IV. BACKGROUND

The Los Angeles Regional Water Quality Control Board (Regional Board) is currently working with the consultant (PCR) to prepare the draft Environmental Impact Report (EIR). Technical consultation meetings have been held every Tuesday between the Regional Board, Shell Oil Company (Shell) and PCR. The Regional Board is anticipating having the draft EIR available for public review and comment by the summer of 2014.

On May 23, 2014, the Regional Board met with Shell, as part of the ongoing work on the Remedial Action Plan (RAP), and discussed the deficiencies and revisions of the RAP.

After the issuance of the Notice of Violation (NOV) by the Regional Board, Shell requested a meeting with the Regional Board. The Regional Board is reviewing Shell's request but has not set a date to discuss the NOV with Shell.
