Subject: AB 52 Project Notification and Request to Consult Letter for the Proposed 21611 Perry Street, Carson, California

Dear Chairperson Goad:

Pursuant to California Assembly Bill 52 the City of Carson (City) is providing you with notification of the 21611 Perry Street Self Storage Project (Project). Under California State law, the Project is subject to the California Environmental Quality Act (CEQA) and the City is required to prepare an Initial Study/Mitigated Negative Declaration (IS/MND) to assess impacts for the construction and operation of the Project. The Project Site is comprised of a 2.80-acre (121,968 square foot) lot located at 21611 South Perry Street in the City of Carson. The Project Site is bordered by East Carson Street to the south, South Perry Street to the east, residential uses directly adjacent to and north of the Project Site, and the Dominguez Flood Control Channel, which is located to the west of the Project Site between the Project Site and Interstate 405. The Project Site is currently a vacant and undeveloped lot.

The Project proposes the development of a self-storage facility with three buildings totaling approximately 118,928 square feet. The self-storage facility would be comprised of a mix of one- and two-story buildings with a maximum height of approximately 25 feet to parapet and 31 feet to peak of roof elements. The self-storage facility would include a 1,641 square foot lobby, a 1,550 square foot retail use (likely a cafe), and a 1,575 square foot retail use (likely a mail service store such as a UPS or FedEx). In total, the lobby and retail uses would comprise 4,766 square feet. The Project would provide 41 parking spaces that would be accessed from one driveway providing ingress/egress off South Perry Street. The Project would provide approximately 23,000 square feet of landscaping, which would be predominately provided along the Project Site's northern edge as a way to shield the residential uses directly adjacent to and north of the Project Site.

The Project must comply with California Public Resources Code Section 21080.3.1 (Assembly Bill [AB] 52 of 2014), which requires local governments to conduct meaningful consultation with California Native American tribes that have requested to be notified by lead agencies of proposed projects in the geographic area with which the tribe is traditionally and culturally affiliated.

The input of your tribe is important to the City's planning process. We respectfully request a written response within 30 days from receipt of this letter if you wish to consult on the Project. Please provide your contact information and mail your request to Ms. Stefanie Edmondson, Senior Planner,

Community Development Department, City of Carson, 701 E. Carson Street, Carson, CA 90745,

Re: Native American Consultation, Pursuant to Senate Bill 18, Government Code §65352.3 and §65352.4, 21611 Perry Street Self Storage Project, Los Angeles County

Dear Ms. Edmondson:

Attached is a consultation list of tribes with traditional lands or cultural places located within the boundaries of the above referenced counties.

Government Code § 65352.3 and § 65352.4 require local governments to consult with California Native American tribes identified by the Native American Heritage Commission (NAHC) for the purpose of avoiding, protecting, and/or mitigating impacts to cultural places when creating or amending General Plans, Specific Plans and Community Plans.

The law does not preclude initiating consultation with the tribes that are culturally and traditionally affiliated within your jurisdiction. The NAHC believes that this is the best practice to ensure that tribes are consulted commensurate with the intent of the law.

The NAHC also believes that agencies should also include with their notification letters, information regarding any cultural resources assessment that has been completed on the area of potential effect (APE), such as:

1. The results of any record search that may have been conducted at an Information Center of the California Historical Resources Information System (CHRIS), including, but not limited to:
 - A listing of any and all known cultural resources that have already been recorded or are adjacent to the APE, such as known archaeological sites;
 - Copies of any and all cultural resource records and study reports that may have been provided by the Information Center as part of the records search response;
 - Whether the records search indicates a low, moderate or high probability that unrecorded cultural resources are located in the APE; and
 - If a survey is recommended by the Information Center to determine whether previously unrecorded cultural resources are present.
2. The results of any archaeological inventory survey that was conducted, including:
 - Any report that may contain site forms, site significance, and suggested mitigation measures.

Lead agencies should be aware that records maintained by the NAHC and CHRIS are not exhaustive. A tribe may be the only source of information regarding the existence of a tribal cultural resource.

This information will aid tribes in determining whether to request formal consultation. In the event, that they do, having the information beforehand will help to facilitate the consultation process.

If you receive notification of change of addresses and phone numbers from tribes, please notify the NAHC. With your assistance, we are able to assure that our consultation list remains current.

Re: 21611 Perry Street Self Storage Project in the City of Carson –
Notification per Senate Bill 18 (SB 18)

Dear Andrew Salas:

The City of Carson has initiated the preparation of an Initial Study pursuant to California Environmental Quality Act (CEQA) for the 21611 Perry Street Self Storage Project in the City of Carson, Los Angeles County (see enclosed map of the project site).

The Project Site is comprised of a 2.80-acre (121,968 square foot) lot located at 21611 South Perry Street in the City of Carson. The Project Site is bordered by East Carson Street to the south, South Perry Street to the east, residential uses directly adjacent to and north of the Project Site, and the Dominguez Flood Control Channel, which is located to the west of the Project Site between the Project Site and Interstate 405. The Project Site is currently a vacant and undeveloped lot.

The Project proposes the development of a self-storage facility with three buildings totaling approximately 118,928 square feet. The self-storage facility would be comprised of a mix of one- and two-story buildings with a maximum height of approximately 25 feet to parapet and 31 feet to peak of roof elements. The self-storage facility would include a 1,641 square foot lobby, a 1,550 square foot retail use (likely a cafe), and a 1,575 square foot retail use (likely a mail service store such as a UPS or FedEx). In total, the lobby and retail uses would comprise 4,766 square feet. The Project would provide 41 parking spaces that would be accessed from one driveway providing ingress/egress off South Perry Street. The Project would provide approximately 23,000 square feet of landscaping, which would be predominately provided along the Project Site's northern edge to shield the residential uses directly adjacent to and north of the Project Site.

This project will require a General Plan Amendment, Zone Change, Site Plan and Design Review, a Specific Plan, and a Development Agreement.

As part of the City's responsibilities pursuant to Senate Bill 18 and Government Code 65352.3, local Native American tribes must be notified of any General Plan Amendment for the purpose of offering a consultation to protect any cultural resources that may exist in the planning area. Your tribe is on the Native American Heritage Commission (NAHC)'s list of tribes to be notified for Los Angeles County.

Your tribal group is invited to contact the City of Carson and participate in SB 18 consultation with the City regarding the proposed project. If your tribal group wishes to consult with the City about any cultural resources located in the project area, please contact me within the next 90 days. Apart from a cultural resource consultation, please also contact me if you would like to be notified of public hearings for the proposed project.

Please provide your contact information and email or mail your request to Stefanie Edmondson, Senior Planner, Community Development Department, City of Carson, 701 E. Carson Street, Carson, CA 90745, sedmondson@carsonca.gov or (310) 952-1761 Ext. 1322.

Thank you for your assistance with our efforts to address tribal cultural resources that may be affected by the Project.

Sincerely,

Stefanie Edmondson

Re: 21611 Perry Street Self Storage Project in the City of Carson

Dear Andrew Salas:

Pursuant to the provisions of Assembly Bill 52 (AB 52) and PRC § 21080.3.1 (b), as the lead agency under the California Environmental Quality Act (CEQA), the City of Carson (City) formally requested to consult on the Project on October 28, 2021. The tribe responded on November 10, 2021 that you wished to consult.

Thank you for consulting on this project. In conversations with the City on February 1st and March 16th we discussed proposed mitigation measures re: Kizh Nation Cultural Resources and via email on March 25th you agreed with the mitigation measures forwarded on March 22nd (see attachment). This letter is to notify the Gabrieleno Band of Mission Indians – Kizh Nation that the City is formally closing the period of consultation on March 30th prior to the release of the Draft Mitigated Negative Declaration (MND)

We look forward to continuing to build upon our relationship with the Gabrieleno Band of Mission Indians – Kizh Nation. The Gabrieleno Band of Mission Indians – Kizh Nation will receive a Notice of Availability of the Draft MND in the mail notifying you of the public review and comment period, public meeting, and reviewing locations.

Sincerely,

Stefanie Edmondson
