Report to Mayor and City Council

August 2, 2011
Special Orders of the Day

SUBJECT: PUBLIC HEARING TO CONSIDER RESOLUTION NO. 11-099, FINDING THE CITY OF CARSON TO BE IN CONFORMANCE WITH THE CONGESTION MANAGEMENT PROGRAM AND ADOPTING THE CONGESTION MANAGEMENT PROGRAM LOCAL DEVELOPMENT REPORT

Submitted by M. Victor Rollinger
Development Services General Manager

Approved by Clifford W. Graves
Interim City Manager

I. SUMMARY

The 2010 Congestion Management Program (CMP) adopted by the Metropolitan Transportation Authority (Metro) requires local jurisdictions to hold a noticed public hearing (Exhibit No. 1) and adopt a resolution self-certifying their conformance with the CMP Local Development Report (Exhibit No. 2).

II. RECOMMENDATION

TAKE the following actions:

1. OPEN the Public Hearing, TAKE public testimony, and CLOSE the Public Hearing.
2. WAIVE further reading and ADOPT Resolution No. 11-099, "A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA, FINDING THE CITY OF CARSON TO BE IN CONFORMANCE WITH THE CONGESTION MANAGEMENT PROGRAM AND ADOPTING THE CONGESTION MANAGEMENT PROGRAM LOCAL DEVELOPMENT REPORT, IN ACCORDANCE WITH THE CALIFORNIA GOVERNMENT CODE SECTION 65089."

III. ALTERNATIVES

DENY the recommendations. However, if the City Council does not adopt the resolution, a portion of the city's annual Gas Tax funds could be at risk and funding that is obtained through the Metro for transportation projects could be jeopardized.

IV. BACKGROUND

The CMP for Los Angeles County, which is administered by the Los Angeles County Metropolitan Transportation Authority (LACMTA), is a countywide program that is intended to address the impact of local growth on the regional transportation system. One of the primary objectives of the program is to link

local land use decisions with their impacts on transportation and air quality in an effort to reduce traffic congestion. The CMP program became effective in 1990 with the passage of Proposition 111.

To comply with the CMP program, local jurisdictions have various requirements, including the annual monitoring of building permits for new development activity and the annual adoption of a resolution to declare conformance with the CMP and certify the local development report. The annual report previously included a requirement to list all of the development projects, which were treated as debits, then to list all applicable transportation improvements, which were treated as credits. The goal for each jurisdiction was to maintain a positive balance of debits and credits. This requirement to tally the debits and credits, however, is no longer applicable, as the listing of transportation improvements is no longer required.

With regard to the 2011 implementation of the CMP requirements, the city has met all local CMP responsibilities and has taken the following actions for compliance:

1. On March 2, 1993, the city adopted, and continues to implement, a Land Use Analysis Program consistent with the minimum requirements identified in the CMP Land Use Analysis Program Chapter.
2. On March 16, 1993, the city adopted, and continues to implement, a transportation demand management ordinance consistent with the minimum requirements identified in the CMP Transportation Demand Management Chapter.
3. The city has prepared the attached 2011 CMP Local Development Report, which is consistent with the requirements identified in the CMP.

The LACMTA must annually determine if local jurisdictions are in conformance with the CMP. LACMTA staff will review the self-certification findings and present recommendations for conformance determinations to the LACMTA Board. Jurisdictions are required to conform to local CMP requirements in order to receive their portion of state Gas Tax revenue allocated by Section 2105 of the California Streets and Highways Code. In addition, compliance with the CMP is necessary to preserve the city's eligibility for state and federal funding for transportation projects.

V. FISCAL IMPACT

Should the LACMTA Board make a finding that the city is not in conformance with the CMP, the city risks the loss of a portion or possibly all of its Gas Tax funds (Section 2105); i.e., approximately \$530,000.00 annually would be at risk.

RESOLUTION NO. 11-099

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA, FINDING THE CITY OF CARSON TO BE IN CONFORMANCE WITH THE CONGESTION MANAGEMENT PROGRAM AND ADOPTING THE CONGESTION MANAGEMENT PROGRAM LOCAL DEVELOPMENT REPORT, IN ACCORDANCE WITH THE CALIFORNIA GOVERNMENT CODE SECTION 65089

WHEREAS, CMP statute requires the Los Angeles County Metropolitan Transportation Authority (LACMTA), acting as the Congestion Management Agency for Los Angeles County, to annually determine that the county and cities within the county are conforming to all CMP requirements; and

WHEREAS, LACMTA requires submittal of the CMP Local Development Report by September 1 of each year; and

WHEREAS, the City Council held a noticed public hearing on August 2, 2011.

NOW, THEREFORE, be it determined by the City Council of the City of Carson, California, that:

Section 1. That the City of Carson has taken all of the following actions, and that the City of Carson is in conformance with all applicable requirements of the 2010 CMP adopted by the LACMTA Board on October 28, 2010.

The city has locally adopted, and continues to implement, a transportation demand management ordinance, consistent with the minimum requirements identified in the CMP Transportation Demand Management chapter.

The city has locally adopted, and continues to implement, a land use analysis program, consistent with the minimum requirements identified in the CMP Land Use Analysis Program chapter.

The city has adopted a Local Development Report, attached hereto and made a part thereof, consistent with the requirements identified in the 2010 CMP. This report balances traffic congestion impacts due to growth within the city with transportation improvements, and demonstrates that the city is meeting its responsibilities under the Countywide Deficiency Plan consistent with the LACMTA Board adopted 2003 Short Range Transportation Plan.

Section 2. That the City Clerk shall certify to the adoption of this resolution and shall forward a copy of this resolution to the Los Angeles County Metropolitan Transportation Authority.

Exempted Development Definitions:

1. Low/Very Low Income Housing: As defined by the California Department of Housing and Community Development as follows:
 - Low-Income: equal to or less than 80% of the County median income, with adjustments for family size.
 - Very Low-Income: equal to or less than 50% of the County median income, with adjustments for family size.
2. High Density Residential Near Rail Stations: Development located within 1/4 mile of a fixed rail passenger station and that is equal to or greater than 120 percent of the maximum residential density allowed under the local general plan and zoning ordinance. A project providing a minimum of 75 dwelling units per acre is automatically considered high density.
3. Mixed Uses Near Rail Stations: Mixed-use development located within 1/4 mile of a fixed rail passenger station, if more than half of the land area, or floor area, of the mixed use development is used for high density residential housing.
4. Development Agreements: Projects that entered into a development agreement (as specified under Section 65864 of the California Government Code) with a local jurisdiction prior to July 10, 1989.
5. Reconstruction or replacement of any residential or non-residential structure which is damaged or destroyed, to the extent of > or = to 50% of its reasonable value, by fire, flood, earthquake or other similar calamity.
6. Any project of a federal, state or county agency that is exempt from local jurisdiction zoning regulations and where the local jurisdiction is precluded from exercising any approval/disapproval authority. These locally precluded projects do not have to be reported in the LDR.
