relations office and coordinates the Block Captains and Community Emergency Response Team (CERT) programs. PSSC also coordinates crime prevention outreach effort with the Sheriff's Park Enforcement Team and residents living adjacent to City parks. The PSSC section also provides support for the Safety First Act Now (SFAN) program – crime survey, service improvement, and community outreach. Pedestrian Safety program continues its effort to improve safe routes to school and crossing guard service for elementary and middle school children in the community. Graffiti Apprehension Program continues coordination effort with the Sheriff Department and Public Works Department to abate graffiti, prosecute vandals, and restitution recovery.

Parks and Recreation

The Parks and Recreation division operates 12 parks, 4 swimming pools, 3 mini-parks, a boxing center, 2 indoor sports complexes, and a skate park. Recent park and recreation improvements include the renovation of Del Amo Park and the redesign of the standardized irrigation system for our parks. The City has also undertaken a significant park-related capital improvement project known as the Carson Park Master Plan project. It is an 11-acre park and recreation facility, which will include a new recreation building, ball fields, a gymnasium and various activity rooms.

The Congresswoman Juanita Millender-McDonald Community Center renovated in 2003 is a 73,000 square-foot facility used as a meeting center for community and business sponsored events. The Community Center houses both the Senior Technology Center, which provides computer services for the senior populace, and the improved Early Childhood Educational Center. These park and facility improvement projects, coupled with park security efforts, demonstrate the City's continued effort to provide its residents with an enhanced quality of life.

Infrastructure

On the average, about 400,000 cars travel daily by freeway through Carson's City limits and major thoroughfares. Although this provides great opportunities for community exposure, this traffic places an intense demand on the City's infrastructure. To respond to infrastructure demands, the City has undertaken several major street and transportation projects. Such projects include: the extensive street improvements on the stretch of Figueroa Street at I-405 to Victoria Street, construction of a pedestrian bridge 213th Street over the Dominguez Channel, and modifications of the I-405 interchange both at Wilmington Avenue and Avalon Boulevard to improve traffic operation and safety.

The City's Public Works Department continues to pursue alternate financing sources for infrastructure improvements by utilizing available Federal, State and County grants, as well as maximizing the use of its gas tax and dedicated sales tax revenues for street maintenance projects thereby making it possible to dedicate general fund monies to the delivery of other essential public services.

Housing and Economic Development

Continuing to be the forefront of the City's economic development initiative is the Boulevards at South Bay, a development of up to 2 million square feet of ultra-modern, mixed-used facilities with a wide array of restaurant and entertainment venues, big box retail stores, a hotel with a conference center and more than 1,000 residential units either for ownership or for rent. This project is expected to generate sales tax and other revenues, and create job opportunities for the residents of the City.

The low tax rates have contributed to the marketability of Carson to businesses. There are large modern petro-chemical facilities (e.g. BP Arco, Tosco Refining, Shell), electronics manufacturers (e.g. Sony, Kenwood, Pioneer, Sansui), automobile dealers (e.g. WIN Chevrolet, Toyota, Honda, Nissan, Back In the Days), aerospace companies (e.g. In-Eros Corporation, Northrop), trucking companies (e.g. Southwest Trails, Proceed USA, USC Intermodal Services Inc.), retail stores (e.g. IKEA, Sears, JCPenny, Target, Home Depot, Old Navy, Children's Place and Staples) and restaurants (e.g. Chili's, Panera Bread, Tony Romas, Olive Garden) within the City. Many have stayed and expanded (e.g. Pioneer Video, Leiner Products). The City Council's emphasis on quality developments – both commercial and residential – along with a city-wide beautification effort, have had a positive impact on the City. In recent years, well-known builders have chosen Carson as a location for their projects. Residential developments include the following recently completed or ongoing projects:

1. 12 single-family houses – 2535-2569 E. Carson Street
2. 40 unit apartment complex – 21227 Figueroa Street
3. 65 unit apartments – 425 E. Carson Street

4. 152 for-sale houses – 616 E. Carson Street
5. 40 unit apartments – 407-409 E. Carson Street
6. 150 unit market rate luxury apartments – 21720-21814 Avalon Blvd.
7. 86 unit senior apartments– 708-724 E. Carson Street

Although redevelopment had effectively ceased as of July 2011 and dissolved as of February 1, 2012, Carson continues the effort to sustain the demand for commercial development. The Carson Redevelopment Agency (“Agency”) had been involved in purchasing land and facilitating development that increases the general fund revenue, creates shopping opportunities for residents, adds to the existing housing stock and removes blighted and contaminated sites. City and Agency accomplishments toward that goal are described below.

Auto Row

The expansion of the Carson Auto Row on 223rd Street along the I-405 Freeway, formerly a Brownfields site includes a new Nissan franchise with a state-of-the-art facility; a new Honda facility; the former Cormier Chevrolet dealership, now Win Chevrolet; Cruise America, a recreational vehicle rental business; the upgraded Carson Toyota dealership; and the former Altman’s Winnebago recreational vehicle dealership, now the new site of Carson Car Pros Kia dealership.

Porsche Experience Center – 19800 Main Street

In November 2011, Porsche announced that City of Carson will be the future home of the Porsche Experience Center (PEC), a specialized vehicle experience center, one of two in the country and the fifth in the world. The 53-acre will sit mostly on the now-closed Dominguez Hills Golf Course (by I-405 freeway), formerly a landfill area. The project is located right next to the Boulevards at South Bay project, which will have enormous amounts of residential, hotel, retail, entertainment, and office space. The PEC will feature a state-of-the art test track, driving skills course, simulators, a Porsche showroom, a retail facility for high-performance auto parts, and a restaurant, among others. Porsche will also move its North American offices from Santa Ana to the Carson site.

The Los Angeles County Economic Development Corporation estimated that the construction of the project will generate \$45.5 million in additional economic activity in Southern California, while the ongoing operations will generate \$22.5 million annually. The Porsche Experience Center is projected to be completed in early Spring 2015.

The following is a full account of the ongoing activities throughout the City geared at achieving economic gains for Carson.

- The Boulevards at Southbay (formerly Carson Marketplace): In FY 2008/09, the Agency provided approximately \$39 million assistance for site remediation. Total financial assistance granted to the Developer as of June 30, 2014 amounted to \$69.5 million. As of same date, total assessed value of the property increased to \$47.2 million or a seven-fold increase compared to 2006’s \$6.6 million. Once completed, the development is expected to exceed an assessed value of \$950 million. Remediation of the Boulevards site, which is located on Del Amo Boulevard west of the I-405 freeway, is about 65% complete.
- 17505 S. Main Street: After the State’s dissolution of redevelopment in California, this property was transferred to the City’s Successor Agency. State mandate requires that this property be sold, with the proceeds to be turned over to a Successor Agency account to be held for repayment of an enforceable obligation.
- 401, 425, 437 E. Carson Street: The Agency entered into a Disposition and Development Agreement (DDA) with The Related Companies for development of a 65-unit workforce housing apartment complex. The project was successfully completed in June of 2012. The second phase is adjacent to the site located at 401 E. Carson Street with a 40-unit affordable apartment community. The second phase will be completed in January 2015.

- 20802 S. Main Street: After the State's dissolution of redevelopment in California, this property was transferred to the City's Successor Agency. State mandate requires that this property be sold, with the proceeds to be turned over to a Successor Agency account to be held for repayment of an enforceable obligation.
- 22020 Recreation Road. The Agency had a loan with the owner of this property, which was used for the sale of recreational vehicles. In the summer of 2011, when the owner defaulted on the Agency's loan, as well as two other loans with two different banks, in accordance with the terms of the Agency's loan agreement with the owner, the Agency foreclosed on the property. To do so meant that the Agency had to also acquire the other two bank loans first, which it did. At this point in time this was now a Successor Agency property and acquisition of the property was in keeping with the law to maintain the value of such properties prior to disposing of them.

Because the property is along the I-405 freeway it is well suited for operation as an auto dealership. A local KIA automobile dealership asked to purchase the site from the Agency at fair market value and the Agency sold the property to the dealership in September 2012 for the appraised fair market value. The dealership, Car Pros, will transition its operation from its existing off-freeway location to the new site which should substantially increase its exposure and sales.

- Cormier Chevrolet: In accordance with the terms of the DDA the Agency resold the land and improvements back to Win Chevrolet in December 2011 for the then fair market appraised value.
- 2254 E. 223rd Street: There was a seven-year BP purchase option on the remnant 5.0-acre Agency property which expired on November 15, 2012. After the State's dissolution of redevelopment in California, this property was transferred to the City's Successor Agency. State mandate requires that this property be sold with the proceeds to be turned over to a Successor Agency account to be held for repayment of an enforceable obligation.
- 2403 E. 223rd Street: After the State's dissolution of redevelopment in California, this property was transferred to the City's Successor Agency. State mandate requires that this property be sold, with the proceeds to be turned over to a Successor Agency account to be held for repayment of an enforceable obligation.
- 2535 E. Carson Street: The former redevelopment agency entered into a DDA, in June of 2011, with the Olson Company for purchase of the property and development of 12 single family detached, affordable residential units. The construction started in the summer of 2012 and ended in December 2012, with all homes sold by January 2013. There is a 45-year affordability covenant on each home sold.
- 616 E. Carson Street: The Agency entered into a DDA with CityView in February 2011. Plans call for development of a mixed-use commercial/retail and residential project consisting of approximately 13,000 square feet of ground floor retail space and one hundred fifty-two (152) for-sale residential units. Fifteen percent (15%) of the residential units will be sold to qualified affordable buyers. Construction is expected to be completed in 2015.
- 21208 Shearer Street: After receiving a No Further Action letter from the Regional Water Quality Control Board (RWQCB) to allow for the development of a passive park the Agency hired AHBE landscape architects to design a passive park for the site. The park was completed in January 2012.
- 21009 S. Prospect Avenue: The property was assembled with contiguous parcels for a site with a total developable area of 1.55 acres. Because the property was purchased with

Agency low-mod housing set-aside funds and intended for residential development, it, along with the rest of the contiguous property, was transferred to the Carson Housing Authority rather than the Successor Agency. The site was purchased by City Ventures in October 2014 for development of housing. .

- 21521 Avalon Boulevard: After the State's dissolution of redevelopment in California, this property was transferred to the City's Housing Successor Agency, which is the Carson Housing Authority (Authority). Unlike property held by the Successor Agency, property transferred to the Authority is subject to Authority law and shall be developed in accordance thereto. The Authority is currently in escrow to sell the property to a developer for a mixed-use project.
- Carson City Center: Phase II (known as The Renaissance at City Center) completed construction in 2013 and includes: 150 market-rate rental housing units (1, 2 and 3 bedroom), 25,000 square feet of lifestyle-oriented shops, and subterranean parking.
- 21607 S. Main Street - A new 3,675 square foot building for retail/restaurant use is proposed to be constructed in the parking lot along Main Street and in front of the Seafood City grocery store. The Planning Commission approved the development plan on June 26, 2012.

Community Awareness and Communication

Recognizing that an informed citizenry is an asset to City government, the City of Carson has been proactive in providing public access to information. The Public Information division of the City Manager's office supplies a variety of information to Carson residents, including information on transit services, demographics, upcoming events, as well as the production and distribution of publications pertaining to Carson. Major publications include the quarterly issues of the Carson Report, which present both information about city government and the community. Additionally, the City maintains a website at <http://ci.carson.ca.us>, which contains a wealth of information about the City, and including information about employment opportunities, job training, youth services, local events, council and commission meetings, as well as providing links to other related websites. Moreover, through the website, the public can watch the live broadcast of City Council meetings on video stream, from practically anywhere in the world.

Beautification

As no economy can thrive without an effective infrastructure, no community can continue to grow and prosper without continual efforts to imbue a sense of pride in its citizenry. To this end, the Public Works Department has been working diligently to improve the City's appearance. For example, street maintenance crews routinely replace street name signs, remove weeds on City property, maintain and monitor approximately 2,000 City trees, and strive to maintain zero potholes throughout the City. The Landscape and Building Maintenance Division is responsible for the City's graffiti abatement program, as well as the maintenance of all of the City's buildings, facilities and landscaped grounds. These crews are out daily making sure that all City facilities and landscaped grounds are kept in tip-top shape. In FY 2013/14, they removed 201,260 square feet of graffiti. The Community Development Department also strives to create a more beautiful Carson by administering such programs as "Neighborhood Pride" and the "Business Beautification Program." Additionally, they work with numerous developers and landowners to revitalize old, and/or build new, commercial, industrial and housing projects in the City.

Energy Efficiency

The City has also formed a "Green Task Force" to identify "green" programs and create an environmental action plan in an effort to support the local and global environment. The following are examples of energy-saving projects completed in recent years:

- Utilized solar energy as an 85 Kilowatt contribution system to the Community Center, which produced renewable energy.
- Converted all lighting to LED at the Community Center parking and walk areas, which reduces energy usage and provides a cleaner and brighter light for patrons.
- Installed retro lighting throughout the City, which reduced energy consumption. The Corporate Yard project reduced 40% of the electricity usage in the Gary Steel building.
- Participated annually in the Southern California Edison Demand Bid program, which reduces energy consumption.
- Installed Cal-sense irrigation system in all City facilities with Smart Clocks and Smart Valves, which reduces water usage by approximately 26%.
- Upgraded exterior lighting at Dominguez Park
- Installed new pool pumps at Scott Park and Carson Park to reduce pump speed to 40% when pool is not in operation
- Installed LED lights at City facilities through a free Direct Install (DI) program by SCE

The City also received an award for the solar project at the Community Center and has been selected to receive the Beacon Award for Energy Conservation. The City is currently working on more energy-saving projects including 1) installing an ocean-friendly garden system for aesthetics and reduction of water usage, 2) installing the “Cool” roofs for City facilities, and 3) implementing a turf reduction program throughout City facilities.

Upcoming energy-efficiency projects include:

1. Carson Street median street lights – Upgrade to LED lights
2. City-wide median street lights – Upgrade to LED lights
3. City-wide safety lighting (on traffic signals) – Upgrade to LED or Induction Lighting
4. Lighting at City parks
5. Solar power projects
6. Carson Street Pedestrian Lights – Upgrade to LED lights

The City of Carson is a leader in the South Bay area in the Energy Conservation program.

FINANCIAL INFORMATION

The officials having direct responsibility for the financial administration and management of the City are the City Treasurer, the Director of Administrative Services and the Finance Officer. Fiscal operations include general accounting, financial reporting, treasury and investment management, business license, payroll, accounts payable, accounts receivable, procurement of supplies and services, budget preparation and monitoring and information technology.

Financial Report Preparation

The City has presented its CAFR in accordance with Governmental Accounting Standards Board’s (GASB) Statement No. 34 - Basic Financial Statements for State and Local Governments since June of 2003. The GASB is the authoritative body in establishing U.S. generally accepted accounting principles for state and local governments. GASB 34 financial reporting requirements for state and local governments throughout the United States aim to make annual reports more comprehensive, easier to understand and more useful. In addition, this financial reporting model hopes to improve government’s accountability in financial reporting and provide additional information for decision-making.

GASB also issued Statement No. 44 which applies to state and local governments preparing a statistical section accompanying basic financial statements. In compliance with this requirement, the City has included the following information categories in the Statistical Section of its CAFR: (1) financial trends, (2) revenue capacity, (3) debt capacity, (4) demographic and economic information, and (5) operating information. While the City was not able to present the 10-year historical

information on some schedules, it was able to provide data extracted from government-wide financial statements retroactively from the City's year of GASB implementation in June 2003.

Beginning with FY 2008/09, the City was required to comply with another GASB pronouncement, GASB Statement No. 45, which requires accrual accounting for the expensing of other post-employment benefits (OPEB). The expense is generally accrued over the working career of employees, rather than on a pay-as-you-go basis. Based on the analysis prepared by an actuarial consultant, the City's net OPEB obligation increased by \$72,141 at June 30, 2014, after applying the contributions made during the fiscal year of \$4,410,077 from the annual OPEB cost of \$4,482,218. The net OPEB obligation at June 30, 2014, is \$16,990,072. Additional information can be found in Note 9 to the basic financial statements of this report. The Successor Agency has recorded a net OPEB asset of \$2,609,777 at June 30, 2014.

Beginning with the fiscal year ended June 30, 2011, the City classified its fund balance components in accordance with GASB 54 - Fund Balance Reporting and Governmental Fund Type Definitions, segregating its fund balance into spendable and non-spendable resources.

Finally, beginning with the fiscal year ended June 30, 2014, the City implemented GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – an amendment of GASB statement nos. 34 and 14*; GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*; and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

Single Audit

The City is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act, as amended, and the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Information related to this single audit, including a schedule of Federal financial assistance, the independent auditors' reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings are included in a separately issued single audit report.

As a recipient of Federal, State and local financial assistance, the City's internal control structure must also ensure, as well as document, compliance with applicable laws and regulations related to these programs. This internal control structure is subject to periodic evaluation by management, staff and the independent auditors.

Independent Audit

The Carson Municipal Code requires an annual audit by independent certified public accountants. Through a selection process, the City awarded the audit contract to Vasquez & Company, LLP, beginning with the fiscal year ended June 30, 2010. The auditors' report on the government-wide financial statements, and individual fund statements and schedules, is included in the financial section of this comprehensive annual financial report. The report expresses the auditor's unqualified opinion as to the fair presentation, in all material respects, of the financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2014, and the changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

AWARDS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Carson for its comprehensive annual financial report for the fiscal year ended June 30, 2013. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently

organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principle and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

The Finance staff of the Administrative Services Department continuously strives to enhance the quality and ensure the integrity of the financial information provided to elected officials, management and staff, as well as to the citizens of the great City of Carson. I would also like to sincerely thank staff of the Administrative Services Department especially the Accounting Division personnel for their dedicated work and Vasquez & Company, LLP staff for their technical expertise, their sage advice and their assistance in the preparation of this document. Finally, I would like to express my gratitude to the Mayor, the members of the City Council, and the Acting City Manager for their interest and support towards conducting the financial operations of the City in a fiscally responsible manner.

Respectfully submitted,

A handwritten signature in black ink that reads "Trinidad H. Catbagan". The signature is written in a cursive, flowing style.

City of Carson

Position Statement

Carson is a vibrant city with a small town atmosphere where relationships are important. This is clearly visible throughout the community, from the stable single family neighborhoods, which make up nearly eighty percent of the City's residences, to the partnerships between businesses and volunteer-driven agencies, which strengthen the City's remarkable social fabric.

The social composition of Carson is California miniature. It is a city with a balanced ethnic and cultural mix living together in harmony and prosperity.

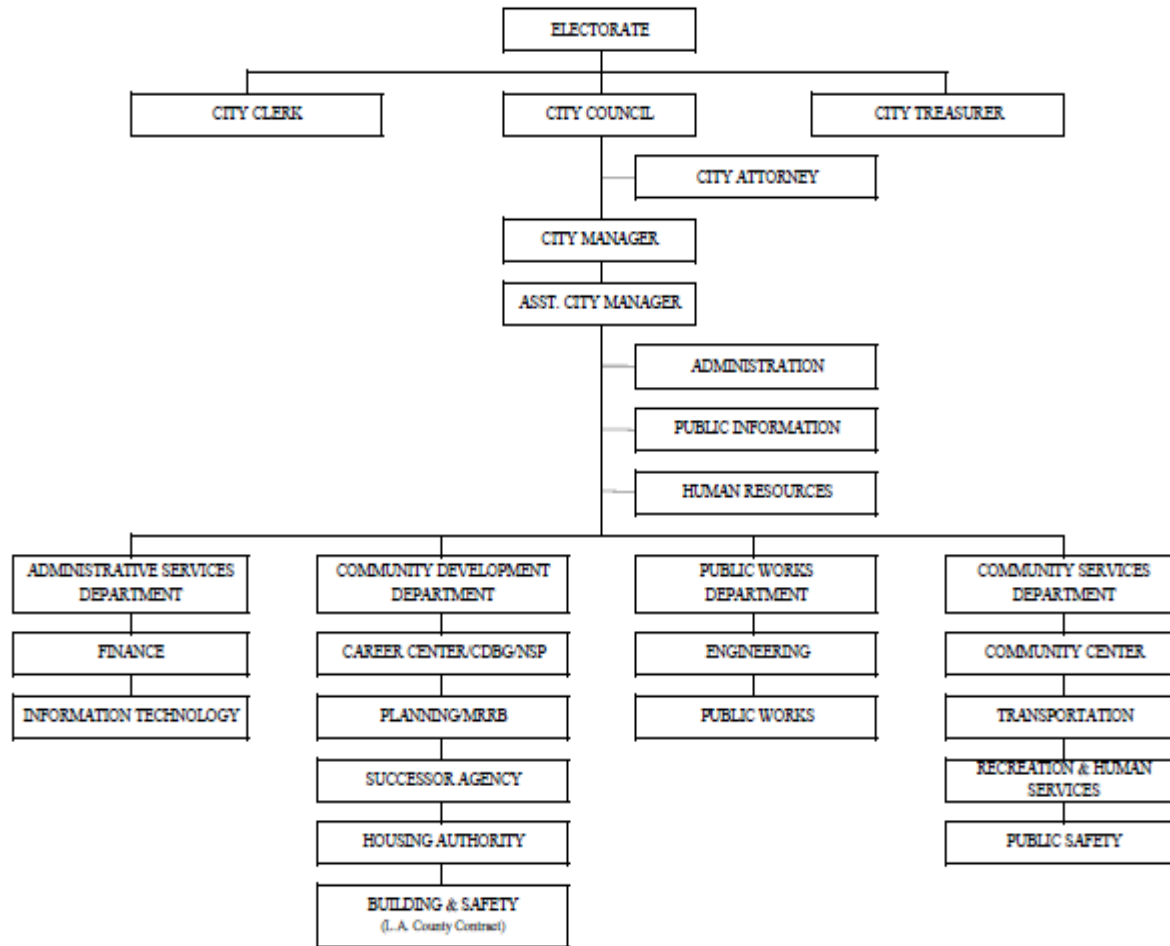

The community takes pride in the large percentage of Carson students who attend college, many to California State University, Dominguez Hills, a valuable asset to the City.

Carson's strategic position in the heart of the powerful economic engine that is Southern California attracts international corporations, which recognize the City's bright future. The City's proximity to the West Coast's two major ports, as well as its intersection by four Southland freeways, makes it a major gateway to the Pacific Rim.

We, the people who live and work in Carson, take pride in our City and will continue to build relationships which ensure that future.
