PREAMBLE

We, the People of the City of Carson, State of California, declare our intent to protect and preserve the values that have guided and sustained our City since it was formed in 1968. We hold dear the historic doctrine of home rule; the right to determine the structure of our government, our land uses and forms, and the character of our community. Our City has special resources with a strong industrial base and unique development opportunities; the City can be an economic power house at the center of major regional transportation corridors. Proper development would allow us to provide the highest quality of life and services for our residents while promoting social, economic, and environmental quality and justice. We believe fiscal responsibility and the prudent stewardship of public funds is essential for confidence in government, that ethics and integrity are the foundation of public trust; and that just governance is built upon these values. The express purpose of this Charter is to secure and exercise for the City of Carson the full scope of control over its municipal affairs that is authorized by law. We do hereby exercise the express home rule rights granted by the Constitution of the State of California for the people and adopt this Charter for the citizens of the City of Carson.

ARTICLE I – INCORPORATION AND SUCCESSION

SECTION 100. Name and Boundaries.

The City of Carson, hereinafter termed the City, shall continue to be a California municipal corporation under its present name of “City of Carson.” The boundaries of the City shall be the boundaries established at the time this Charter takes effect, and as such boundaries may be changed thereafter from time to time in the manner authorized by law.

SECTION 101. Succession, Rights and Liabilities.

The City shall continue to own, possess and control all rights and property of every kind and nature owned, possessed or controlled by it at the time this Charter takes effect and shall continue to be subject to all its debts, obligations, liabilities and contracts.

SECTION 102. Ordinances.

All lawful ordinances, resolutions, rules and regulations, and portions thereof, in force at the time this Charter takes effect, and not in conflict or inconsistent herewith, are hereby continued in force until they are repealed, amended, changed or superseded.

SECTION 103. Continuance of Present Officers and Employees.

The present officers and employees of the City shall continue to perform the duties of their respective offices and employments without interruption until the appointment or election and qualification of their successors, but subject to removal, amendment, change, or control as provided by this Charter. Nothing contained in this Charter, unless specifically otherwise provided herein, shall affect or impair the personnel, pension, or

retirement rights or privileges of officers or employees of the City, or of any office, department, or agency thereof, existing at the time this Charter takes effect.

SECTION 104. Continuance of Contracts and Franchises.

All contracts entered into by the City or for its benefit prior to the effective date of this Charter and then in effect, shall continue in full force and effect according to their terms, except as provided in Section 1002 of this Charter for certain franchises.

SECTION 105. Pending Actions and Proceedings.

No action or proceeding, civil or criminal, filed and pending at the time this Charter takes effect, brought by or against the City or any officer, office, department or agency thereof, shall be affected or abated by the adoption of this Charter or by anything contained in the Charter, but all such actions or proceedings may be continued notwithstanding that functions, powers, and duties of any officer, office, department or agency a party thereto, may be assigned or transferred by or under this Charter to another officer, office, department or agency, but in that event the same may be prosecuted or defended by the head of the office, department or agency to which such functions, powers and duties have been assigned or transferred by or under this Charter.

SECTION 106. Seal.

The official seal of the City at the time this Charter takes effect shall continue to be the official seal of the City for its acts and business unless and until changed by ordinance of the city council.

SECTION 107. Severability.

If any article, sections, sentence, clause or portion of this Charter is for any reason held to be invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and severable and such holding shall not affect the validity of the remaining portions of this Charter.

SECTION 108. Effective Date of Charter.

This Charter shall take effect upon its approval and ratification by the qualified voters of the City and, if approved, after filing and acceptance by the Secretary of State, in accordance with State law.

SECTION 109. Citation.

Any citation to any specific provision of State law hereunder, shall be construed to apply to any successive amendments or revisions to such sections so long as such amendments or revisions are largely consistent with such authorities as of the effective date hereof.

SECTION 110. Interpretation

The provisions of this Charter shall be construed in accordance with the generally accepted meaning of the language used, and in the event of any asserted ambiguity in, or dispute regarding, the interpretation of any matter herein, the ambiguity or dispute shall be resolved by a construction which best carry out the overall intent of this Charter as expressed in the terms hereof.

SECTION 111. Amendment.

Any proposal for the amendment, revision, or repeal of this Charter or any portion thereof may be proposed by a majority affirmative vote of the city council, or by initiative by the People of the City of Carson. No such proposal shall be effective until approved by a majority vote of the voters voting at a statewide general election, for proposals by the city council, or at a statewide general, statewide primary, or regularly scheduled general municipal election, for proposals by initiative, and filed with the Secretary of State, in accordance with State law.

ARTICLE II – POWERS OF THE CITY

SECTION 200. Powers.

The City shall have the power to make and enforce all laws and regulations in respect to municipal affairs, subject only to such restrictions and limitations as may be provided in this Charter and in the Constitution of the State of California and to avoid enactments of the State of California contrary thereto. The City shall also have the power to exercise, or act pursuant to any and all rights, powers, privileges or procedures, heretofore, or hereafter established, granted or prescribed by any law of the State, by this Charter, or by other lawful authority, or which a municipal corporation might or could exercise, or act pursuant to, under the Constitution of the State of California. The enumeration in this Charter of any particular power shall not be held to be exclusive of, or any limitation upon, the generality of the foregoing provisions. This Charter shall be liberally construed to vest the City with all legal authority and powers necessary to protect the health, safety, and general welfare of all of the citizens of the City.

SECTION 201. Procedures.

The City shall have the power to and may act pursuant to any procedure established by any law of the State, unless a different procedure is required by this Charter.

SECTION 202. Form of Government.

The municipal government established by this Charter shall continue to be the form of government known as the "Council-Manager" form of government so that the city council shall establish the policies of the City, and the city manager shall administer the government of the City in accordance with such policies.

SECTION 203. Intergovernmental Relations.

The City may exercise any of its authority and may perform any of its powers jointly, or in cooperation with, one or more other cities, counties, states, the United States, or any political subdivisions, civil divisions, or agencies thereof, or other governmental entity by entering into joint powers agreements with such entities or in such other manner as authorized by law.

SECTION 204. Establishment of Specialized Agencies or Authorities.

The City shall have the power to establish authorities or entities for housing, mobile home rent control, economic development, reclamation and remediation, finance, or other special districts or commissions or agencies of specialized expertise to the full extent as may be permitted by state or federal law, in order to carry out the business of the City or otherwise advance the health, safety, or general welfare of its citizens. Any such entity specified herein, including the Carson Housing Authority, Carson Reclamation Authority, Civil Service Commission, Mobile Home Park Rental Review Board, and Planning Commission may only be disbanded when their purposes have been fulfilled and by amendment to this Charter. All specialized agencies created by the City and in existence on the effective date of this Charter shall continue to perform their duties and operate pursuant to their existing legal authority and, in addition, any authority granted hereunder, unless and until city council may otherwise provide by ordinance or resolution.

SECTION 205. Contracting Authority.

The City shall have the power to contract with any county, city, or other governmental body for the performance of City functions or services by such county, city or other body, including without limitation for law enforcement and fire services, and the City shall also have the power to transfer any of its functions and any of the functions of an officer, board, or commission of the City to an officer, board, or commission of the county in which the City is situated provided that the City shall retain the authority to direct the actions of the body pursuant to the contract and plenary authority of the City.

The responsibility for providing law enforcement and fire protection services is contracted to the LA County Sheriff's Department and LA County Fire Department (Consolidated Fire Protection District of Los Angeles County), respectively. The City may not establish its own City law enforcement or fire departments to provide law enforcement or fire protection services unless and only upon: (1) the completion of a comprehensive financial analysis that supports a finding by the planning commission and city council that sustaining a City law enforcement or fire department will be financially sustainable and viable for at least 20 years, (2) a proposal is approved by a two-thirds vote of the planning commission and city council,(3) is approved by the majority of the voters of the City, and (4) approved compliance with Los Angeles County Local Agency Formation Commission (LAFCO) requirements and any other State and County requirements.

SECTION 206. Economic Development.

A. Economic Development Opportunities. The City is centrally located at the junction of major freeway corridors with excellent access to Downtown Los Angeles, the West Los Angeles economic hub and the Pacific Rim hub of the Los Angeles/Long Beach port system, one of the largest trading centers in the world, with the highest volume in the United States. Carson was originally seen as an excellent location for large scale industrial projects like Shell and Tesoro Refineries and major warehousing

and logistics operations. However, prior to incorporation and in the post second world war housing boom, Carson became a site for county landfills and various disfavored uses. The extensive landfill areas have left major sites needing cleanup that are presently unavailable for economic development. Accordingly, given the City's great location, major industries and employers, and the significant undeveloped properties, this presents special development opportunities for Carson that may be promoted by this Charter .

B. Constraints. The City has found that its previous redevelopment program, which was dissolved pursuant to state law, was essential to redeveloping many vacant, contaminated, and blighted parcels scarred by decades of misuse, refuse dumps and landfills, auto dismantling centers, and other similar uses. Other constraints have included: (i) being a low property tax city with its property taxes being reallocated to other public agencies in greater proportion than other cities; (ii) critical undeveloped infrastructure; and (iii) contamination requiring significant remediation under current environmental and health and safety standards. It is the objective of the City of Carson to design and implement a local program within the authority under this Charter to accomplish the City's economic development purposes.

C. Economic Development Powers. It is a significant goal of adopting this Charter to allow the City to pursue economic development to the maximum degree permitted by the California Constitution. To this end for purposes of eliminating blight, encouraging private investment, providing public infrastructure, and causing the development and redevelopment of property, the City shall have the powers enumerated herein.

- (1) Receipt of Financial Assistance. The City may seek or accept financial or any other assistance from public or private sources, including from the state or federal government, for the City's activities, powers, and duties hereunder.
- (2) Acquisition of Property. The City may purchase, lease, obtain option upon, acquire by gift, grant, bequest, devise, or otherwise, any real or personal property, any interest in property, and any improvements on it, including repurchase of developed property previously owned by the City.

- (3) Eminent Domain. The City may acquire real property by eminent domain, and may acquire every estate, interest, privilege, easement, franchise and rights in land, including encumbrances by way of mortgage or indebtedness, or any interest arising from covenants and conditions. Any such proceeding shall be undertaken only in accordance with the Eminent Domain Law (Code of Civil Procedure § 1230.010 et seq.) and all procedures therein to protect property owner rights. No property currently zoned and used for residential purposes may be acquired by eminent domain for the purposes provided in this Chapter.
- (4) Management of Property. The City may rent, maintain, manage, operate, repair and clear real property and may insure or provide for the insurance of any operations of the City against risks or hazards.
- (5) CC&Rs. The City may provide for the retention of controls and the establishment of any restrictions or covenants running with the land for such periods of time and under such conditions as shall be necessary to effectuate the purposes hereof.
- (6) Non-Discrimination. The City shall include in all deeds, leases or contracts for sale, lease, sublease or transfer of land, non-discrimination clauses.
- (7) Issuance of Bonds. The City may issue its bonds or other financial instruments permitted by law and expend the proceeds from their sale to carry out the purposes hereof. The bonds and obligations issued by the City also may be purchased, invested in, or used for security.
- (8) Site development. The City may clear or move buildings, structures or improvements from real property; may grade any site; and may develop as a building site any property owned by it. It may cause or make provisions with other agencies for the installation of streets, utilities, parks and other public improvements.
- (9) Property Disposition. The City may sell, lease, exchange, subdivide, transfer, assign, pledge, encumber or otherwise dispose of any real or personal property or any interest in property acquired by it. The City may use ground leases or the

sale of publicly owned land, including at less than fair market value as provided herein, or development agreements in accordance with law, lease-lease back financing, infrastructure financing, design build contracts, and/or other creative mechanisms to fulfill the purposes hereof.

- (10) Property Remediation. The City may investigate and evaluate the environmental condition of property, prepare remediation plans and obtain approval thereof from regulatory agencies, and undertake remediation in accordance with such plans. The City may also utilize any authority provided in state or federal law to remediate properties and to undertake actions against potentially responsible parties to cause the remediation of property.
- (11) Relocation. The City may provide (i) relocation assistance to persons displaced by governmental action, and (ii) aid and provide assistance to property owners for property maintenance in connection with rehabilitation loans and grants.
- (12) Cooperation. The City shall cooperate with other public agencies in the formulating and administration of its economic development assistance programs. The planning commissions and the legislative bodies of the City and the cooperating public agencies may hold joint hearings and meetings regarding the projects assisted hereunder.
- (13) Special Districts. The financing of both the development of infrastructure and services through community service districts, landscape and lighting districts, assessment districts, school facility improvement bonds, infrastructure finance, and similar special district financing mechanisms shall be permitted to the full extent under California law;
- (14) Tax and Assistance Agreements. The use of tax rebates, tax credits, or similar agreements permitted by law including for sales taxes, transient occupancy taxes, utility taxes or other taxes shared with the generator thereof, and rebates or waivers of franchise fees, business license fees, development impact fees, or other revenue sources, or any other economic development subsidy (including

land write-downs), may be provided when justified as provided herein. In the event of such agreements, they may only be approved after a public hearing thereon identifying the amount and terms of such assistance and the justification for such assistance.

- (15) Regulatory Relief. The modification or suspension of zoning and other land use restrictions affecting the feasibility of development, density bonuses, expedited processing of entitlements, design-build contracts, environmental sustainability, special development zones, the establishment of clear and consistent regulatory regimes, creating procedures for dispute resolution, clear definition of scope of environmental review and use of scoping processes, and other similar methods, can be used to encourage economic development.

D. Economic Development Authority. In exercising the powers granted pursuant hereto, the city council may by ordinance exercise the above authorities, or create a subordinate economic development authority, and/or enable the Carson Reclamation Authority to so act to incentivize private investment by the grant or loan of public resources, the reduction of regulatory burdens, asset monetization, revenue or tax sharing, deferred or accelerated returns, infrastructure financing, alternative procurement strategies, concession or leasing arrangements, securitization of obligations, or other measures where the risks to the private entity can be reduced to a level whereby the development entity and investors can earn a commercially reasonable return on investment and will accordingly proceed with the economic development project. Should the State of California re-establish a redevelopment program or create additional economic development strategies in addition to those provided herein, the City is authorized to use them for the purposes provided herein. Any program to undertake the above shall establish that any public assistance or subsidy provided to a project by the City have a sufficient public purpose and must include a comprehensive report identifying the nature of the project, the necessity of the assistance, the amount of the assistance, the public benefits of the project, the return on the project, and the regulations and conditions governing the project. The project would only be approved after a duly noticed public hearing and compliance with California

Environmental Quality Act (“CEQA”) (Public Resources Code § 21000 et seq.). The City may adopt a comprehensive ordinance with measures to carry out the foregoing.

SECTION 207. General Land Use Authority.

A. Goals and Objectives. The City of Carson while taking advantage of its location and economic opportunities, as described in Section 206 of this Charter, prides itself in providing exceptional services to the residents and business community it serves. It is the goal of the City to be a balanced community, providing employment opportunities, retail services, recreational activities, and quality neighborhoods, and to serve the needs of those who reside, work and recreate in the City. All industrial, commercial, and residential development shall be undertaken with a high degree of social and environmental quality and justice. In promoting balance and livability, it is the goal of the City that residents be able to reside, work, purchase goods and services, attend school, recreate, and otherwise enjoy the civil society, natural environment and other amenities of Carson.

B. Land Use Powers. Except as otherwise provided by ordinance of the city council, the City shall have the full power to enact regulatory land use measures, including but not limited to the following:

- (1) Creation of a general plan for the long-term growth and orderly development of the City consistent with the foregoing policies.
- (2) Creation of zoning ordinances with specific land use regulations which will carry out the City’s land use policies.
- (3) Enact specific plans, overlay control districts or other similar matters for the regulation and development of land.
- (4) Provide adequate enforcement mechanisms to abate public nuisances which depreciate nearby property values.

- (5) Make determinations pursuant to the California Environmental Quality Act to protect the quality of the environment.
- (6) Approve the subdivision or re-subdivision of property.
- (7) Establish a site design and review process for development applications to assure high development quality and compatibility with adjacent uses.
- (8) Establish procedures to approve conditional uses, variances and other land use entitlements.
- (9) Establish regulations which are sensitive to the industrial history of the City and allow the City to remediate, redevelop, and address such uses for the benefit of public health and general welfare, and to increase property values throughout the City. The City may adopt and amend from time to time its comprehensive oil and gas code, that provides for the reasonable regulation of oil and gas facilities, operations, removal of oil field facilities and redevelopment of oil and gas sites.
- (10) Establish procedures for preserving and protecting mobilehome parks through specific plans, special zoning or overlay districts, or other regulations, as an essential component of the City's affordable housing stock. In determining reasonable measures to mitigate the adverse impacts of mobilehome park closures or conversion to other uses, the City shall consider the results of a survey of the park residents' support for the closure or conversion. With respect to closure or conversion to subdivided resident ownership, the City shall also consider the results of a survey of the park residents' support and may disapprove the closure or conversion if the results of the survey do not demonstrate the support of at least a majority of the park's homeowners.
- (11) Establish procedures that encourage the development of affordable housing sufficient to meet community needs and improve housing quality standards through zoning regulations, and authorize the Housing Authority to develop varied housing assistance programs to address housing affordability issues including preserving mobilehome parks.

- (12) Establish measures to mitigate for the impacts of development on adjacent property and the City generally through land use regulations, requirements that the developer provide appropriate infrastructure improvements, imposition of impact mitigation fees, assessments for construction of infrastructure improvements, and similar measures.
- (13) Condition development to provide for its maintenance in a first class condition and the protection of public safety and welfare, and through recorded covenant agreements, assessments, and other measures, assure that such development is adequately maintained and pays its fair share of the costs resulting from the development. Recorded covenants may also be used to carry out the purposes of Sections 208 and 209, and similar purposes.
- (14) Provide for environmental stewardship and social justice in the development, management, and use of land through consideration of the inextricable linkages between social, economic and environmental issues, and for the incorporation of the ideals of sustainability such as accessible and affordable housing, food, services and transportation, accessible and inclusive green and public spaces, sustainable development, protection from pollution and contamination, and mitigation and adaptation to climate change.

SECTION 208. Abatement of Nonconforming Uses.

A. Purpose. Section 206 of this Charter recounts certain adverse circumstances concerning the development of the City which resulted in the establishment of uses under County zoning regulations which had adverse impacts on citizen's health and safety and on surrounding properties. Section 207 of this Charter outlines land use policies to deal with mitigating and regulating adverse land use impacts (13), maintenance of development in a good condition (14), addressing certain industrial uses (9), and effectively abating nuisances (4).

B. Nonconforming Uses. Where uses no longer conform with general plan or zoning regulations, and where such uses are having an adverse impact on health, safety and the general welfare, or negatively impact adjacent land uses, the City may by adoption of suitable general plan and zoning regulations, make such uses nonconforming, and may by ordinance provide for the abatement of such uses, in a manner similar as for franchise under Section 1002 of this Charter, with abatement terms and the opportunities for hearings, taking of evidence, and extensions based upon recovery of a reasonable return on investment.

SECTION 209. Cannabis Regulation; Retail Dispensary Ban.

The City of Carson may prohibit and regulate cannabis activities in a manner that is necessary to protect the public health, safety, and welfare. Any outdoor personal cannabis cultivation is prohibited, except as authorized by City ordinance. Any commercial cannabis operations which involve the retail sale of cannabis (dispensaries) are prohibited. The City may authorize up to four (4) commercial cannabis operation centers, that may comprise of each type of the activities permitted by state law, except cannabis dispensaries. Any change to the type of authorized commercial cannabis activities of cultivation, manufacture, testing, or distributor and/or any increase to the number of authorized centers from that currently permitted in the City as of the effective date of this Charter, may only be adopted by a majority vote of the voters in a general municipal election.

ARTICLE III – CITY COUNCIL

SECTION 300. Powers Vested in the City Council.

All powers of the City shall be vested in the city council except as otherwise provided in this Charter. Any authority not delegated by this Charter or ordinances of the City is retained by the city council.

SECTION 301. Elective Officers; Indemnification.

The elective officers of the City shall consist of four city council members, one directly elected mayor, a city clerk, and a city treasurer. The members of the city council and the mayor shall be elected by the voters from the City at large at the time and in the manner provided in this Charter. All elective officers shall serve for a term of four years and until their respective successors are elected and qualified. The elective officers in office at the time this Charter takes effect shall continue in office until the termination of their current terms and succeeding terms shall be likewise for four (4) years. The term of each elective officer shall commence no later than five days from the certification of the election results by the city council. Elective officers and employees shall have the same indemnification rights as specified under California State law only.

SECTION 302. Mayor; Mayor Pro Tempore.

The mayor shall serve as a member of the city council for all purposes and shall only have the rights, powers and duties of a member of the city council, unless otherwise provided for in this Charter or by ordinance. Unless otherwise expressly provided to the contrary, any provision in this Charter which relates to the city council or to members of the city council shall be interpreted to include the mayor as a member of the city council.

B. Powers. The mayor shall be the head of the City for all ceremonial purposes. The mayor shall be the presiding officer during meetings with the power to determine

procedural order, and shall serve as the primary, but not exclusive, spokesperson of the City. The mayor shall assure that city council meetings are conducted in an orderly and fair manner in accordance with law and relying on the city attorney as parliamentarian. The mayor shall sign written contracts and conveyances made or entered into by the City. The mayor shall not have special voting rights or veto power over any actions of the city council. SECTION 913. Independent Audit.

A. Audit Report. The city council shall employ, at the beginning of each fiscal year, a qualified certified public accountant who shall, at such time or times as may be specified by the city council, and at such other times as the accountant shall determine, examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds and of all such other officers, employees or departments as the city council may direct. No later than one hundred and eighty (180) days after the end of the fiscal year, a final audit and a report shall be submitted by such accountant to the city council. If a final audit and report is not submitted, such accountant shall provide, no later than one hundred and eighty (180) days after the end of the fiscal year, notice to the city manager and finance director describing the delays and expected time for future submission. The final audit and report shall be submitted, one copy thereof to be distributed to each member of the city council, one to the city manager, finance director and city treasurer and city attorney, respectively, and sufficient additional copies of the audit shall be placed on file in the office of the city clerk where they shall be available for the general public, and a copy of the financial statement as of the close of the fiscal year shall be available on the City's official website and at Designated Locations pursuant to Section 308 of this Charter. The city clerk may also use other technological means available to disseminate information to the public.

B. Management Letter. In addition to the annual audit report, the auditor shall submit a management letter to the city manager and finance director that identifies suggested improvements in internal controls and other financial procedures that the auditor identified during the audit. The finance director will prepare a written response stating actions taken or proposed that will remedy the problems. The management letter and the finance director's response shall be presented to the city council with the annual

audit report. The auditor shall present and briefly explain the audit report results at a regular or adjourned regular meeting of the city council.

SECTION 914. Purchasing Ordinance.

The city council may, by ordinance, establish procedures for the procurement of supplies, services, construction of public works, on-call contracts, and the like. Such ordinance may provide requirements and procedures for competitive bidding, and award to the lowest responsive and responsible bidder except that no competitive bidding shall be required for sole source contracts, contracts for professional services, design build contracts, or contracts undertaken in response to emergency situations or other special exceptions authorized by ordinance of the city council. Formal bids need not be obtained for services such as professional services, where factors other than price are paramount, and informal bids may be obtained from at least three (3) individuals or firms, and a report shall be prepared documenting the process used and the reasons for selecting the provider. Such ordinance may also establish standards or qualifications for alternative bidding such as (i) screening of contractors or providers of goods and services by a prequalification process, or competitive registration based upon demonstrated competence and experience with similar projects in planning, design, development, finance, construction, maintenance, improvement, repair and operational characteristics; (ii) on-call contracts, where after a bid process is completed, contractors can be on standby to carry out emergency maintenance, repair work and public improvements as the need occurs; (iii) piggyback bidding, where a qualifying bid process with a public agency within the prior 12 months results in a winning bidder who will extend the same pricing to the City, (iv) design-build for major public works projects budgeted over five million dollars (\$5,000,000) where due to the project complexity the City chooses to have general contractor design and build the project for a fixed cost, but the contractor must be selected through a process similar to the foregoing; and (v) similar exceptional circumstances where the city council by ordinance establishes appropriate controls similar to the foregoing. Appropriate contract controls shall be

prescribed by the city council in the purchasing ordinance. The purchasing ordinance shall also establish criteria for insurance, bonding, liability, transferability, change orders, liquidated damages, terms, enforcement and other factors.

SECTION 915. Outsourcing.

The City may enter into a contract for any services which can be performed in a superior and cost-effective manner by such contractor, unless limited by the Constitution of the State of California. The City shall periodically review its existing operations and services to consider whether said operations and/or services may be performed as or more efficiently and effectively by a third party. Any contract entered into, pursuant to this provision, shall be approved by the city council.

Notwithstanding this section, in order to promote the efficient administration and completion of City construction projects, the City shall make all best efforts to negotiate a City-wide project labor agreement with the Los Angeles/Orange County Building and Construction Trades Council to cover all City construction projects where the cost to the City is five hundred thousand dollars (\$500,000) or more. The project labor agreement shall, in addition to complying with Public Contract Codes Section 2500 et seq.:

- (1) bind all City contractors and subcontractors on the construction project through the inclusion of specifications in all relevant solicitation provisions and contract documents;
- (2) not allow contractors and subcontractors to compete for or perform City contracts and subcontracts without otherwise assenting to the project labor agreement for covered projects;
- (3) contain guarantees against strikes, lockouts, and similar job disruptions;
- (4) provide for a preference in the hiring of a local work force;

- (5) set forth effective, prompt, and mutually binding procedures for resolving labor disputes arising during the term of the project labor agreement;
- (6) provide other mechanisms for labor-management cooperation on matters of mutual interest and concern, including productivity, quality of work, safety, and health; and
- (7) ensure compliance with applicable State, Federal, and local laws and regulations governing safety and health, equal employment opportunity, local labor preferences, labor and employment standards, and other matters.

The provisions of California Labor Code Section 1770 et. seq. regarding the payment of prevailing wages on public works and related regulations, as now existing and as may be amended, are accepted and made applicable to the City, its departments, boards, officers, agents and employees.

SECTION 916. Local Preference.

Except for those contracts funded through programs or partners, including but not limited to federal or state agencies, which prohibit the use of a local preference, Carson businesses may be provided a local preference for all contracts for materials, supplies, equipment, services, or public projects, only after a finding by the city council that the local preference is being applied in a manner that is consistent with applicable laws, including but not limited to, State and federal law. The preference may be 5% on contracts up to one million dollars (\$1,000,000). The city council may establish and/or modify the local preference by ordinance detailing the procedures and requirements for awarding local preference to local businesses.

SECTION 917. Gift of Public Funds.

The City may not give or lend any public money, things of value, or any other form of public funds, through the making of a gift, the pledging of credit, the payment of liabilities or similar action, to any person or entity, public or private, in any manner except as follows:

- (1) The City may provide financial assistance for economic development purposes in accordance with the procedures set forth in Section 206 of this Charter.
- (2) The City may by resolution of the city council give or lend public funds for expenditures or disbursements for the benefit of schools within the territory of the City.
- (3) The city council may by ordinance adopt procedures to authorize public funding for other public or charitable organizations.
- (4) Any gift of public funds set forth in subsections (2) and (3) above, shall only be provided if (i) the City is, at the time of approval, operating on a balanced budget, and (ii) approved by a two-thirds vote of the city council.

ARTICLE X – FRANCHISES

SECTION 1000. Granting of Franchises.

Any person, firm or corporation furnishing the City or its inhabitants with transportation, communication, terminal facilities, disposal, sanitation, waste, remediation, water, light, heat, electricity, gas, power, television, refrigeration, storage or any other public or semi-public utility or service; or using the public streets, ways, alleys or for the operation of plant works or equipment for the furnishing thereof, for providing storage, or traversing any portion of the City for the transmitting or conveying of any such service elsewhere, may be required by ordinance to have a valid and existing franchise therefor. The City may use existing state statutes for the granting of specified

franchises, or may by ordinance establish an appropriate general or specific process for granting franchises, and conditioning such franchises in a manner which best protects the health, safety and welfare, but shall not interfere with property rights protected by the State Constitution. The city council is empowered to grant such franchise to any person, firm or corporation, whether operating under an existing franchise or not, and to prescribe the terms and conditions of any such grant to protect public health and safety, minimize environmental impacts, mitigate impacts on property, including surrounding property, prevent interference with City operations, and assure cost recovery. The City may provide, by ordinance, the method or process and additional terms and conditions of any such grant or the making thereof, all subject to the provisions of this Charter.

SECTION 1001. Resolution of Intention; Notice and Public Hearing.

A. Resolution of Intent. Unless otherwise provided by ordinance of the city council, before granting any franchise, the city council shall pass a resolution declaring its intention to grant the same, stating the name of the proposed grantee, the character of the franchise and the terms and conditions upon which it is proposed to be granted. Such resolution shall fix and set forth the day, hour and place when and where any persons having any interest therein or any objection to the granting thereof may appear before the city council and be heard thereon. It shall direct the city clerk to publish said resolution at least once, within fifteen days of the passage thereof, in a newspaper of general circulation in the City, posted on the City's official website and at other location(s) as the city clerk may designate using the most modern means available to disseminate information to the public. Said notice shall be published at least ten days prior to the date of hearing.

B. Hearing; Granting. At the time set for the hearing the city council shall proceed to hear and pass upon all protests and its decision thereon shall be final and conclusive. Thereafter it may by ordinance grant the franchise on the terms and conditions specified in the resolution of intention to grant the same, subject to the right of referendum of the people, or it may deny the same. If the city council shall determine that changes should

be made in the terms and conditions upon which the franchise is proposed to be granted, a new resolution of intention shall be adopted and like proceedings had thereon. In connection with granting any franchise, city council may set and collect any franchise fee it deems reasonable, so long as such fee is not arbitrary or confiscatory.

SECTION 1002. Term of Franchise.

Every franchise shall state the term for which it is granted, which shall not exceed ten years with a maximum of two opportunities to extend the franchise for an additional five years each. Any extensions shall be subject to the approval of a majority of the members of the city council. Any franchise agreement entered into by the City and effective on the effective date of this Charter, whose term extends beyond twenty years after the effective date of this Charter, shall continue in effect for a period of up to fifteen years beyond the effective date of the Charter, and no further, provided that any franchisee whose franchise is in effect on the effective date of this Chapter may seek an extension of the franchise from city council beyond the fifteen year limit. The city council may grant a longer term on a case by case basis if it finds the ten year limit would impair the franchisee's ability to realize a reasonable return on investment of funds invested from the time invested and prior to the effective date of this Charter, in reliance on the franchise. The reasonable return on investment, per Section 1004 of this Charter, shall only value the fixed assets themselves and not the value of the franchise. In making such claims, it shall be the obligation of the franchise to produce internal records to demonstrate the value of the investment and the return thereon. The city council may promulgate rules and regulations for the making and consideration of applications for such longer term franchises.

SECTION 1003. Purposes of Article; Inapplicable to City.

A. Purpose. Section 206 of this Charter recounted certain adverse circumstances concerning the development of the City. This included, in some circumstances,

approving certain long term uses, including franchises, which have adverse health and safety impacts on citizens and properties, and for the purposes of this Article include, consistent with due process, being able to terminate franchises and adopt appropriate regulations concerning such uses.

B. Not Applicable to City. No franchise requirement of the City shall apply to the City, nor any subdivision, department, or division thereof.

SECTION 1004. Eminent Domain.

No franchise grant shall in any way, or to any extent, impair or affect the right of the City to acquire the property of the grantee thereof either by purchase or through the exercise of the right of eminent domain, and nothing therein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the City's right of eminent domain with respect to any public or private utility. In such a proceeding, no value shall be assigned to the franchise rights themselves, but only to any fixtures or equipment, or other interests arising out of the exercise of the franchise rights, as may be compensable under the general laws of the State of California.
