I. SUMMARY

On October 9, 2012, at a noticed Public Hearing, the Planning Commission considered and recommended approval of Development Agreement (DA) No. 5-11 (Exhibit Nos. 1, 2, and 3) between the City of Carson and Clear Channel Outdoor (CCO) to remove an existing double-sided static outdoor advertising sign (billboard) and replace it with an 80-foot high digital outdoor advertising sign and to relocate an existing double-sided static outdoor advertising sign within the property located along north side of 223rd Street and west of Alameda Street (Exhibit No. 4).

II. RECOMMENDATION

IV. BACKGROUND

Staff has been concurrently processing the development agreements for CBS Outdoor (CBSO) and CCO. Bulletin Displays is the only other company to obtain a development agreement for a digital outdoor advertising sign. References to the three DAs will be made throughout the staff report.

The proposed digital outdoor advertising sign by CCO, located at the I-405 southbound and Alameda Street, is 80 feet high and has two sign faces each measuring 48 feet by 14 feet (Exhibit No. 4). The proposed digital outdoor advertising sign board is essentially the same size and height as the existing static billboard displays it will replace. In fact, all freeway-oriented billboards have consistent maximum height and size as these standards are strictly regulated by Caltrans.

CCO also proposes to relocate an existing static billboard located on the adjoining property located at 223rd Street approximately 340 feet to the west to provide increased separation between the billboards as required by Caltrans. This property is currently owned by the Successor Agency. The property was purchased by the Carson Redevelopment Agency from Watson Land Company. The rights to the static billboard were not purchased and Watson Land Company retained an easement to maintain a billboard on the subject property. CCO will obtain any necessary agreement or approval from Watson Land Company to allow for the relocation of the static billboard. The relocation to the western side of the property is beneficial since the development potential of the property will be enhanced.

The CBSO digital billboard is located along Alameda Street and the northbound I-405 Freeway and the CCO digital billboard is located along Alameda Street and the southbound I-405 Freeway. The two static billboards are the first billboards visible in Carson while entering from Long Beach traveling northbound on the I-405 freeway.

Analysis*What is a Development Agreement?*

State law allows cities to enter into DAs with private parties. The DA is a legal, binding contract between a city and any person or entity having a legal or equitable interest in a property. The agreement must clearly outline conditions, terms, restrictions and requirements. Once a DA is approved by the City Council, the rules of development for that property cannot change even if the zoning code or other development codes are changed.

Deal Points

The most important parts of DAs are the financial and non-financial deal points that are agreed upon between the City and the applicant. There are no established rules or policies when negotiating these deal points as each proposal is unique and should be considered on its own merits. This DA includes four basic deal points including the term or length of the DA, the fees the developer has to pay to the City, community wide

benefits, and urban design enhancements. The following provides a brief discussion of each of these deal points:

Term

The term of the CCO DA is for 20 years which is the same term used for Bulletin Displays and CBSO. The term dictates the length of time that Carson and CCO are obligated to the deal points in the agreement. Both parties can agree to extend the term of this agreement or negotiate a new agreement after its expiration (Exhibit No. 4).

Fees

CCO is obligated to pay a base development fee as follows:

Year 1:	\$50,000.00
Year 2:	\$60,000.00
Year 3:	\$80,000.00
Year 4:	\$100,000.00
Year 5:	\$100,000.00
Years 6-20:	\$100,000.00 plus 2.25%/year increase

CCO total payment for 20 years: \$2,233,302.00

Comparatively, the following summarizes the fees approved for Bulletin Displays and the proposed fees for the CBSO:

Bulletin Displays

Total for 20 years: \$500,000.00 guaranteed and projected to be approximately \$2,000,000.00 total based on revenue projections discussed with Bulletin Displays.

CBSO

Total for 20 years: Minimum \$1,375,666.00 and projected to be approximately \$3,128,134.00 with the payment of the Alternative Fee based upon a percentage of actual revenue to CBSO.

The CCO DA provides a fixed annual payment to the City; however, the CBSO and Bulletin Display DAs do not provide a specific guaranteed amount.

Community Benefits

All three DAs have somewhat similar language regarding community DA, for displays aimed at promoting the City, facilities and/or programs, for charitable or civic advertising and determined by CCO on a space-availability basis and subject to CCO's standard policies and procedures. However, CBSO only provides free advertisement for the City on their static billboards.

V. FISCAL IMPACT

The proposed project will generate \$2,233,302.00 over the 20-year term of the DA.

I. Introduction

The applicant, Clear Channel Outdoor, Inc. (CCO), is proposing to enter into a Development Agreement (DA) with the City of Carson to remove an existing double-sided static outdoor advertising sign (billboard) and replace it with a 80-foot-high digital outdoor advertising sign (digital billboard) located along the southbound I-405 Freeway at Alameda Street (APN 7315-012-817). CCO also proposes to relocate another existing billboard located on the adjoining property approximately 340 feet to the west to provide increased separation between the billboards and provide improved opportunity for future development of the property.

II. Background

On November 4, 2009, the City Council approved Resolution No. 09-1434 amending Section 9141.1 and Section 9146.7 of the Carson Municipal Code establishing a 405 Freeway Corridor District for digital billboards and permitting them through approval of a DA.

On March 16, 2010, the City Council approved a DA with Bulletin Displays, LLC to permit the construction of the first digital billboard in Carson at 19401 South Main Street adjacent to the north side of the I-405 Freeway. Staff has been concurrently processing the DAs for CBS and Clear Channel Outdoor (CCO). Therefore references to the three agreements will be made throughout the staff report.

The proposed billboard, located at I-405 southbound at Alameda, is 80 feet high and has two sign faces each measuring 48 feet by 14 feet (672 square feet per sign). The proposed billboard is essentially the same size and height as the existing static displays it will replace. In fact, all freeway oriented billboards have consistent height and size as these standards are strictly regulated by Caltrans.

The CBS billboard is located at Alameda along I-405 northbound and the CCO billboard is located at Alameda along I-405 southbound. The two billboards are the first billboards in Carson as traveling northbound I-405 making these billboards prominent and visible.

Analysis

What is a Development Agreement?

State Law allows cities to enter into DAs with private parties. The DA is a legal, binding contract between a city and any person or entity having a legal or equitable interest in a property. The agreement must clearly outline conditions, terms, restrictions and requirements. Once a DA is approved by the City Council, the rules of development for that property cannot change even if the zoning code or other development codes are changed.

Deal Points

The most important parts of DAs are the financial and non-financial deal points that are agreed upon between the city and the applicant. There are no established rules or policies when negotiating these deal points as each proposal is unique and should

be judged on its own merits. This DA includes four basic deal points including the term or length of the Agreement, the fees the developer has to pay to the city, community wide benefits, and urban design enhancements. The following provides a brief discussion of each of these deal points:

Term

The term of the Agreement is for 20 years which is same as Bulletin Displays and CBS. The term dictates the length of time that both parties are obligated to the deal points in the agreement. Both parties can agree to extend the term of this agreement or negotiate a new agreement after its expiration.

Fees

CCO pays a flat fee as follows:

Year 1: \$50,000

Year 2: \$60,000

Year 3: \$80,000

Year 4: \$100,000

Year 5: \$100,000

Years 6-20: \$100,000 plus 2.25%/year increase

CCO total for 20 years: \$2,233,302.00

Comparatively the following summarizes the fees approved for Bulletin Displays and the proposed fees for the CBS:

CBS

CBS is obligated to pay the city at least the Development Fee annually for the duration of the term of the agreement. However, they have to pay the larger of following two fees for each year:

- Development Fee: \$60,000 per year with a 3% increase every other year, or
- Alternative Fee: 6% of the gross advertising revenue per year

CBS total for 20 years: Minimum \$1,375,666.00 and projected to be (approximately \$2,000,000 with the payment of the Alternative Fee)

Bulletin Displays

Similar to CBS, Bulletin Displays pays a two tiered system:

- Annual Development Fee: \$100,000 for the first year and \$50,000/year for years 2 through 9; or
- Percentage Fee: Developer owes the greater of the Annual Development Fee or 25% of gross advertising revenue (excluding land lease, advertising

Undergrounding Utilities

Initially the overhead utilities lines will be realigned to the perimeter of the site. However, once a development is proposed for the site owned by the Successor Agency, the utilities will be placed underground so the overhead lines do not detract from the aesthetics of the development.

Moving Watson Land Billboard

CCO proposes to relocate an existing billboard located on the adjoining property approximately 340 feet to the west to provide increased separation between the billboards and provide improved opportunity for future development of the property.

The proposed DAs permit the construction of the new digital billboards for the operators and their associated revenues for twenty years. Similarly, the DAs could also provide the city a steady stream of revenue. However, another benefit to the city and its residents is the potential for removal of the city oriented billboards. These are the billboards that are mainly viewed from city surface streets. The removal of city oriented billboards could be very valuable when considering that this maybe the only chance for the city to remove these billboards and improve the urban landscape of the city. Therefore, the DAs are an opportunity for the city to take actions that are in city's best interests. The Commission may choose to recommend removal of additional billboards instead of requiring payment of fees by the operators.

IV. Environmental Review

Also to be considered in conjunction with the subject matter pursuant to the California Environmental Quality Act Guidelines will be a Categorical Exemption pursuant to Section 15061 (b)(3), Urban In-fill Development Project as well as a determination pursuant to Section 15061(b)(3) since the project has no potential to cause a significant effect on the environment.

V. Recommendation

That the Planning Commission:

- **RECOMMEND APPROVAL** of Development Agreement No. 06-11 to the City Council; and
- **WAIVE** further reading and **ADOPT** Resolution No. _____, entitled, "A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF CARSON RECOMMENDING TO THE CITY COUNCIL APPROVAL OF ORDINANCE NO. 12-____: DEVELOPMENT AGREEMENT NO. 05-11 BETWEEN THE CITY OF CARSON AND CLEAR CHANNEL OUTDOOR, INC. 2. GENERAL PROVISIONS.

2.1 Binding Effect of Agreement. From and following the Effective Date, actions by the City and Developer with respect to the Development of the 405 FWY Railroad Site and Relocation of the Watson Land Billboard within the Watson Land Easement, including actions by the City on applications for Subsequent Development Approvals affecting such Sites, shall be subject to the terms and provisions of this Agreement.

2.2 Interest in Sites. City and Developer acknowledge and agree that Developer has a legal or equitable interest in the Sites and thus is qualified to enter into and be a party to this Agreement under the Development Agreement Law. Developer shall maintain its interest in the 405 FWY Railroad Site for the entire Term of this Agreement. If Developer's interest in the 405 FWY Railroad Site is prematurely terminated and Developer is not contesting such termination, then Developer shall have no further obligations or rights under this Agreement and this Agreement shall terminate, except as provided under Section 4.1. During such time period that Developer is contesting the termination of its interest for the 405 FWY Railroad Site, this Agreement shall remain in full force and effect.

2.3 No Assignment. Developer may only assign or otherwise transfer this Agreement, or its interest in the 405 FWY Railroad Site, to any other person, firm, or entity, upon presentation to the City of an assignment and assumption agreement in a form reasonably acceptable to the City Attorney and receipt of the City's written approval of such assignment or transfer by the City Manager; provided, however, that Developer may, from time to time and one or more times, assign this Agreement, or the 405-FWY Railroad Site, to one or more persons or entities without City approval, but with written notice to the City, as long as Developer either assigns this Agreement to a financial institution that finances Developer's Development of the New Digital Billboard or as long as Developer, or entities owned or controlled by it have and maintain at least a twenty percent (25%) ownership interest in such entities who are the assignees or transferees, or as long as the transfer is as a result of a sale of Developer and/or its assets, including the rights granted under this Agreement, to another publicly-traded company or an

entity having a net worth that is substantially similar to, or greater than, Developer's net worth prior to such assignment or at the time of execution of this Agreement, which net worth is subject to verification by the City; and further provided that any assignee executes an assumption agreement assuming all of Developer's duties and obligations hereunder. Any security posted by Developer may be substituted by the assignee or transferee. After a transfer or assignment as permitted by this Section, the City shall look solely to such assignee or transferee for compliance with the provisions of this Agreement which have been assigned or transferred.

2.4 Term of Agreement. Unless earlier terminated as provided in this Agreement, this Agreement shall continue in full force and effect until the earlier of (i) twenty (20) years after the date Developer receives Final Permits, as defined in Section 2.6 below, (ii) the expiration or earlier termination of Developer's leasehold interest in the 405 FWY Railroad Site per Section 6.1, or (iii) the permanent removal of the digital display constructed on the New Digital Billboard pursuant to the terms hereof. In such case, Developer shall completely remove the New Digital Billboard within the times and as provided under Section 4.1 herein. Notwithstanding the foregoing to the contrary, City and developer may agree to extend the term of this Agreement pursuant to a mutual agreement in writing upon terms acceptable to both parties. Within thirty (30) days after the expiration or termination of this Agreement, the parties shall execute a written cancellation of this Agreement which shall be recorded with the County Recorder pursuant to Section 9.1 below. Following the expiration of the term and provided no extension of this Agreement is agreed to, then the digital displays upon the New Digital Billboard shall be removed and Developer shall have the right to operate static displays thereon, as set forth under Section 4.1.

2.5 Processing Fee. Upon submission of its application for the approvals granted by this Agreement, Developer has paid to City a processing ("Processing Fee") in the amount of Seven Thousand Five Hundred Dollars (\$7,500). The City shall retain and use the Processing Fee, or any part thereof, for any public purpose within the City's discretion. The Processing Fee shall be separate from all fees which are standard and uniformly applied to similar projects in the City, including, but not limited to, business license fees (due by Developer to City annually), one time plan check fee and building permit fee and any other fees imposed by Los Angeles County, as may be applicable. Additionally, within 30 days of the City providing Developer with a final invoice of legal fees incurred by City related to the negotiation and preparation of this Agreement, Developer shall pay City any outstanding balance of such fees.

2.6 Development Fee. The potential impacts of the Development on the City and surrounding community are difficult to identify and calculate. Developer and City agree that an annual development fee paid by Developer to City would adequately mitigate all such potential impacts. The parties therefore agree that Developer shall pay an annual development fee to City equal to Fifty Thousand Dollars (\$50,000.00) for the first year of term of this Agreement, Sixty Thousand Dollars (\$60,000.00) for the second year of term, Eighty Thousand Dollars (\$80,000.00) for the third year of term, One Hundred Thousand Dollars (\$100,000.00) for the fourth year of term and thereafter increased by two and one-quarter percent (2.25%) each year ("Development Fee"), which Development Fee, for ease of reference purposes, shall equal the following amounts during the Term:

Year 1: \$50,000

Year 11 \$116,853.90

Year 2:	\$60,000	Year 12	\$119,483.11
Year 3:	\$80,000	Year 13	\$122,171.48
Year 4:	\$100,000	Year 14	\$124,920.34
Year 5:	\$102,250	Year 15	\$127,731.05
Year 6	\$104,550.63	Year 16	\$130,605.00
Year 7	\$106,903.02	Year 17	\$133,543.61
Year 8	\$109,308.33	Year 18	\$136,548.34
Year 9	\$111,767.77	Year 19	\$139,620.68
Year 10	\$114,282.54	Year 20	\$142,762.14

The Development Fee shall be paid annually, with the first installment no later than one (1) year after Developer receives final approval of the constructed New Digital Billboard from the applicable governmental authorities for any and all required permits to erect, maintain and operate the New Digital Billboard as contemplated under this Agreement ("Final Permits"). Developer shall notify City within five (5) days of its receipt of Final Permits for the purpose of determining the date annual payments of the Development Fee shall commence. Nothing herein relieves the City from its contractual duty to issue all municipal building permits that are associated with the Development of the New Digital Billboard if Developer is in compliance with the terms of this Agreement.

2.7 Community Benefits. Developer shall also provide the following community benefits during the entire Term of this Agreement:

2.7.1 City's Display Time on New Digital Billboard. Developer shall also provide free of charge to City on a space available basis, advertising space within a 10 mile radius of City. City will be responsible for printing cost and install/takedown costs for static billboards and appropriate artwork for the digital displays. The display of City advertising copy is subject to the following conditions and parameters: all advertising copy must be submitted to Developer at least five (5) business days before the Developer proposed display date and will be subject to Developer's standard advertising policies which allow Developer, in its sole discretion, to approve or disapprove copy and remove copy once posted or displayed, provided such policies are consistent with the display of public service messages as well as those restrictions described in Section 2.8 below.

2.7.2 Discount Advertising. Developer shall offer a ten percent (10%) discount off of its applicable rate card fees for the display of advertising on the New Digital Billboard to any business that has its principal place of business in Carson and is a member in good standing of the Carson Chamber of Commerce.

2.8 Prohibited Use. Developer shall not utilize any of the displays on the New Digital Billboard to advertise tobacco, marijuana, hashish, "gentlemen's clubs," or other related sexually explicit or overly sexually-suggestive messages or as may be prohibited by any City ordinance existing as of the Effective Date of this Agreement.

3. DEVELOPMENT AND IMPLEMENTATION OF THE PROJECT.

3.1 **Rights to Develop 405 FWY Railroad Site.** Subject to and during the Term of this Agreement, Developer shall have the right to develop the 405 FWY Railroad Site in accordance with, and to the extent of, the Development Approvals, the Land Use Regulations, and this Agreement.

3.2 **Relocation of Watson Land Easement Site.** Developer shall take all actions necessary to effect the Relocation so that the Watson Land Billboard located on the Watson Land Easement Site is relocated to the northwesterly location on the Watson Land Easement Site, as shown on Exhibit "C-1," attached hereto. Developer shall be solely responsible for working with Watson Land to implement the Relocation, including but not limited to, paying all costs, fees, expenses and taking all legal actions to relocate the Watson Land Easement Site. The City, as Successor to the Carson Redevelopment Agency, subject to any approval required by the Carson Redevelopment Agency Oversight Board, shall cooperate and take any actions required of it to authorize such Relocation; provided all costs, fees and expenses to implement same are paid for by Developer. Developer's obligations hereunder shall be subject to the execution of the Easement relocation Agreement in the form attached as Exhibit "D" hereto by the City as Successor to the Carson Redevelopment Agency (including any required Carson Redevelopment Agency Oversight Board approval) Developer and Watson Land.

3.3 **Demolition and Removal of City-Oriented Billboards.** Developer shall secure all demolition permits and approvals and commence the demolition and complete removal of the City-Oriented Billboards, including, but not limited to, the three (3) structures and total of five (5) static displays and any other structure or facility erected or maintained as part of or in relation to the such billboards and complete such demolition and removal, within the times set forth in the Schedule of Performance, attached hereto as Exhibit "E." Following the removal of such billboards, Developer shall, as reasonably as possible, restore the City-Oriented Sites to a good condition that reasonably matches the surrounding landscape. Developer and the City, with regard to the City-Oriented Billboards Sites owned by the City or City as Successor to the Carson Redevelopment Agency, subject approval by the Carson Redevelopment Agency Oversight Board, if required, hereby waive any further rights to utilize the City-Oriented Billboard Sites, respectively, for installation or operation of any billboard and waive any claim for compensation or damages for the removal of the billboards and related appurtenances thereon and agreement by the Developer to give up any further rights to utilize the City-Oriented Billboard Sites, respectively, for the installation or operation of any billboard displays thereon in the future. Such waiver and release of any claim for compensation or damages includes, but is not limited to, lost revenues, relocation expenses, severance damages, loss of business goodwill, costs, interest, attorney's fees, and any claim whatsoever of the respective Owners which might arise out of or relate to any respect to the requirements of this Section 3.3 or this Agreement. Developer's waivers and obligations hereunder are expressly conditioned upon the execution and delivery by the City as Successor Agency to the Carson Redevelopment Agency, with any required approval of the Carson Redevelopment Agency Oversight Board, Developer and Caltrans of the Relocation Agreement in the form attached hereto as Exhibit "B-2".

3.4 **Effect of Agreement on Land Use Regulations.** Except as otherwise provided under the terms of this Agreement, the rules, regulations and official policies governing

permitted uses of the 405 FWY Railroad Site or Watson Land Easement Site, the density and intensity of use of the such 405 FWY Railroad Site or Watson Land Easement Site, the maximum height and size of proposed New Digital Billboard structure and Watson Land Billboard, respectively, and the design, and improvement and construction standards and specifications applicable to Development of the 405 FWY Railroad Site and or Watson Land Easement shall be as set forth in the Land Use Regulations, as such term is defined in Section 1.1.9, which are in full force and effect as of the Effective Date of this Agreement, subject to the terms of this Agreement.

3.5 Development Approvals. Developer shall, at its own expense and before commencement of demolition, construction or development of any structures or other work of improvement upon the Sites, secure or cause to be secured all necessary Development Approvals, which shall include any and all permits and approvals which may be required by City or any other governmental agency or utility affected by such construction, development or work to be performed by Developer pursuant to the Scope of Development, including but not limited to, necessary building permits and all approvals required under the California Environmental Quality Act ("CEQA"). Not by way of limiting the foregoing, in developing and constructing the Project, Developer shall comply with all (1) applicable development standards in City's Municipal Code, (2) applicable NPDES requirements pertaining to the Project, (3) all applicable building codes, except as may be permitted through approved variances and modifications. Developer shall pay all normal and customary fees and charges applicable to such permits, and any fees and charges hereafter imposed by City in connection with the Development which are standard and uniformly-applied to similar projects in the City.

3.6 Timing of Development; Scope of Development. Developer shall commence the Project within the time set forth in the Schedule of Performance, attached hereto as Exhibit "E." "Commencement" of the Project is defined herein as commencement of construction or improvements under the building permit for the construction of the New Digital Billboard on the 405 FWY Railroad Site and Relocation of the Watson Land Billboard as soon as possible following Developer's receipt of Development Approvals. In the event that Developer fails to meet the schedule for Commencement of the Project, and after compliance with Section 5.4, either party hereto may terminate this Agreement by delivering written notice to the other party, and, in the event of such termination, neither party shall have any further obligation hereunder. However, if circumstances within the scope of Section 9.10 delay the commencement or completion of the Project, it would not constitute grounds for any termination rights found within this Development Agreement. In such case, the timeline to commence or complete the relevant task shall be extended in the manner set forth at Section 9.10. Notwithstanding the above, Developer shall, at all times, comply with all other obligations set forth in this Agreement regarding the construction or improvement of the New Digital Billboard on the 405 FWY Railroad Site and Relocation of the Watson Land Billboard. Developer shall also maintain the New Digital Billboard and Watson Land Billboard at all times during the Term in accordance with the maintenance provisions set forth in Section 3, the Scope of Development, attached as Exhibit "G" herein.

The purpose of this Agreement is to set forth the rules and regulations applicable to the Project, which shall be accomplished in accordance with this Agreement, including the Scope of

Development (Exhibit "G") which sets forth a description of the Project and the Schedule of Performance (Exhibit "F").

3.7 Changes and Amendments. Developer may determine that changes to the Development Approvals are appropriate and desirable. In the event Developer makes such a determination, Developer may apply in writing for an amendment to the Development Approvals to effectuate such change(s). The Parties acknowledge that City shall be permitted to use its reasonable discretion in deciding whether to approve or deny any such amendment request; provided, however, that in exercising the foregoing discretion, the City shall not apply a standard different than that used in evaluating requests of other developers. Accordingly, under no circumstance shall City be obligated in any manner to approve any amendment to the Development Approvals. The City Manager shall be authorized to approve any non-substantive amendment to the Development Approvals without processing an amendment to this Agreement. All other amendments shall require the approval of the City Council. The parties acknowledge that any extension of the Term for no more than twenty-four (24) months total is an example of a non-substantive change, which the City Manager, in his or her sole discretion, may approve in writing. Nothing herein shall cause Developer to be in default if it upgrades the digital display installed pursuant to this Agreement during the term of this Agreement to incorporate newer technology; provided Developer shall secure all applicable ministerial permits to do so and such upgrade is consistent with the dimensions and standards for the displays, as provided under this Agreement, Land Use Regulations and Subsequent Land Use Regulations

3.8 Reservation of Authority.

3.8.1 Limitations, Reservations and Exceptions. Notwithstanding any other provision of this Agreement, the following Subsequent Land Use Regulations shall apply to the Development:

(a) Processing fees and charges of every kind and nature imposed by City to cover the estimated actual costs to City of processing applications for Subsequent Development Approvals submitted by Developer.

(b) Procedural regulations consistent with this Agreement relating to hearing bodies, petitions, applications, notices, findings, records, hearing, reports, recommendations, appeals and any other matter of procedure. Notwithstanding the foregoing, if such change materially changes Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

(c) Changes adopted by the International Conference of Building Officials, or other similar body, as part of the then most current versions of the Uniform Building Code, Uniform Fire Code, Uniform Plumbing Code, Uniform Mechanical Code, or National Electrical Code, as adopted by City as Subsequent Land Use Regulations, if adopted prior to the issuance of a building permit for development of the New Digital Billboard. Notwithstanding the foregoing, if such change materially changes Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

(d) Regulations that are not in conflict with the Development Approvals or this Agreement.

(e) Regulations that are in conflict with the Development Approvals or this Agreement, provided Developer has given written consent to the application of such regulations to Development of the 405 FWY Railroad Site and Relocation of the Watson Land Billboard.

(f) Applicable Federal, State, County, and multi-jurisdictional laws and regulations which City is required to enforce as against the 405 FWY Railroad Site, Watson Land Easement or the Development of the 405 FWY Railroad Site or Watson Land Easement and that do not have an exception for existing signs or legal nonconforming uses or signs governed by an agreement entered into pursuant to Sections 5412 and 5443.5 of the California Outdoor Advertising Act which were in existence in the City before the approval of this Agreement. Notwithstanding the foregoing, if such regulations materially change Developer's costs or otherwise materially impact its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

3.8.2 *Future Discretion of City.* This Agreement shall not prevent City from denying or conditionally approving any application for a Subsequent Development Approval on the basis of the Land Use Regulations.

3.8.3 *Modification or Suspension by Federal, State, County, or Multi-Jurisdictional Law.* In the event that applicable federal, State, County, or multi-jurisdictional laws or regulations, enacted after the Effective Date of this Agreement, prevent or preclude compliance with one or more of the provisions of this Agreement, and there is no exception for the legal nonconforming use, such provisions of this Agreement shall be modified or suspended as may be necessary to comply with such federal, State, County, or multi-jurisdictional laws or regulations, and this Agreement shall remain in full force and effect to the extent it is not inconsistent with such laws or regulations and to the extent such laws or regulations do not render such remaining provision impractical to enforce. Notwithstanding the foregoing, if such change materially changes Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

3.9 **Regulation by Other Public Agencies.** It is acknowledged by the parties that other public agencies not subject to control by City may possess authority to regulate aspects of the Development as contemplated herein, and this Agreement does not limit the authority of such other public agencies. Developer acknowledges and represents that, in addition to the Land Use Regulations, Developer shall, at all times, comply with all applicable federal, State and local laws and regulations applicable to the New Digital Billboard, 405 FWY Railroad Site, Watson Land Easement Site or Watson Land Billboard that do not have an exception for a legal nonconforming use. To the extent such other public agencies preclude development or maintenance of the Project and that do not have an exception for a legal nonconforming use, Developer shall not be further obligated under this Agreement except as provided in Section 4.1.

Notwithstanding the foregoing, if such action by another public agency materially changes Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

3.10 Public Improvements. Notwithstanding any provision herein to the contrary, the City shall retain the right to condition any Subsequent Development Approvals to require Developer to pay any required development fees, and/or to construct the required public infrastructure ("Exactions") at such time as City shall determine subject to the following conditions; provided that none of the following shall be applicable to the Project as set forth in this Agreement.

3.10.1 The payment or construction must be to alleviate an impact caused by the Project or be of benefit to the Project as a result of such Subsequent Development Approvals; and

3.10.2 The timing of the Exaction should be reasonably related to the development of the Project as a result of such Subsequent Development Approvals and said public improvements shall be phased to be commensurate with the logical progression of the Project as a result of such subsequent Development Approvals as well as the reasonable needs of the public as a result thereof.

3.10.3 It being understood, however, that if there is a material increase in cost to Developer or such action by City otherwise materially impacts developer's its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

3.11 Fees, Taxes and Assessments. During the Term of this Agreement, the City shall not, without the prior written consent of Developer, impose any additional fees, taxes or assessments on all or any portion of the Project, except such fees, taxes and assessments as are described in or required by this Development Agreement and/or the Development Approvals. However, this Development Agreement shall not prohibit the application of fees, taxes or assessments upon the 405 FWY Railroad Site and Watson Land Easement Site only and not the New Digital Billboard, Watson Land Billboard or Developer directly as follows:

3.11.1 Developer shall be obligated to pay those fees, taxes or City assessments and any increases in same which exist as the Effective Date or are included in the Development Approvals;

3.11.2 Developer shall be obligated to pay any fees or taxes, and increases thereof, imposed on a City-wide basis such as, but not limited to, business license fees or taxes or utility taxes;

3.11.3 Developer shall be obligated to pay all fees applicable to a permit application as charged by City at the time such application is filed by Developer;

3.11.4 Developer shall be obligated to pay any fees imposed pursuant to any Uniform Code that existed when the application is filed by the Developer or that exists when the Developer applies for any Subsequent Development Approval.

3.12 Notwithstanding anything to the contrary herein, if there is a change in such fees to those charges as of the full execution hereof or any additional fees are charged and such additional or increased fees materially change Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

4. REMOVAL OF BILLBOARDS

4.1 **Removal by Developer.** Developer has the right to negotiate an extension of Term as an amendment to this Agreement. If the extension for the Term is not granted by the City, Developer shall be obligated to remove the digital display upon the New Digital Billboard and, at Developer's sole discretion, may either remove the structure of the New Digital Billboard or convert the display to a 19'6" x 48' static sign, previously existing upon the 405 FWY Railroad Billboard within 6 months following the expiration of the term of this Agreement. In addition, if Developer terminates this Agreement pursuant to the express terms thereof, Developer shall be entitled to convert the display to a 19'6" x 48' static sign, previously existing upon the 405 FWY Railroad Billboard within 6 months following the termination of the term of this Agreement.

4.2 **City's Right to Removal.** Provided Developer is not in material breach of the terms of this Agreement past any applicable written notice and cure period (collectively, a "Breach"), City will not have the right to require removal of the New Digital Billboard. Should such a Breach occur, City may require Developer to remove the digital display upon the New Digital Billboard and, at Developer's discretion, may either remove the structure of the New Digital Billboard or convert the display to static displays, previously existing upon the 405 FWY Railroad Billboard within thirty (30) days of City's notice to Developer of such Breach.

5. REVIEW FOR COMPLIANCE.

5.1 **Annual Review.** The City Council shall review this Agreement annually at City's sole cost, on or before the anniversary of the Term, to ascertain the good faith compliance by Developer with the terms of the Agreement ("Annual Review"). However, no failure on the part of City to conduct or complete an Annual Review as provided herein shall have any impact on the validity of this Agreement. Developer shall cooperate with the City in the conduct of such any Annual Review and provide the following information and documentation to the City at least thirty (30) days before the anniversary of the Term: (1) description of all complaints from Caltrans or the City regarding the New Digital Billboard and Watson Land Billboard, (2) description of all complaints from the public regarding the display unrelated to any content of the message displayed (3) any updates to Developer's contact information related to complaints concerning the billboards, as required in the conditions at Exhibit E, Section 6 herein, (4) status and amount of all payment obligations to the City required under this Agreement for the year in question and cumulatively beginning from the Commencement of the Project herein, (5) any easement or lease changes that could in any way materially impact the City or the obligations under this Agreement, (6) any utility changes that could in any way materially impact the City or the obligations under this Agreement, (7) any maintenance issues addressed or needing to be addressed per the requirements of Exhibit E, and (8) whether any City messages per Section

34

2.7.1 have been displayed during the preceding year of the Term and a description of the duration of such displays.

5.2 **Special Review.** The City Council may, in its sole and absolute discretion, order a special review of compliance with this Agreement at any time at City's sole cost ("Special Review"). Developer shall cooperate with the City in the conduct of such any Special Review.

5.3 **City Rights of Access.** Subject to the City's execution of a permit to enter in form reasonably acceptable to Owner, the City, its officers, employees, agents and contractors, shall have the right, at their sole risk and expense, to enter the 405 FWY Railroad Site and Watson Land Easement at all reasonable times with as little interference as possible for the purpose of conducting the review under this Section 5, inspection, construction, reconstruction, relocation, maintenance, repair or service of any public improvements or public facilities located on the 405 FWY Railroad Site, or to perform any rights of the City under Section 4.2 above. Any damage or injury to the 405 FWY Railroad Site or to the improvements constructed thereon resulting from such entry shall be promptly repaired at the sole expense of the City. Notwithstanding the foregoing, or any other provision in this Agreement (including without limitation Section 4.2 above), the City shall have no right whatsoever to enter the 405 FWY Railroad Site and Watson Land Easement unless and until the City executes and delivers to Developer a permit to enter in form reasonably acceptable to Developer (except that this provision is not intended to interfere with the City's police powers to address any nuisance, dangerous condition, or other condition pursuant to the City's ordinances). Notwithstanding anything to the contrary herein, in no event will City representatives ever climb up the pole of the sign during any inspection.

5.4 **Procedure.** Each party shall have a reasonable opportunity to assert matters which it believes have not been undertaken in accordance with the Agreement, to explain the basis for such assertion, and to receive from the other party a justification of its position on such matters. If, on the basis of the parties' review of any terms of the Agreement, either party concludes that the other party has not complied in good faith with the terms of the Agreement, then such party may issue a written "Notice of Non-Compliance" specifying the grounds therefore and all facts demonstrating such non-compliance. The party receiving a Notice of Non-Compliance shall have thirty (30) days to cure or remedy the non-compliance identified in the Notice of Non-Compliance, or if such cure or remedy is not reasonably capable of being cured or remedied within such thirty (30) days period, to commence to cure or remedy the non-compliance and to diligently and in good faith prosecute such cure or remedy to completion. If the party receiving the Notice of Non-Compliance does not believe it is out of compliance and contests the Notice, it shall do so by responding in writing to said Notice within thirty (30) days after receipt of the Notice. If the response to the Notice of Non-Compliance has not been received in the offices of the party alleging the non-compliance within the prescribed time period, the Notice of Non-Compliance shall be conclusively presumed to be valid. If a Notice of Non-Compliance is contested, the parties shall, for a period of not less than fifteen (15) days following receipt of the response, seek to arrive at a mutually acceptable resolution of the matter(s) occasioning the Notice. In the event that a cure or remedy is not timely effected or, if the Notice is contested and the parties are not able to arrive at a mutually acceptable resolution of the matter(s) by the end of the fifteen (15) day period, the party alleging the non-compliance may thereupon pursue the remedies provided in Section 6. Neither party hereto shall be deemed in

35

breach if the reason for non-compliance is due to a "force majeure" as defined in, and subject to the provisions of, Section 9.10.

5.5 Certificate of Agreement Compliance. If, at the conclusion of an Annual Review or a Special Review, Developer is found to be in compliance with this Agreement, City shall, upon request by Developer, issue a Certificate of Agreement Compliance ("Certificate") to Developer stating that, after the most recent Annual Review or Special Review, and based upon the information known or made known to the City Manager and City Council, that (1) this Agreement remains in effect and (2) Developer is in compliance. The Certificate, whether issued after an Annual Review or Special Review, shall be in recordable form and shall contain information necessary to communicate constructive record notice of the finding of compliance. Developer may record the Certificate with the County Recorder. Additionally, Developer may, at any time, request from the City a Certificate stating, in addition to the foregoing, which obligations under this Agreement have been fully satisfied with respect to the Sites.

6. DEFAULT AND REMEDIES.

6.1 Termination of Agreement.

6.1.1 Termination of Agreement for Material Default of Developer. City, in its discretion, may terminate this Agreement for any material failure of Developer to perform any material duty or obligation of Developer hereunder or to comply in good faith with the material terms of this Agreement (hereinafter referred to as "default" or "breach"); provided, however, City may terminate this Agreement pursuant to this Section only after following the procedure set forth in Section 5.4. In the event of a termination by City under this Section 6.1.1, Developer acknowledges and agrees that City may retain all fees accrued up to the date of the termination, including the Processing Fee and the Development Fee paid up to the date of termination, and Developer shall pay the prorated amount of the Development Fee within sixty (60) days after the date of termination and removal of the New Digital Billboard that equates to the percentage of time elapsed in the year of the Term at the time of termination.

6.1.2 Termination of Agreement for Material Default of City. Developer, in its discretion, may terminate this Agreement for any material failure of City to perform any material duty or obligation of City hereunder or to comply in good faith with the material terms of this Agreement; provided, however, Developer may terminate this Agreement pursuant to this Section only after following the procedure set forth in Section 5.4. In addition, Developer may terminate this Agreement if, despite Developer's good faith efforts, it is unable to secure the necessary permits and/or compliance with requirements under laws necessary to effectuate the Project. In the event of a termination by Developer under this Section 6.1.2, Developer acknowledges and agrees that City may retain all fees, including the Processing Fee and the Development Fee, Developer paid up to the date of termination, and Developer shall pay the prorated amount of the Development Fee within sixty (60) days after the date of termination and removal of the New Digital Billboard that equates to the percentage of time elapsed in the year of the Term at the time of termination.

6.1.3 *Rights and Duties Following Termination.* Upon the termination of this Agreement, no party shall have any further right or obligation hereunder except with respect to (i) any obligations to have been performed prior to said termination, (ii) any default in the performance of the provisions of this Agreement which has occurred prior to said termination, (iii) Developer's obligation to remove the New Digital Billboard pursuant to Section 4.1 or (iv) any continuing obligations to indemnify other parties.

7. **INSURANCE, INDEMNIFICATION AND WAIVERS.**

7.1 **Insurance.**

7.1.1 *Types of Insurance.*

(a) *Liability Insurance.* Beginning on the Effective Date hereof and until completion of the Term, Developer shall, at its sole cost and expense, keep or cause to be kept in force for the mutual benefit of City, as additional insured, and Developer comprehensive broad form general liability insurance against claims and liabilities covered by the indemnification provisions of section 7.2. Such policy shall provide for limits of a least One Million Dollars (\$1,000,000) for bodily injury or death to any one person, at least Two Million Dollars (\$2,000,000) for any one accident or occurrence, and at least One Million Dollars (\$1,000,000) for property damage. (b) *Worker's Compensation.* Developer shall also furnish or cause to be furnished to City evidence reasonably satisfactory to it that any contractor with whom Developer has contracted for the performance of any work for which Developer is responsible hereunder carries worker's compensation insurance as required by law.

(c) *Insurance Policy Form, Sufficiency, Content and Insurer.* All insurance required by express provisions hereof shall be carried only by responsible insurance companies qualified to do business by California with an AM Best Rating of no less than "A". All such policies shall be non-assignable and shall contain language, to the extent obtainable, to the effect that (i) the insurer waives the right of subrogation against City and against City's agents and representatives except as provided in this Section; (ii) the policies are primary and noncontributing with any insurance that may be carried by City, but only with respect to the liabilities assumed by Developer under this agreement; and (iii) the policies cannot be canceled or materially changed except after thirty (30) days' written notice by the insurer to City or City's designated representative Developer shall furnish City with certificates evidencing the insurance. City shall be named as an additional insured on all liability policies of insurance required to be procured by the terms of this Agreement.

7.1.2 *Failure to Maintain Insurance and Proof of Compliance.* Developer shall deliver to City, in the manner required for notices, copies of certificates of all insurance policies required of each policy within the following time limits:

(1) For insurance required above, within seven (7) days after the Effective Date or consistent with the requirements of Exhibit "E" (Schedule of Performance), Item No. 8.

(2) The City can request to see updated copies of the current certificates of all insurance policies required.

If Developer fails or refuses to procure or maintain insurance as required hereby or fails or refuses to furnish City with required proof that the insurance has been procured and is in force and paid for, after complying with the requirements of Section 5.4, the City may view such failure or refusal shall be a default hereunder.

7.2 **Indemnification.**

7.2.1 *General.* Developer shall indemnify the City and Owner, and their respective officers, employees, and agents against, and will hold and save them and each of them harmless from, any and all actions, suits, claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions, or liabilities (herein "claims or liabilities") that may be asserted or claimed by any person, firm, or entity arising out of or in connection with the work, operations, or activities of Developer, its agents, employees, subcontractors, or invitees, hereunder, upon the Sites:

(a) Developer will defend any action or actions filed in connection with any of said claims or liabilities covered by the indemnification provisions herein and will pay all costs and expenses, including reasonable legal costs and attorneys' fees incurred in connection therewith, which attorneys will be the attorneys hired by the insurance company where insurance coverage applies.

(b) Developer will promptly pay any judgment rendered against the City or Owner or their respective officers, agents, or employees for any such claims or liabilities arising out of or in connection with such work, operations, or activities of the Developer hereunder, and Developer agrees to save and hold the City and Owner and their respective officers, agents, and employees harmless therefrom.

7.2.2 *Exceptions.* The foregoing indemnity shall not include claims or liabilities arising from the sole negligence or willful misconduct of the City, its officers, agents, subcontractors or employees, who are directly responsible for the City.

7.2.3 *Additional Coverage.* Without limiting the generality of the foregoing, Developer's indemnity obligation shall include any liability arising by reason of:

(1) Any accident or other occurrence in or on the Sites causing injury to any person or property whatsoever and caused by Developer;

(2) Any failure of Developer to comply with performance of all of the provisions of this Agreement;

(3) Any harm, delays, injuries or other damages incurred by any party as a result of any subsurface conditions on the site caused solely by Developer, including but not limited to, the presence of buried debris, hazardous materials, hydrocarbons, or any form of soil contamination.

7.2.4 *Loss and Damage.* Except as set forth below, City shall not be liable for any damage to property of Developer, Owner or of others located on the Sites, nor for the loss of or damage to any property of Developer, Owner or others by theft or otherwise. Except as set forth below, City shall not be liable for any injury or damage to Developer, its employees or its property resulting from fire, explosion, steam, gas, electricity, water, rain, dampness or leaks from any part of the Sites or from the pipes or plumbing, or from the street, or from any environmental or soil contamination or hazard, or from any other latent or patent defect in the soil, subsurface or physical condition of the Site, or by any other cause of whatsoever nature. The foregoing two (2) sentences shall not apply (i) to the extent City or its agents, employees, subcontractors, invitees or representatives causes such injury or damage when accessing the Sites, or (ii) to the extent covered in any permit to enter executed by the City, or (iii) results from a condition created upon such Site by the City as Successor Agency to the Carson Redevelopment Agency as the owner thereof.

7.2.5 *Period of Indemnification.* The obligations for indemnity under this Section 7.2 shall begin upon the Effective Date and shall survive termination of Development Agreement.

7.3 **Waiver of Subrogation.** Developer agrees that it shall not make any claim against, or seek to recover from City or its agents, servants, or employees, for any loss or damage to Developer, its agents, employees, subcontractors, or invitees, or any property of Developer its agents, employees, subcontractors, or invitees relating to this Project, except as specifically provided hereunder which include but is not limited to, a claim or liability arising from the sole negligence or willful misconduct of the City, its officers, agents, or employees, who are directly responsible for the City.

8. MORTGAGEE PROTECTION.

The parties hereto agree that this Agreement shall not prevent or limit Developer, in any manner, at Developer's sole discretion, from encumbering the 405 FWY Railroad Site, Watson Land Easement or any portion thereof or any improvement thereon by any mortgage, deed of trust or other security device securing financing with respect to the 405 FWY Railroad Site or Watson Land Easement. City acknowledges that the lenders providing such financing may require certain Agreement interpretations and modifications and City agrees upon request, from time to time, to meet with Developer or Owner and representatives of such lenders to negotiate in good faith any such request for interpretation or modification. Subject to compliance with applicable laws, City will not unreasonably withhold its consent to any such requested interpretation or modification provided City determines such interpretation or modification is consistent with the intent and purposes of this Agreement. Any Mortgagee of the Site shall be entitled to the following rights and privileges:

(a) Neither entering into this Agreement nor a breach of this Agreement shall defeat, render invalid, diminish or impair the lien of any mortgage on the Development or Site made in good faith and for value, unless otherwise required by law.

(b) The Mortgagee of any mortgage or deed of trust encumbering the Development or 405 FWY Railroad Site or Watson Land Easement, or any part thereof, which Mortgagee has submitted a request in writing to the City in the manner specified herein for giving notices, shall be entitled to receive written notification from City of any default by Developer in the performance of Developer's obligations under this Agreement.

(c) If City timely receives a request from a Mortgagee requesting a copy of any notice of default given to Developer under the terms of this Agreement, City shall make a good faith effort to provide a copy of that notice to the Mortgagee within ten (10) days of sending the notice of default to Developer. The Mortgagee shall have the right, but not the obligation, to cure the default during the period that is the longer of (i) the remaining cure period allowed such party under this Agreement, or (ii) sixty (60) days.

(d) Any Mortgagee who comes into possession of the Development or 405 FWY Railroad Site, Watson Land Easement, or any part thereof, pursuant to foreclosure of the mortgage or deed of trust, or deed in lieu of such foreclosure, shall take the Development or 405 FWY Railroad Site, Watson Land Easement, or part thereof, subject to the terms of this Agreement. Notwithstanding any other provision of this Agreement to the contrary, no Mortgagee shall have an obligation or duty under this Agreement to perform any of Developer's obligations or other affirmative covenants of Developer hereunder, or to guarantee such performance; except that (i) to the extent that any covenant to be performed by Developer is a condition precedent to the performance of a covenant by City, the performance thereof shall continue to be a condition precedent to City's performance hereunder, and (ii) in the event any Mortgagee seeks to develop or use any portion of the Development or 405 FWY Railroad Site or Watson Land Easement acquired by such Mortgagee by foreclosure, deed of trust, or deed in lieu of foreclosure, such Mortgagee shall strictly comply with all of the terms, conditions and requirements of this Agreement and the Development Approvals applicable to the Development or 405 FWY Railroad Site, Watson Land Easement or such part thereof so acquired by the Mortgagee.

9. MISCELLANEOUS PROVISIONS.

9.1 **Recordation of Agreement.** This Agreement shall be recorded with the County Recorder by the City Clerk within 10 days of execution, as required by Government Code Section 65868.5. Amendments approved by the parties, and any cancellation, shall be similarly recorded.

9.2 **Entire Agreement.** This Agreement sets forth and contains the entire understanding and agreement of the parties with respect to the subject matter set forth herein, and there are no oral or written representations, understandings or ancillary covenants, undertakings or agreements which are not contained or expressly referred to herein. No testimony or evidence of any such representations, understandings or covenants shall be admissible in any proceeding of any kind or nature to interpret or determine the terms or conditions of this Agreement.

9.3 **Severability.** If any term, provision, covenant or condition of this Agreement shall be determined invalid, void or unenforceable, then that term, provision, covenant or condition of this Agreement shall be stricken and the remaining portion of this Agreement shall remain valid and enforceable if that stricken term, provision, covenant or condition is not material to the main purpose of this agreement, which is to allow the Development to be permitted and operated and to provide the Development Fee to the City; otherwise, this Agreement shall terminate in its entirety, unless the parties otherwise agree in writing, which agreement shall not be unreasonably withheld.

9.4 **Interpretation and Governing Law.** This Agreement and any dispute arising hereunder shall be governed and interpreted in accordance with the laws of the State of California. This Agreement shall be construed as a whole according to its fair language and common meaning, to achieve the objectives and purposes of the parties hereto. The rule of construction, to the effect that ambiguities are to be resolved against the drafting party or in favor of the non-drafting party, shall not be employed in interpreting this Agreement, all parties having been represented by counsel in the negotiation and preparation hereof.

9.5 **Section Headings.** All section headings and subheadings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

9.6 **Singular and Plural.** As used herein, the singular of any word includes the plural.

9.7 **Time of Essence.** Time is of the essence in the performance of the provisions of this Agreement as to which time is an element.

9.8 **Waiver.** Failure of a party to insist upon the strict performance of any of the provisions of this Agreement by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Agreement thereafter.

9.9 **No Third Party Beneficiaries.** This Agreement is made and entered into for the sole protection and benefit for the parties and their successors and assigns. No other person shall have any right of action based upon any provision of this Agreement.

9.10 **Force Majeure.** Neither party shall be deemed to be in default where failure or delay in performance of any of its obligations under this Agreement is caused by earthquakes, other acts of God, fires, rains, winds, wars, terrorism, riots or similar hostilities, strikes and other labor difficulties beyond the party's control (including the party's employment force), government actions and regulations (other than those of the City), court actions (such as restraining orders or injunctions), or other causes beyond the party's reasonable control. If any

41

such events shall occur except as otherwise provided herein, the term of this Agreement and the time for performance shall be extended for the duration of each such event, provided that the term of this Agreement shall not be extended under any circumstances for more than five (5) years and further provided that if such delay is longer than six (6) months, Developer may terminate this Agreement upon written notice to City and City shall return to developer any portion of the Development fee paid for any period after the effective date of such termination.

9.11 **Mutual Covenants.** The covenants contained herein are mutual covenants and also constitute conditions to the concurrent or subsequent performance by the party benefited thereby of the covenants to be performed hereunder by such benefited party.

9.12 **Counterparts.** This Agreement may be executed by the parties in counterparts, which counterparts shall be construed together and have the same effect as if all of the parties had executed the same instrument.

9.13 **Litigation.** Any action at law or in equity arising under this Agreement or brought by any party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed and tried in the Superior Court of the County of Los Angeles, State of California, or such other appropriate court in said county. Service of process on City shall be made in accordance with California law. Service of process on Developer shall be made in any manner permitted by California law and shall be effective whether served inside or outside California. In the event of any action between City and Developer seeking enforcement of any of the terms and conditions to this Agreement, the prevailing party in such action shall be awarded, in addition to such relief to which such party is entitled under this Agreement, its reasonable litigation costs and expenses, including without limitation its expert witness fees and reasonable attorneys' fees.

9.14 **Covenant Not To Sue.** The parties to this Agreement, and each of them, agree that this Agreement and each term hereof is legal, valid, binding, and enforceable. The parties to this Agreement, and each of them, hereby covenant and agree that each of them will not commence, maintain, or prosecute any claim, demand, cause of action, suit, or other proceeding against any other party to this Agreement, in law or in equity, which is based on an allegation, or assert in any such action, that this Agreement or any term hereof is void, invalid, or unenforceable.

9.15 **Project as a Private Undertaking.** It is specifically understood and agreed by and between the parties hereto that the Development of the Project is a private Development, that neither party is acting as the agent of the other in any respect hereunder, and that each party is an independent contracting entity with respect to the terms, covenants and conditions contained in this Agreement. No partnership, joint venture or other association of any kind is formed by this Agreement. The only relationship between City and Developer is that of a government entity regulating the Development of private property, on the one hand, and the holder of a legal or equitable interest in such property on the other hand. City agrees that by its approval of, and entering into, this Agreement, that it is not taking any action which would transform this private Development into a "public work" project, and that nothing herein shall be interpreted to convey upon Developer any benefit which would transform Developer's private project into a public work project, it being understood that this Agreement is entered into by City and Developer upon

the exchange of consideration described in this Agreement, including the Recitals to this Agreement which are incorporated into this Agreement and made a part hereof, and that City is receiving by and through this Agreement the full measure of benefit in exchange for the burdens placed on Developer by this Agreement.

9.16 Further Actions and Instruments. Each of the parties shall cooperate with and provide reasonable assistance to the other to the extent contemplated hereunder in the performance of all obligations under this Agreement and the satisfaction of the conditions of this Agreement. Upon the request of either party at any time, the other party shall promptly execute, with acknowledgment or affidavit if reasonably required, and file or record such required instruments and writings and take any actions as may be reasonably necessary under the terms of this Agreement to carry out the intent and to fulfill the provisions of this Agreement or to evidence or consummate the transactions contemplated by this Agreement.

9.17 Eminent Domain. No provision of this Agreement shall be construed to limit or restrict the exercise by City of its power of eminent domain or Developer's right to seek and collect just compensation or any other remedy available to it.

9.18 Amendments in Writing/Cooperation. This Agreement may be amended only by written consent of both parties specifically approving the amendment and in accordance with the Government Code provisions for the amendment of Development Agreements. The parties shall cooperate in good faith with respect to any amendment proposed in order to clarify the intent and application of this Agreement, and shall treat any such proposal on its own merits, and not as a basis for the introduction of unrelated matters. Minor, non-material modifications may be approved by the City Manager upon approval by the City Attorney.

9.19 Corporate Authority. The person(s) executing this Agreement on behalf of each of the parties hereto represent and warrant that (i) such party, if not an individual, is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other agreement to which such party is bound.

9.20 Notices. All notices under this Agreement shall be effective when delivered by United States Postal Service mail, registered or certified, postage prepaid return receipt requested; and addressed to the respective parties as set forth below or as to such other address as the parties may from time to time designate in writing by providing notice to the other party:

SCOPE OF DEVELOPMENT

Developer and City agree that the Development shall be undertaken in accordance with the terms of the Agreement, which include the following:

1. The Project. Developer shall Relocate the Watson Land Billboard and replace the existing static sign with the New Digital Billboard in accordance with the terms of this Agreement. The New Digital Billboard consists of one (1) ____' tall, "bulletin" size freeway-oriented billboards with a total of two (2) displays (each display measuring 14' x 48') within the 405 FWY Railroad Site. The 405 FWY Railroad Billboard shall be relocated on the 405 FWY Railroad Site, in the location depicted at Exhibit "____" hereto in cooperation with the Owner and as further provided in this Agreement at Section 3.2. As required by the City at the time of the final development of the Sites, Developer shall install underground all utilities necessary for the New Digital Billboard. Prior to such final development which may take several years following the execution of the Agreement, Developer may maintain above-ground utilities for the New Digital Billboard and the Watson Land Billboard per the plans attached at Exhibit "H" hereto; provided that if development does not commence within three (3) years of the Effective Date of this Agreement, Developer shall install underground all utilities necessary for the New Digital Billboard and the Watson Land Billboard within six (6) months from the date of any notice by the City requesting such underground installation. Such six (6) month period may be extended for such time as necessary to account for any Force Majeure event or delays by the City in processing the plans for the undergrounding of the utilities (provided Developer notifies City in writing within thirty (30) days of experiencing the delay). Developer and CBS Outdoor shall collaborate with the design, plan check and installation and share the costs of the above-ground and underground utilities. The New Digital Billboard Site and the Watson Land Billboard Site shall be maintained in accordance with the conditions at Paragraph 3 below. The New Digital Billboard shall permanently display the City of Carson's name and shall be designed substantially in the form approved by the City.

2. Building Fees. Developer shall pay all applicable City building fees, as described at Section 2.5 of this Agreement, at the time that a building permit is issued for the installation of the New Digital Billboard on the 405 FWY Railroad Site.

3. Maintenance and Access. Developer, for itself and its successors and assigns, hereby covenants and agrees to be responsible for the following:

(a) Maintenance and repair of the New Digital Billboard and within the 405 FWY Railroad Site and Watson Land Billboard and within the Watson Land Easement, including but not limited to, the displays installed thereon, and all related on-site improvements, easements, rights-of-way and, if applicable, at its sole cost and expense, including, without limitation, landscaping, poles, lighting, signs and walls, in good repair, free of graffiti, rubbish, debris and other hazards to persons using the same, and in accordance with all applicable laws, rules, ordinances and regulations of all federal, State, and local bodies and agencies

having jurisdiction over the Site unless those federal, State, and local bodies have an exception for a legal nonconforming use. Such maintenance and repair shall include, but not be limited to, the following: (i) sweeping and trash removal related to the Development; (ii) the ongoing maintenance by the Developer of the access road to the New Digital Billboard and the Watson Land Billboard to minimize dust caused by the Development; and (ii) the repair, replacement and repainting of the New Digital Billboard and Watson Land Billboard structures and displays as necessary to maintain such billboard in good condition and repair.

(b) Maintenance of the New Digital Billboard within the 405 FWY Railroad Site and Watson Land Billboard within the Watson Land Easement in such a manner as to avoid the reasonable determination of a duly authorized official of the City that a public nuisance has been created by the absence of adequate maintenance of the Development.

(c) Developer shall use good faith efforts to coordinate with CBS Outdoor Inc. or successor sharing utilities or access roads to its separate billboards. The City may designate alternative access for planning purposes so long as such alternative access allows Developer to access its billboard and related utilities.

4. Other Rights of City. RECITALS

A. California Government Code Sections 65864, *et seq.*, ("Development Agreement Law") authorizes cities to enter into binding development agreements with persons having a legal or equitable interest in real property for the development of such property, all for the purposes of strengthening the public planning process, encouraging private participation and comprehensive planning and identifying the economic costs of such development.

B. California Outdoor Advertising Act (Bus. and Prof. Code Sections 5200 *et seq.*) and specifically Sections 5412 and 5443.5 specifically empower Cities and sign owners to enter into relocation agreements on whatever terms are agreeable to such parties.

C. Developer has a leasehold interest in that certain portion of real property, located adjacent to the south-bound lanes of the 405 Freeway, west of S. Alameda Street, owned by the Southern Pacific Transportation Company in the City of Carson, Assessor Parcel Number 7315-12-817, as more specifically described in Exhibit "A" and depicted at Exhibit "A-1," attached hereto and incorporated herein ("**405 FWY Railroad Site**") upon which it seeks to install an upgrade to its existing lawfully permitted double-sided 19'6"x 48 foot static displays oriented toward the 405 Freeway ("**405 FWY Railroad Billboard**") to a double-sided 14x48 foot digital display, as described in Exhibit "B" ("**New Digital Billboard**"). Developer also has leasehold interests to certain portions of real property, located at (1) the corner of the 110 Freeway and Carson Street (double sided poster panels) and located at 21723 Figueroa Street, Assessor Parcel Number 7343-020-066, (2) the corner of Carson Street and Vera (double sided poster panels), and located at 1249 Carson Street, Assessor Parcel Number 7327-005-014 and (3) the corner of the 110 Freeway and Carson Street (single-sided poster panel) Address: 21731 Figueroa Street, Assessor Parcel Number 7343-020-069 in the City of Carson, as such parcels are more specifically described in Exhibit "B" and depicted at Exhibit "B-1," attached hereto and incorporated herein (collectively the three (3) billboard sites referenced above shall be referred to as the "**City-Oriented Billboard Sites**"), which City-

Oriented Billboard Sites are each improved with one (1) static billboard structure oriented toward City rights-of-way, for a total of three (3) billboards having a total of five (5) static displays (collectively such three (3) structures and five (5) static displays shall be referred to herein as, **"City-Oriented Billboards"**)

D. The City of Carson, as Successor Agency to the Carson Redevelopment Agency owns a site upon which Watson Land Company ("Watson Land") holds an easement to that certain portion of real property located adjacent to the south-bound lanes of the 405 Freeway, at 7315-012-900 in the City of Carson ("Watson Land Easement Site"). Developer is authorized to operate and maintain a billboard upon the Watson Land Easement Site ("Watson Land Billboard"), containing double-sided 14' x 48' static displays oriented toward the 405 Freeway, which displays are not proposed to be altered by this Agreement. The Watson Land Easement Site is more specifically described in Exhibit "C" attached hereto and depicted on Exhibit "C-1" attached hereto and incorporated herein. Watson Land has consented to the application for this Development Agreement by Developer, as the lessee of the Watson Land Easement site.

E. Developer and Watson Land with the approval of the City, as Successor to the Carson Redevelopment Agency, wish to relocate the Watson Land Billboard to the northwestern corner of the Watson Land Easement Site within the Watson Land Easement. Watson Land, Developer and the City, as Successor to the Carson Redevelopment Agency (with approval of the Carson Redevelopment Agency Oversight Board approval, as may be required), shall enter into the Easement Relocation Agreement in the form attached as Exhibit "D" hereto to confirm the new location for the Watson Land Easement and the placement of the Watson Land Billboard thereon (collectively, "Relocation").

F. In exchange for the approvals sought to convert the 405-FWY Railroad Billboard to a New Digital Billboard, Developer has offered to:

1. Remove the City-Oriented Billboards and waive any claim for compensation for the removal of such signs subject to the City entering into a relocation agreement for one of such City-Oriented Billboards as more fully set forth in this Agreement;
2. Relocate the Watson Land Billboard to the northwest corner of the Watson Land Easement Site within the Watson Land Easement to better accommodate future development upon such site.

Upon such removal, Developer shall be entitled to convert the displays on the New Digital Billboard to static displays.

Exhibit "C-1" (Depiction of Watson Land Easement Site)

Exhibit "D" (Form of Easement Relocation Agreement)

2. GENERAL PROVISIONS.

2.1 Binding Effect of Agreement. From and following the Effective Date, actions by the City and Developer with respect to the Development of the 405 FWY Railroad Site and Relocation of the Watson Land Billboard within the Watson Land Easement, including actions by the City on applications for Subsequent Development Approvals affecting such Sites, shall be subject to the terms and provisions of this Agreement.

2.2 Interest in Sites. City and Developer acknowledge and agree that Developer has a legal or equitable interest in the Sites and thus is qualified to enter into and be a party to this Agreement under the Development Agreement Law. Developer shall maintain its interest in the 405 FWY Railroad Site for the entire Term of this Agreement. If Developer's interest in the 405 FWY Railroad Site is prematurely terminated and Developer is not contesting such termination, then Developer shall have no further obligations or rights under this Agreement and this Agreement shall terminate, except as provided under Section 4.1. During such time period that Developer is contesting the termination of its interest for the 405 FWY Railroad Site, this Agreement shall remain in full force and effect.

2.3 No Assignment. Developer may only assign or otherwise transfer this Agreement, or its interest in the 405 FWY Railroad Site, to any other person, firm, or entity, upon presentation to the City of an assignment and assumption agreement in a form reasonably acceptable to the City Attorney and receipt of the City's written approval of such assignment or transfer by the City Manager; provided, however, that Developer may, from time to time and one or more times, assign this Agreement, or the 405-FWY Railroad Site, to one or more persons or entities without City approval, but with written notice to the City, as long as Developer either assigns this Agreement to a financial institution that finances Developer's Development of the New Digital Billboard or as long as Developer, or entities owned or controlled by it have and maintain at least a twenty percent (25%) ownership interest in such entities who are the assignees or transferees, or as long as the transfer is as a result of a sale of Developer and/or its assets, including the rights granted under this Agreement, to another publicly-traded company or an

entity having a net worth that is substantially similar to, or greater than, Developer's net worth prior to such assignment or at the time of execution of this Agreement, which net worth is subject to verification by the City; and further provided that any assignee executes an assumption agreement assuming all of Developer's duties and obligations hereunder. Any security posted by Developer may be substituted by the assignee or transferee. After a transfer or assignment as permitted by this Section, the City shall look solely to such assignee or transferee for compliance with the provisions of this Agreement which have been assigned or transferred.

2.4 Term of Agreement. Unless earlier terminated as provided in this Agreement, this Agreement shall continue in full force and effect until the earlier of (i) twenty (20) years after the date Developer receives Final Permits, as defined in Section 2.6 below, (ii) the expiration or earlier termination of Developer's leasehold interest in the 405 FWY Railroad Site per Section 6.1, or (iii) the permanent removal of the digital display constructed on the New Digital Billboard pursuant to the terms hereof. In such case, Developer shall completely remove the New Digital Billboard within the times and as provided under Section 4.1 herein. Notwithstanding the foregoing to the contrary, City and developer may agree to extend the term of this Agreement pursuant to a mutual agreement in writing upon terms acceptable to both parties. Within thirty (30) days after the expiration or termination of this Agreement, the parties shall execute a written cancellation of this Agreement which shall be recorded with the County Recorder pursuant to Section 9.1 below. Following the expiration of the term and provided no extension of this Agreement is agreed to, then the digital displays upon the New Digital Billboard shall be removed and Developer shall have the right to operate static displays thereon, as set forth under Section 4.1.

2.5 Processing Fee. Upon submission of its application for the approvals granted by this Agreement, Developer has paid to City a processing ("Processing Fee") in the amount of Seven Thousand Five Hundred Dollars (\$7,500). The City shall retain and use the Processing Fee, or any part thereof, for any public purpose within the City's discretion. The Processing Fee shall be separate from all fees which are standard and uniformly applied to similar projects in the City, including, but not limited to, business license fees (due by Developer to City annually), one time plan check fee and building permit fee and any other fees imposed by Los Angeles County, as may be applicable. Additionally, within 30 days of the City providing Developer with a final invoice of legal fees incurred by City related to the negotiation and preparation of this Agreement, Developer shall pay City any outstanding balance of such fees.

2.6 Development Fee. The potential impacts of the Development on the City and surrounding community are difficult to identify and calculate. Developer and City agree that an annual development fee paid by Developer to City would adequately mitigate all such potential impacts. The parties therefore agree that Developer shall pay an annual development fee to City equal to Fifty Thousand Dollars (\$50,000.00) for the first year of term of this Agreement, Sixty Thousand Dollars (\$60,000.00) for the second year of term, Eighty Thousand Dollars (\$80,000.00) for the third year of term, One Hundred Thousand Dollars (\$100,000.00) for the fourth year of term and thereafter increased by two and one-quarter percent (2.25%) each year ("Development Fee"), which Development Fee, for ease of reference purposes, shall equal the following amounts during the Term:

Year 1: \$50,000

Year 11 \$116,853.90

Year 2:	\$60,000	Year 12	\$119,483.11
Year 3:	\$80,000	Year 13	\$122,171.48
Year 4:	\$100,000	Year 14	\$124,920.34
Year 5:	\$102,250	Year 15	\$127,731.05
Year 6	\$104,550.63	Year 16	\$130,605.00
Year 7	\$106,903.02	Year 17	\$133,543.61
Year 8	\$109,308.33	Year 18	\$136,548.34
Year 9	\$111,767.77	Year 19	\$139,620.68
Year 10	\$114,282.54	Year 20	\$142,762.14

The Development Fee shall be paid annually, with the first installment no later than one (1) year after Developer receives final approval to construct the New Digital Billboard from the applicable governmental authorities for any and all required permits to erect, maintain and operate the New Digital Billboard as contemplated under this Agreement ("Final Permits"). Developer shall notify City within five (5) days of its receipt of Final Permits for the purpose of determining the date annual payments of the Development Fee shall commence. Nothing herein relieves the City from its contractual duty to issue all municipal building permits that are associated with the Development of the New Digital Billboard if Developer is in compliance with the terms of this Agreement.

2.7 Community Benefits. Developer shall also provide the following community benefits during the entire Term of this Agreement:

2.7.1 City's Display Time on New Digital Billboard. Developer shall also provide free of charge to City on a space available basis, advertising space within a 10 mile radius of City. City will be responsible for printing cost and install/takedown costs for static billboards and appropriate artwork for the digital displays. The display of City advertising copy is subject to the following conditions and parameters: all advertising copy must be submitted to Developer at least five (5) business days before the Developer proposed display date and will be subject to Developer's standard advertising policies which allow Developer, in its sole discretion, to approve or disapprove copy and remove copy once posted or displayed, provided such policies are consistent with the display of public service messages as well as those restrictions described in Section 2.8 below.

2.7.2 Discount Advertising. Developer shall offer a ten percent (10%) discount off of its applicable rate card fees for the display of advertising on the New Digital Billboard to any business that has its principal place of business in Carson and is a member in good standing of the Carson Chamber of Commerce.

2.8 Prohibited Use. Developer shall not utilize any of the displays on the New Digital Billboard to advertise tobacco, marijuana, hashish, "gentlemen's clubs," or other related sexually explicit or overly sexually-suggestive messages or as may be prohibited by any City ordinance existing as of the Effective Date of this Agreement.

3. DEVELOPMENT AND IMPLEMENTATION OF THE PROJECT.

3.1 **Rights to Develop 405 FWY Railroad Site.** Subject to and during the Term of this Agreement, Developer shall have the right to develop the 405 FWY Railroad Site in accordance with, and to the extent of, the Development Approvals, the Land Use Regulations, and this Agreement.

3.2 **Relocation of Watson Land Easement Site.** Developer shall take all actions necessary to effect the Relocation so that the Watson Land Billboard located on the Watson Land Easement Site is relocated to the northwesterly location on the Watson Land Easement Site, as shown on Exhibit "C-1," attached hereto. Developer shall be solely responsible for working with Watson Land to implement the Relocation, including but not limited to, paying all costs, fees, expenses and taking all legal actions to relocate the Watson Land Easement Site. The City, as Successor to the Carson Redevelopment Agency, subject to any approval required by the Carson Redevelopment Agency Oversight Board, shall cooperate and take any actions required of it to authorize such Relocation; provided all costs, fees and expenses to implement same are paid for by Developer. Developer's obligations hereunder shall be subject to the execution of the Easement relocation Agreement in the form attached as Exhibit "D" hereto by the City as Successor to the Carson Redevelopment Agency (including any required Carson Redevelopment Agency Oversight Board approval) Developer and Watson Land.

3.3 **Demolition and Removal of City-Oriented Billboards.** Developer shall secure all demolition permits and approvals and commence the demolition and complete removal of the City-Oriented Billboards, including, but not limited to, the three (3) structures and total of five (5) static displays and any other structure or facility erected or maintained as part of or in relation to the such billboards and complete such demolition and removal, within the times set forth in the Schedule of Performance, attached hereto as Exhibit "E." Following the removal of such billboards, Developer shall, as reasonably as possible, restore the City-Oriented Sites to a good condition that reasonably matches the surrounding landscape. Developer and the City, with regard to the City-Oriented Billboards Sites owned by the City or City as Successor to the Carson Redevelopment Agency, subject approval by the Carson Redevelopment Agency Oversight Board, if required, hereby waive any further rights to utilize the City-Oriented Billboard Sites, respectively, for installation or operation of any billboard and waive any claim for compensation or damages for the removal of the billboards and related appurtenances thereon and agreement by the Developer to give up any further rights to utilize the City-Oriented Billboard Sites, respectively, for the installation or operation of any billboard displays thereon in the future. Such waiver and release of any claim for compensation or damages includes, but is not limited to, lost revenues, relocation expenses, severance damages, loss of business goodwill, costs, interest, attorney's fees, and any claim whatsoever of the respective Owners which might arise out of or relate to any respect to the requirements of this Section 3.3 or this Agreement. Developer's waivers and obligations hereunder are expressly conditioned upon the execution and delivery by the City as Successor Agency to the Carson Redevelopment Agency, with any required approval of the Carson Redevelopment Agency Oversight Board, Developer and Caltrans of the Relocation Agreement in the form attached hereto as Exhibit "B-2".

3.4 **Effect of Agreement on Land Use Regulations.** Except as otherwise provided under the terms of this Agreement, the rules, regulations and official policies governing

permitted uses of the 405 FWY Railroad Site or Watson Land Easement Site, the density and intensity of use of the such 405 FWY Railroad Site or Watson Land Easement Site, the maximum height and size of proposed New Digital Billboard structure and Watson Land Billboard, respectively, and the design, and improvement and construction standards and specifications applicable to Development of the 405 FWY Railroad Site and or Watson Land Easement shall be as set forth in the Land Use Regulations, as such term is defined in Section 1.1.9, which are in full force and effect as of the Effective Date of this Agreement, subject to the terms of this Agreement.

3.5 Development Approvals. Developer shall, at its own expense and before commencement of demolition, construction or development of any structures or other work of improvement upon the Sites, secure or cause to be secured all necessary Development Approvals, which shall include any and all permits and approvals which may be required by City or any other governmental agency or utility affected by such construction, development or work to be performed by Developer pursuant to the Scope of Development, including but not limited to, necessary building permits and all approvals required under the California Environmental Quality Act ("CEQA"). Not by way of limiting the foregoing, in developing and constructing the Project, Developer shall comply with all (1) applicable development standards in City's Municipal Code, (2) applicable NPDES requirements pertaining to the Project, (3) all applicable building codes, except as may be permitted through approved variances and modifications. Developer shall pay all normal and customary fees and charges applicable to such permits, and any fees and charges hereafter imposed by City in connection with the Development which are standard and uniformly-applied to similar projects in the City.

3.6 Timing of Development; Scope of Development. Developer shall commence the Project within the time set forth in the Schedule of Performance, attached hereto as Exhibit "E." "Commencement" of the Project is defined herein as commencement of construction or improvements under the building permit for the construction of the New Digital Billboard on the 405 FWY Railroad Site and Relocation of the Watson Land Billboard as soon as possible following Developer's receipt of Development Approvals. In the event that Developer fails to meet the schedule for Commencement of the Project, and after compliance with Section 5.4, either party hereto may terminate this Agreement by delivering written notice to the other party, and, in the event of such termination, neither party shall have any further obligation hereunder. However, if circumstances within the scope of Section 9.10 delay the commencement or completion of the Project, it would not constitute grounds for any termination rights found within this Development Agreement. In such case, the timeline to commence or complete the relevant task shall be extended in the manner set forth at Section 9.10. Notwithstanding the above, Developer shall, at all times, comply with all other obligations set forth in this Agreement regarding the construction or improvement of the New Digital Billboard on the 405 FWY Railroad Site and Relocation of the Watson Land Billboard. Developer shall also maintain the New Digital Billboard and Watson Land Billboard at all times during the Term in accordance with the maintenance provisions set forth in Section 3, the Scope of Development, attached as Exhibit "G" herein.

The purpose of this Agreement is to set forth the rules and regulations applicable to the Project, which shall be accomplished in accordance with this Agreement, including the Scope of

Development (Exhibit "G") which sets forth a description of the Project and the Schedule of Performance (Exhibit "F").

3.7 Changes and Amendments. Developer may determine that changes to the Development Approvals are appropriate and desirable. In the event Developer makes such a determination, Developer may apply in writing for an amendment to the Development Approvals to effectuate such change(s). The Parties acknowledge that City shall be permitted to use its reasonable discretion in deciding whether to approve or deny any such amendment request; provided, however, that in exercising the foregoing discretion, the City shall not apply a standard different than that used in evaluating requests of other developers. Accordingly, under no circumstance shall City be obligated in any manner to approve any amendment to the Development Approvals. The City Manager shall be authorized to approve any non-substantive amendment to the Development Approvals without processing an amendment to this Agreement. All other amendments shall require the approval of the City Council. The parties acknowledge that any extension of the Term for no more than twenty-four (24) months total is an example of a non-substantive change, which the City Manager, in his or her sole discretion, may approve in writing. Nothing herein shall cause Developer to be in default if it upgrades the digital display installed pursuant to this Agreement during the term of this Agreement to incorporate newer technology; provided Developer shall secure all applicable ministerial permits to do so and such upgrade is consistent with the dimensions and standards for the displays, as provided under this Agreement, Land Use Regulations and Subsequent Land Use Regulations

3.8 Reservation of Authority.

3.8.1 Limitations, Reservations and Exceptions. Notwithstanding any other provision of this Agreement, the following Subsequent Land Use Regulations shall apply to the Development:

(a) Processing fees and charges of every kind and nature imposed by City to cover the estimated actual costs to City of processing applications for Subsequent Development Approvals submitted by Developer.

(b) Procedural regulations consistent with this Agreement relating to hearing bodies, petitions, applications, notices, findings, records, hearing, reports, recommendations, appeals and any other matter of procedure. Notwithstanding the foregoing, if such change materially changes Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

(c) Changes adopted by the International Conference of Building Officials, or other similar body, as part of the then most current versions of the Uniform Building Code, Uniform Fire Code, Uniform Plumbing Code, Uniform Mechanical Code, or National Electrical Code, as adopted by City as Subsequent Land Use Regulations, if adopted prior to the issuance of a building permit for development of the New Digital Billboard. Notwithstanding the foregoing, if such change materially changes Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

(d) Regulations that are not in conflict with the Development Approvals or this Agreement.

(e) Regulations that are in conflict with the Development Approvals or this Agreement, provided Developer has given written consent to the application of such regulations to Development of the 405 FWY Railroad Site and Relocation of the Watson Land Billboard.

(f) Applicable Federal, State, County, and multi-jurisdictional laws and regulations which City is required to enforce as against the 405 FWY Railroad Site, Watson Land Easement or the Development of the 405 FWY Railroad Site or Watson Land Easement and that do not have an exception for (1) existing signs, or (2) legal nonconforming uses, or (3) signs governed by an agreement entered into pursuant to Sections 5412 and 5443.5 of the California Outdoor Advertising Act which were in existence in the City before the approval of this Agreement. Notwithstanding the foregoing, if such regulations materially change Developer's costs or otherwise materially impact its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

3.8.2 *Future Discretion of City.* This Agreement shall not prevent City from denying or conditionally approving any application for a Subsequent Development Approval on the basis of the Land Use Regulations.

3.8.3 *Modification or Suspension by Federal, State, County, or Multi-Jurisdictional Law.* In the event that applicable federal, State, County, or multi-jurisdictional laws or regulations, enacted after the Effective Date of this Agreement, prevent or preclude compliance with one or more of the provisions of this Agreement, and there is no exception for the legal nonconforming use, such provisions of this Agreement shall be modified or suspended as may be necessary to comply with such federal, State, County, or multi-jurisdictional laws or regulations, and this Agreement shall remain in full force and effect to the extent it is not inconsistent with such laws or regulations and to the extent such laws or regulations do not render such remaining provision impractical to enforce. Notwithstanding the foregoing, if such change materially changes Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

3.9 **Regulation by Other Public Agencies.** It is acknowledged by the parties that other public agencies not subject to control by City may possess authority to regulate aspects of the Development as contemplated herein, and this Agreement does not limit the authority of such other public agencies. Developer acknowledges and represents that, in addition to the Land Use Regulations, Developer shall, at all times, comply with all applicable federal, State and local laws and regulations applicable to the New Digital Billboard, 405 FWY Railroad Site, Watson Land Easement Site or Watson Land Billboard that do not have an exception for a legal nonconforming use. To the extent such other public agencies preclude development or maintenance of the Project and that do not have an exception for a legal nonconforming use, Developer shall not be further obligated under this Agreement except as provided in Section 4.1.

Notwithstanding the foregoing, if such action by another public agency materially changes Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

3.10 Public Improvements. Notwithstanding any provision herein to the contrary, the City shall retain the right to condition any Subsequent Development Approvals to require Developer to pay any required development fees, and/or to construct the required public infrastructure ("Exactions") at such time as City shall determine subject to the following conditions; provided that none of the following shall be applicable to the Project as set forth in this Agreement.

3.10.1 The payment or construction must be to alleviate an impact caused by the Project or be of benefit to the Project as a result of such Subsequent Development Approvals; and

3.10.2 The timing of the Exaction should be reasonably related to the development of the Project as a result of such Subsequent Development Approvals and said public improvements shall be phased to be commensurate with the logical progression of the Project as a result of such subsequent Development Approvals as well as the reasonable needs of the public as a result thereof.

3.10.3 It being understood, however, that if there is a material increase in cost to Developer or such action by City otherwise materially impacts developer's performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

3.11 Fees, Taxes and Assessments. During the Term of this Agreement, the City shall not, without the prior written consent of Developer, impose any additional fees, taxes or assessments on all or any portion of the Project, except such fees, taxes and assessments as are described in or required by this Development Agreement and/or the Development Approvals. However, this Development Agreement shall not prohibit the application of fees, taxes or assessments upon the 405 FWY Railroad Site and Watson Land Easement Site only and not the New Digital Billboard, Watson Land Billboard or Developer directly as follows:

3.11.1 Developer shall be obligated to pay those fees, taxes or City assessments and any increases in same which exist as the Effective Date or are included in the Development Approvals;

3.11.2 Developer shall be obligated to pay any fees or taxes, and increases thereof, imposed on a City-wide basis such as, but not limited to, business license fees or taxes or utility taxes;

3.11.3 Developer shall be obligated to pay all fees applicable to a permit application as charged by City at the time such application is filed by Developer;

3.11.4 Developer shall be obligated to pay any fees imposed pursuant to any Uniform Code that existed when the application is filed by the Developer or that exists when the Developer applies for any Subsequent Development Approval.

3.12 Notwithstanding anything to the contrary herein, if there is a change in such fees to those charges as of the full execution hereof or any additional fees are charged and such additional or increased fees materially change Developer's costs or otherwise materially impacts its performance hereunder, Developer may terminate this Agreement upon ninety (90) days prior written notice.

4. REMOVAL OF BILLBOARDS

4.1 **Removal by Developer.** Developer has the right to negotiate an extension of Term as an amendment to this Agreement. If the extension for the Term is not granted by the City, Developer shall be obligated to remove the digital display upon the New Digital Billboard and, at Developer's sole discretion, may either remove the structure of the New Digital Billboard or convert the display to a 19'6" x 48' static sign, previously existing upon the 405 FWY Railroad Billboard within 6 months following the expiration of the term of this Agreement. In addition, if Developer terminates this Agreement pursuant to the express terms thereof, Developer shall be entitled to convert the display to a 19'6" x 48' static sign, previously existing upon the 405 FWY Railroad Billboard within 6 months following the termination of the term of this Agreement.

4.2 **City's Right to Removal.** Provided Developer is not in material breach of the terms of this Agreement past any applicable written notice and cure period (collectively, a "Breach"), City will not have the right to require removal of the New Digital Billboard. Should such a Breach occur, City may require Developer to remove the digital display upon the New Digital Billboard and, at Developer's discretion, may either remove the structure of the New Digital Billboard or convert the display to static displays, previously existing upon the 405 FWY Railroad Billboard within thirty (30) days of City's notice to Developer of such Breach.

5. REVIEW FOR COMPLIANCE.

5.1 **Annual Review.** The City Council shall review this Agreement annually at City's sole cost, on or before the anniversary of the Term, to ascertain the good faith compliance by Developer with the terms of the Agreement ("Annual Review"). However, no failure on the part of City to conduct or complete an Annual Review as provided herein shall have any impact on the validity of this Agreement. Developer shall cooperate with the City in the conduct of such any Annual Review and provide the following information and documentation to the City at least thirty (30) days before the anniversary of the Term: (1) description of all complaints from Caltrans or the City regarding the New Digital Billboard and Watson Land Billboard, (2) description of all complaints from the public regarding the display unrelated to any content of the message displayed (3) any updates to Developer's contact information related to complaints concerning the billboards, as required in the conditions at Exhibit E, Section 6 herein, (4) status and amount of all payment obligations to the City required under this Agreement for the year in question and cumulatively beginning from the Commencement of the Project herein, (5) any easement or lease changes that could in any way materially impact the City or the obligations under this Agreement, (6) any utility changes that could in any way materially impact the City or the obligations under this Agreement, (7) any maintenance issues addressed or needing to be addressed per the requirements of Exhibit E, and (8) whether any City messages per Section

2.7.1 have been displayed during the preceding year of the Term and a description of the duration of such displays.

5.2 **Special Review.** The City Council may, in its sole and absolute discretion, order a special review of compliance with this Agreement at any time at City's sole cost ("Special Review"). Developer shall cooperate with the City in the conduct of such any Special Review.

5.3 **City Rights of Access.** Subject to the City's execution of a permit to enter in form reasonably acceptable to Owner, the City, its officers, employees, agents and contractors, shall have the right, at their sole risk and expense, to enter the 405 FWY Railroad Site and Watson Land Easement at all reasonable times with as little interference as possible for the purpose of conducting the review under this Section 5, inspection, construction, reconstruction, relocation, maintenance, repair or service of any public improvements or public facilities located on the 405 FWY Railroad Site, or to perform any rights of the City under Section 4.2 above. Any damage or injury to the 405 FWY Railroad Site or to the improvements constructed thereon resulting from such entry shall be promptly repaired at the sole expense of the City. Notwithstanding the foregoing, or any other provision in this Agreement (including without limitation Section 4.2 above), the City shall have no right whatsoever to enter the 405 FWY Railroad Site and Watson Land Easement unless and until the City executes and delivers to Developer a permit to enter in form reasonably acceptable to Developer (except that this provision is not intended to interfere with the City's police powers to address any nuisance, dangerous condition, or other condition pursuant to the City's ordinances). Notwithstanding anything to the contrary herein, in no event will City representatives ever climb up the pole of the sign during any inspection.

5.4 **Procedure.** Each party shall have a reasonable opportunity to assert matters which it believes have not been undertaken in accordance with the Agreement, to explain the basis for such assertion, and to receive from the other party a justification of its position on such matters. If, on the basis of the parties' review of any terms of the Agreement, either party concludes that the other party has not complied in good faith with the terms of the Agreement, then such party may issue a written "Notice of Non-Compliance" specifying the grounds therefore and all facts demonstrating such non-compliance. The party receiving a Notice of Non-Compliance shall have thirty (30) days to cure or remedy the non-compliance identified in the Notice of Non-Compliance, or if such cure or remedy is not reasonably capable of being cured or remedied within such thirty (30) days period, to commence to cure or remedy the non-compliance and to diligently and in good faith prosecute such cure or remedy to completion. If the party receiving the Notice of Non-Compliance does not believe it is out of compliance and contests the Notice, it shall do so by responding in writing to said Notice within thirty (30) days after receipt of the Notice. If the response to the Notice of Non-Compliance has not been received in the offices of the party alleging the non-compliance within the prescribed time period, the Notice of Non-Compliance shall be conclusively presumed to be valid. If a Notice of Non-Compliance is contested, the parties shall, for a period of not less than fifteen (15) days following receipt of the response, seek to arrive at a mutually acceptable resolution of the matter(s) occasioning the Notice. In the event that a cure or remedy is not timely effected or, if the Notice is contested and the parties are not able to arrive at a mutually acceptable resolution of the matter(s) by the end of the fifteen (15) day period, the party alleging the non-compliance may thereupon pursue the remedies provided in Section 6. Neither party hereto shall be deemed in

breach if the reason for non-compliance is due to a "force majeure" as defined in, and subject to the provisions of, Section 9.10.

5.5 Certificate of Agreement Compliance. If, at the conclusion of an Annual Review or a Special Review, Developer is found to be in compliance with this Agreement, City shall, upon request by Developer, issue a Certificate of Agreement Compliance ("Certificate") to Developer stating that, after the most recent Annual Review or Special Review, and based upon the information known or made known to the City Manager and City Council, that (1) this Agreement remains in effect and (2) Developer is in compliance. The Certificate, whether issued after an Annual Review or Special Review, shall be in recordable form and shall contain information necessary to communicate constructive record notice of the finding of compliance. Developer may record the Certificate with the County Recorder. Additionally, Developer may, at any time, request from the City a Certificate stating, in addition to the foregoing, which obligations under this Agreement have been fully satisfied with respect to the Sites.

6. DEFAULT AND REMEDIES.

6.1 Termination of Agreement.

6.1.1 Termination of Agreement for Material Default of Developer. City, in its discretion, may terminate this Agreement for any material failure of Developer to perform any material duty or obligation of Developer hereunder or to comply in good faith with the material terms of this Agreement (hereinafter referred to as "default" or "breach"); provided, however, City may terminate this Agreement pursuant to this Section only after following the procedure set forth in Section 5.4. In the event of a termination by City under this Section 6.1.1, Developer acknowledges and agrees that City may retain all fees accrued up to the date of the termination, including the Processing Fee and the Development Fee paid up to the date of termination, and Developer shall pay the prorated amount of the Development Fee within sixty (60) days after the date of termination and removal of the New Digital Billboard that equates to the percentage of time elapsed in the year of the Term at the time of termination.

6.1.2 Termination of Agreement for Material Default of City. Developer, in its discretion, may terminate this Agreement for any material failure of City to perform any material duty or obligation of City hereunder or to comply in good faith with the material terms of this Agreement; provided, however, Developer may terminate this Agreement pursuant to this Section only after following the procedure set forth in Section 5.4. In addition, Developer may terminate this Agreement if, despite Developer's good faith efforts, it is unable to secure the necessary permits and/or compliance with requirements under laws necessary to effectuate the Project. In the event of a termination by Developer under this Section 6.1.2, Developer acknowledges and agrees that City may retain all fees, including the Processing Fee and the Development Fee, Developer paid up to the date of termination, and Developer shall pay the prorated amount of the Development Fee within sixty (60) days after the date of termination and removal of the New Digital Billboard that equates to the percentage of time elapsed in the year of the Term at the time of termination.

6.1.3 *Rights and Duties Following Termination.* Upon the termination of this Agreement, no party shall have any further right or obligation hereunder except with respect to (i) any obligations to have been performed prior to said termination, (ii) any default in the performance of the provisions of this Agreement which has occurred prior to said termination, (iii) Developer's obligation to remove the New Digital Billboard pursuant to Section 4.1 or (iv) any continuing obligations to indemnify other parties.

7. **INSURANCE, INDEMNIFICATION AND WAIVERS.**

7.1 **Insurance.**

7.1.1 *Types of Insurance.*

(a) *Liability Insurance.* Beginning on the Effective Date hereof and until completion of the Term, Developer shall, at its sole cost and expense, keep or cause to be kept in force for the mutual benefit of City, as additional insured, and Developer comprehensive broad form general liability insurance against claims and liabilities covered by the indemnification provisions of section 7.2. Such policy shall provide for limits of a least One Million Dollars (\$1,000,000) for bodily injury or death to any one person, at least Two Million Dollars (\$2,000,000) for any one accident or occurrence, and at least One Million Dollars (\$1,000,000) for property damage. Developer shall also furnish or cause to be furnished to City evidence that any contractors with whom Developer has contracted for the performance of any work for which Developer is responsible maintains the same coverage required of Developer.

(b) *Worker's Compensation.* Developer shall also furnish or cause to be furnished to City evidence reasonably satisfactory to it that any contractor with whom Developer has contracted for the performance of any work for which Developer is responsible hereunder carries worker's compensation insurance as required by law.

(c) *Insurance Policy Form, Sufficiency, Content and Insurer.* All insurance required by express provisions hereof shall be carried only by responsible insurance companies qualified to do business by California with an AM Best Rating of no less than "A". All such policies shall be non-assignable and shall contain language, to the extent obtainable, to the effect that (i) the insurer waives the right of subrogation against City and against City's agents and representatives except as provided in this Section; (ii) the policies are primary and noncontributing with any insurance that may be carried by City, but only with respect to the liabilities assumed by Developer under this agreement; and (iii) the policies cannot be canceled or materially changed except after thirty (30) days' written notice by the insurer to City or City's designated representative Developer shall furnish City with certificates evidencing the insurance. City shall be named as an additional insured on all liability policies of insurance required to be procured by the terms of this Agreement.

7.1.2 *Failure to Maintain Insurance and Proof of Compliance.* Developer shall deliver to City, in the manner required for notices, copies of certificates of all insurance policies required of each policy within the following time limits:

(1) For insurance required above, within seven (7) days after the Effective Date or consistent with the requirements of Exhibit "E" (Schedule of Performance), Item No. 8.

(2) The City can request to see updated copies of the current certificates of all insurance policies required.

If Developer fails or refuses to procure or maintain insurance as required hereby or fails or refuses to furnish City with required proof that the insurance has been procured and is in force and paid for, after complying with the requirements of Section 5.4, the City may view such failure or refusal shall be a default hereunder.

7.2 **Indemnification.**

7.2.1 *General.* Developer shall indemnify the City and Owner, and their respective officers, employees, and agents against, and will hold and save them and each of them harmless from, any and all actions, suits, claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions, or liabilities (herein "claims or liabilities") that may be asserted or claimed by any person, firm, or entity arising out of or in connection with the work, operations, or activities of Developer, its agents, employees, subcontractors, or invitees, hereunder, upon the Sites:

(a) Developer will defend any action or actions filed in connection with any of said claims or liabilities covered by the indemnification provisions herein and will pay all costs and expenses, including reasonable legal costs and attorneys' fees incurred in connection therewith, which attorneys will be the attorneys hired by the insurance company where insurance coverage applies.

(b) Developer will promptly pay any judgment rendered against the City or Owner or their respective officers, agents, or employees for any such claims or liabilities arising out of or in connection with such work, operations, or activities of the Developer hereunder, and Developer agrees to save and hold the City and Owner and their respective officers, agents, and employees harmless therefrom.

7.2.2 *Exceptions.* The foregoing indemnity shall not include claims or liabilities arising from the sole negligence or willful misconduct of the City, its officers, agents, subcontractors or employees, who are directly responsible for the City.

7.2.3 *Additional Coverage.* Without limiting the generality of the foregoing, Developer's indemnity obligation shall include any liability arising by reason of:

(1) Any accident or other occurrence in or on the Sites causing injury to any person or property whatsoever and caused by Developer;

(2) Any failure of Developer to comply with performance of all of the provisions of this Agreement;

(3) Any harm, delays, injuries or other damages incurred by any party as a result of any subsurface conditions on the site caused solely by Developer, including but not limited to, the presence of buried debris, hazardous materials, hydrocarbons, or any form of soil contamination.

7.2.4 Loss and Damage. Except as set forth below, City shall not be liable for any damage to property of Developer, Owner or of others located on the Sites, nor for the loss of or damage to any property of Developer, Owner or others by theft or otherwise. Except as set forth below, City shall not be liable for any injury or damage to Developer, its employees or its property resulting from fire, explosion, steam, gas, electricity, water, rain, dampness or leaks from any part of the Sites or from the pipes or plumbing, or from the street, or from any environmental or soil contamination or hazard, or from any other latent or patent defect in the soil, subsurface or physical condition of the Site, or by any other cause of whatsoever nature. The foregoing two (2) sentences shall not apply (i) to the extent City or its agents, employees, subcontractors, invitees or representatives causes such injury or damage when accessing the Sites, or (ii) to the extent covered in any permit to enter executed by the City, or (iii) results from a condition created upon such Site by the City as Successor Agency to the Carson Redevelopment Agency as the owner thereof.

7.2.5 Period of Indemnification. The obligations for indemnity under this Section 7.2 shall begin upon the Effective Date and shall survive termination of Development Agreement.

7.3 Waiver of Subrogation. Developer agrees that it shall not make any claim against, or seek to recover from City or its agents, servants, or employees, for any loss or damage to Developer, its agents, employees, subcontractors, or invitees, or any property of Developer its agents, employees, subcontractors, or invitees relating to this Project, except as specifically provided hereunder which include but is not limited to, a claim or liability arising from the sole negligence or willful misconduct of the City, its officers, agents, or employees, who are directly responsible for the City.

8. MORTGAGEE PROTECTION.

The parties hereto agree that this Agreement shall not prevent or limit Developer, in any manner, at Developer's sole discretion, from encumbering the 405 FWY Railroad Site, Watson Land Easement or any portion thereof or any improvement thereon by any mortgage, deed of trust or other security device securing financing with respect to the 405 FWY Railroad Site or Watson Land Easement. City acknowledges that the lenders providing such financing may require certain Agreement interpretations and modifications and City agrees upon request, from time to time, to meet with Developer or Owner and representatives of such lenders to negotiate in good faith any such request for interpretation or modification. Subject to compliance with applicable laws, City will not unreasonably withhold its consent to any such requested interpretation or modification provided City determines such interpretation or modification is consistent with the intent and purposes of this Agreement. Any Mortgagee of the Site shall be entitled to the following rights and privileges:

(a) Neither entering into this Agreement nor a breach of this Agreement shall defeat, render invalid, diminish or impair the lien of any mortgage on the Development or Site made in good faith and for value, unless otherwise required by law.

(b) The Mortgagee of any mortgage or deed of trust encumbering the Development or 405 FWY Railroad Site or Watson Land Easement, or any part thereof, which Mortgagee has submitted a request in writing to the City in the manner specified herein for giving notices, shall be entitled to receive written notification from City of any default by Developer in the performance of Developer's obligations under this Agreement.

(c) If City timely receives a request from a Mortgagee requesting a copy of any notice of default given to Developer under the terms of this Agreement, City shall make a good faith effort to provide a copy of that notice to the Mortgagee within ten (10) days of sending the notice of default to Developer. The Mortgagee shall have the right, but not the obligation, to cure the default during the period that is the longer of (i) the remaining cure period allowed such party under this Agreement, or (ii) sixty (60) days.

(d) Any Mortgagee who comes into possession of the Development or 405 FWY Railroad Site, Watson Land Easement, or any part thereof, pursuant to foreclosure of the mortgage or deed of trust, or deed in lieu of such foreclosure, shall take the Development or 405 FWY Railroad Site, Watson Land Easement, or part thereof, subject to the terms of this Agreement. Notwithstanding any other provision of this Agreement to the contrary, no Mortgagee shall have an obligation or duty under this Agreement to perform any of Developer's obligations or other affirmative covenants of Developer hereunder, or to guarantee such performance; except that (i) to the extent that any covenant to be performed by Developer is a condition precedent to the performance of a covenant by City, the performance thereof shall continue to be a condition precedent to City's performance hereunder, and (ii) in the event any Mortgagee seeks to develop or use any portion of the Development or 405 FWY Railroad Site or Watson Land Easement acquired by such Mortgagee by foreclosure, deed of trust, or deed in lieu of foreclosure, such Mortgagee shall strictly comply with all of the terms, conditions and requirements of this Agreement and the Development Approvals applicable to the Development or 405 FWY Railroad Site, Watson Land Easement or such part thereof so acquired by the Mortgagee.

9. MISCELLANEOUS PROVISIONS.

9.1 Recordation of Agreement. This Agreement shall be recorded with the County Recorder by the City Clerk within 10 days of execution, as required by Government Code Section 65868.5. Amendments approved by the parties, and any cancellation, shall be similarly recorded.

9.2 **Entire Agreement.** This Agreement sets forth and contains the entire understanding and agreement of the parties with respect to the subject matter set forth herein, and there are no oral or written representations, understandings or ancillary covenants, undertakings or agreements which are not contained or expressly referred to herein. No testimony or evidence of any such representations, understandings or covenants shall be admissible in any proceeding of any kind or nature to interpret or determine the terms or conditions of this Agreement.

9.3 **Severability.** If any term, provision, covenant or condition of this Agreement shall be determined invalid, void or unenforceable, then that term, provision, covenant or condition of this Agreement shall be stricken and the remaining portion of this Agreement shall remain valid and enforceable if that stricken term, provision, covenant or condition is not material to the main purpose of this agreement, which is to allow the Development to be permitted and operated and to provide the Development Fee to the City; otherwise, this Agreement shall terminate in its entirety, unless the parties otherwise agree in writing, which agreement shall not be unreasonably withheld.

9.4 **Interpretation and Governing Law.** This Agreement and any dispute arising hereunder shall be governed and interpreted in accordance with the laws of the State of California. This Agreement shall be construed as a whole according to its fair language and common meaning, to achieve the objectives and purposes of the parties hereto. The rule of construction, to the effect that ambiguities are to be resolved against the drafting party or in favor of the non-drafting party, shall not be employed in interpreting this Agreement, all parties having been represented by counsel in the negotiation and preparation hereof.

9.5 **Section Headings.** All section headings and subheadings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

9.6 **Singular and Plural.** As used herein, the singular of any word includes the plural.

9.7 **Time of Essence.** Time is of the essence in the performance of the provisions of this Agreement as to which time is an element.

9.8 **Waiver.** Failure of a party to insist upon the strict performance of any of the provisions of this Agreement by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Agreement thereafter.

9.9 **No Third Party Beneficiaries.** This Agreement is made and entered into for the sole protection and benefit for the parties and their successors and assigns. No other person shall have any right of action based upon any provision of this Agreement.

9.10 **Force Majeure.** Neither party shall be deemed to be in default where failure or delay in performance of any of its obligations under this Agreement is caused by earthquakes, other acts of God, fires, rains, winds, wars, terrorism, riots or similar hostilities, strikes and other labor difficulties beyond the party's control (including the party's employment force), government actions and regulations (other than those of the City), court actions (such as restraining orders or injunctions), or other causes beyond the party's reasonable control. If any

such events shall occur except as otherwise provided herein, the term of this Agreement and the time for performance shall be extended for the duration of each such event, provided that the term of this Agreement shall not be extended under any circumstances for more than five (5) years and further provided that if such delay is longer than six (6) months, Developer may terminate this Agreement upon written notice to City and City shall return to developer any portion of the Development fee paid for any period after the effective date of such termination.

9.11 **Mutual Covenants.** The covenants contained herein are mutual covenants and also constitute conditions to the concurrent or subsequent performance by the party benefited thereby of the covenants to be performed hereunder by such benefited party.

9.12 **Counterparts.** This Agreement may be executed by the parties in counterparts, which counterparts shall be construed together and have the same effect as if all of the parties had executed the same instrument.

9.13 **Litigation.** Any action at law or in equity arising under this Agreement or brought by any party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed and tried in the Superior Court of the County of Los Angeles, State of California, or such other appropriate court in said county. Service of process on City shall be made in accordance with California law. Service of process on Developer shall be made in any manner permitted by California law and shall be effective whether served inside or outside California. In the event of any action between City and Developer seeking enforcement of any of the terms and conditions to this Agreement, the prevailing party in such action shall be awarded, in addition to such relief to which such party is entitled under this Agreement, its reasonable litigation costs and expenses, including without limitation its expert witness fees and reasonable attorneys' fees.

9.14 **Covenant Not To Sue.** The parties to this Agreement, and each of them, agree that this Agreement and each term hereof is legal, valid, binding, and enforceable. The parties to this Agreement, and each of them, hereby covenant and agree that each of them will not commence, maintain, or prosecute any claim, demand, cause of action, suit, or other proceeding against any other party to this Agreement, in law or in equity, which is based on an allegation, or assert in any such action, that this Agreement or any term hereof is void, invalid, or unenforceable.

9.15 **Project as a Private Undertaking.** It is specifically understood and agreed by and between the parties hereto that the Development of the Project is a private Development, that neither party is acting as the agent of the other in any respect hereunder, and that each party is an independent contracting entity with respect to the terms, covenants and conditions contained in this Agreement. No partnership, joint venture or other association of any kind is formed by this Agreement. The only relationship between City and Developer is that of a government entity regulating the Development of private property, on the one hand, and the holder of a legal or equitable interest in such property on the other hand. City agrees that by its approval of, and entering into, this Agreement, that it is not taking any action which would transform this private Development into a "public work" project, and that nothing herein shall be interpreted to convey upon Developer any benefit which would transform Developer's private project into a public work project, it being understood that this Agreement is entered into by City and Developer upon

the exchange of consideration described in this Agreement, including the Recitals to this Agreement which are incorporated into this Agreement and made a part hereof, and that City is receiving by and through this Agreement the full measure of benefit in exchange for the burdens placed on Developer by this Agreement.

9.16 Further Actions and Instruments. Each of the parties shall cooperate with and provide reasonable assistance to the other to the extent contemplated hereunder in the performance of all obligations under this Agreement and the satisfaction of the conditions of this Agreement. Upon the request of either party at any time, the other party shall promptly execute, with acknowledgment or affidavit if reasonably required, and file or record such required instruments and writings and take any actions as may be reasonably necessary under the terms of this Agreement to carry out the intent and to fulfill the provisions of this Agreement or to evidence or consummate the transactions contemplated by this Agreement.

9.17 Eminent Domain. No provision of this Agreement shall be construed to limit or restrict the exercise by City of its power of eminent domain or Developer's right to seek and collect just compensation or any other remedy available to it.

9.18 Amendments in Writing/Cooperation. This Agreement may be amended only by written consent of both parties specifically approving the amendment and in accordance with the Government Code provisions for the amendment of Development Agreements. The parties shall cooperate in good faith with respect to any amendment proposed in order to clarify the intent and application of this Agreement, and shall treat any such proposal on its own merits, and not as a basis for the introduction of unrelated matters. Minor, non-material modifications may be approved by the City Manager upon approval by the City Attorney.

9.19 Corporate Authority. The person(s) executing this Agreement on behalf of each of the parties hereto represent and warrant that (i) such party, if not an individual, is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other agreement to which such party is bound.

9.20 Notices. All notices under this Agreement shall be effective when delivered by United States Postal Service mail, registered or certified, postage prepaid return receipt requested; and addressed to the respective parties as set forth below or as to such other address as the parties may from time to time designate in writing by providing notice to the other party:

9.22 **No Brokers.** City and Developer represent and warrant to the other that neither has employed any broker and/or finder to represent its interest in this transaction. Each party agrees to indemnify and hold the other free and harmless from and against any and all liability, loss, cost, or expense (including court costs and reasonable attorneys' fees) in any manner connected with a claim asserted by any individual or entity for any commission or finder's fee in connection with this Agreement or arising out of agreements by the indemnifying party to pay any commission or finder's fee.

**AMENDMENT TO EASEMENT AND AGREEMENT
TO RELOCATE BILLBOARD**

THIS AMENDMENT TO EASEMENT AND AGREEMENT TO RELOCATE BILLBOARD (this "Agreement") is dated as of _____, 20____ (the "Effective Date"), by and between WATSON LAND COMPANY, a California corporation ("WATSON") and the CITY OF CARSON, a California municipality, as Successor Agency to the CARSON REDEVELOPMENT AGENCY ("CARSON").

RECITALS

A. On or about July 24, 1986, CARSON filed an eminent domain action against WATSON for certain real property owned by WATSON (the "Subject Property") that the City needed for public use (i.e. redevelopment and elimination of blight), the same being Case No. BC 154293, Superior Court of the State of California.

B. WATSON and CARSON stipulated to a Final Judgment and Final Order of Condemnation (the "Judgment"), a copy of which is attached hereto as **Exhibit A**, pursuant to which CARSON acquired fee title to the Subject Property, subject to an easement in favor of WATSON for the purpose of maintaining a billboard (the "Watson Billboard") over a strip of land approximately twenty feet (20') in width, as set forth in the legal description attached to the Judgment (the "Watson Easement").

C. The parties desire to relocate the Watson Billboard to a new location within the Watson Easement, and are entering into this Agreement to memorialize the understanding and agreement among the parties relating to the relocation of the Watson Billboard pursuant to §5443.5 of the California Outdoor Advertising Act (Bus. & Prof. Code §5200 et seq.), as well as the relocation and/or reconfiguring of necessary access and utilities to ensure the continued operation of the Watson Billboard.

D. The parties acknowledge that prior to WATSON relocating the Watson Billboard, it will be necessary for WATSON to procure permits to do so, and CARSON agrees to reasonably assist WATSON in obtaining such permits, at no cost to CARSON.

AGREEMENTS

NOW, THEREFORE, in consideration of the mutual undertakings herein set forth, the parties agree as follows:

1. Incorporation of Recitals. The foregoing Recitals are incorporated herein.
2. Relocation of Watson Billboard. WATSON shall, at its sole cost and expense, relocate the Watson Billboard from its existing location to the new location within the Watson Easement (the "Relocation"). The new site is shown on **Exhibit B** attached hereto. Additionally, the parties agree that the Relocation shall not constitute a discontinuance of the use or operation of the Watson Billboard, and the easement granted to WATSON pursuant to the Judgment shall not be subject to automatic termination as a result of the Relocation.
3. Access and Utilities Easements. To ensure WATSON's continued use of the Watson Billboard following the Relocation, the parties agree that the access and utilities to the new site within the Watson Easement shall be relocated, at WATSON's sole cost and expense. The proposed locations of the access and utilities are set forth on **Exhibit C** attached hereto. The parties confirm that WATSON's rights of vehicular and pedestrian ingress to and egress from the Watson Easement shall continue as set forth in the Watson Easement as amended by this Agreement.
4. Agreement Binding. This Agreement has been duly and validly executed and delivered by the parties, and constitutes a legal, valid and binding obligation of the parties and is enforceable in accordance with its terms, except as enforcement may be limited by applicable bankruptcy, insolvency or similar laws affecting the rights of creditors generally, and subject to general principles of equity.
5. Full Force and Effect. The Watson Easement, as amended by this Agreement, is in full force and effect and CARSON and WATSON hereby ratify and confirm the Watson Easement in all respects.
6. Assignment. This Agreement and all of its terms shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns. This Agreement shall not be assigned by any one of the parties without the prior written consent of the other parties. In the event of any permitted assignment hereunder, any assignee shall be bound by all the terms and conditions set forth in this Agreement, and no such assignment shall release any party requesting consent to such assignment from its obligations and liabilities hereunder.
7. Notices. All notices and other communications hereunder shall be in writing and shall be deemed given when delivered by hand, by facsimile transmission, by overnight courier, or mailed by registered or certified mail (return receipt requested), postage prepaid, to the parties at the addresses set forth at the end of this Agreement.
8. Entire Agreement and Exhibits. This Agreement, including the aforementioned Recitals and Exhibits attached hereto, which are incorporated herein by this reference, and the documents delivered pursuant hereto, embodies the entire agreement and understanding of the

parties with respect to the subject matter hereof and supersedes all prior agreements and understandings between the parties.

9. Amendments or Modifications. This Agreement may not be amended or modified except in a writing signed by the parties.

10. Governing Law. This Agreement shall be governed by, construed and enforced in accordance with the laws of the State of California and not by choice of law principles or the laws of any other state.

11. Further Documents. Each party shall execute such additional documents as may be reasonably required to carry out the purpose of this Agreement.

12. Counterparts. This Agreement may be executed in any number of counterparts, all of which together shall constitute one and the same instrument, and each of which shall be deemed an original hereof.

IN WITNESS WHEREOF, the parties have executed this Amendment to Easement and Agreement to Billboard as of the date first above appearing.

SCOPE OF DEVELOPMENT

Developer and City agree that the Development shall be undertaken in accordance with the terms of the Agreement, which include the following:

1. The Project. Developer shall Relocate the Watson Land Billboard and replace the existing static sign with the New Digital Billboard in accordance with the terms of this Agreement. The New Digital Billboard consists of one (1) 80' tall, "bulletin" size freeway-oriented billboards with a total of two (2) displays (each display measuring 14' x 48') within the 405 FWY Railroad Site. The 405 FWY Railroad Billboard shall be relocated on the 405 FWY Railroad Site, in the location depicted at Exhibit "A" and "A-1" hereto in cooperation with the Owner and as further provided in this Agreement at Section 3.2. As required by the City at the time of the final development of the Sites, Developer shall install underground all utilities necessary for the New Digital Billboard. Prior to such final development which may take several years following the execution of the Agreement, Developer may maintain above-ground utilities for the New Digital Billboard and the Watson Land Billboard per the plans attached at Exhibit "H" hereto; provided that if development does not commence within three (3) years of the Effective Date of this Agreement, Developer shall install underground all utilities necessary for the New Digital Billboard and the Watson Land Billboard within six (6) months from the date of any notice by the City requesting such underground installation. Such six (6) month period may be extended for such time as necessary to account for any Force Majeure event or delays by the City in processing the plans for the undergrounding of the utilities (provided Developer notifies City in writing within thirty (30) days of experiencing the delay). Developer and CBS Outdoor shall use good faith efforts to collaborate with the design, plan check and installation and share the costs of the above-ground and underground utilities. The New Digital Billboard Site and the Watson Land Billboard Site shall be maintained in accordance with the conditions at Paragraph 3 below. The New Digital Billboard shall permanently display the City of Carson's name and shall be designed substantially in the form approved by the City.

2. Building Fees. Developer shall pay all applicable City building fees, as described at Section 2.5 of this Agreement, at the time that a building permit is issued for the installation of the New Digital Billboard on the 405 FWY Railroad Site.

3. Maintenance and Access. Developer, for itself and its successors and assigns, hereby covenants and agrees to be responsible for the following:

(a) Maintenance and repair of the New Digital Billboard and within the 405 FWY Railroad Site and Watson Land Billboard and within the Watson Land Easement, including but not limited to, the displays installed thereon, and all related on-site improvements, easements, rights-of-way and, if applicable, at its sole cost and expense, including, without limitation, landscaping, poles, lighting, signs and walls, in good repair, free of graffiti, rubbish, debris and other hazards to persons using the same, and in accordance with all applicable laws, rules, ordinances and regulations of all federal, State, and local bodies and agencies

having jurisdiction over the Site unless those federal, State, and local bodies have an exception for a legal nonconforming use. Such maintenance and repair shall include, but not be limited to, the following: (i) sweeping and trash removal related to the Development; (ii) the ongoing maintenance by the Developer of the access road to the New Digital Billboard and the Watson Land Billboard to minimize dust caused by the Development; and (ii) the repair, replacement and repainting of the New Digital Billboard and Watson Land Billboard structures and displays as necessary to maintain such billboard in good condition and repair.

(b) Maintenance of the New Digital Billboard within the 405 FWY Railroad Site and Watson Land Billboard within the Watson Land Easement in such a manner as to avoid the reasonable determination of a duly authorized official of the City that a public nuisance has been created by the absence of adequate maintenance of the Development.

(c) Developer shall use good faith efforts to coordinate with CBS Outdoor Inc. or successor sharing utilities or access roads to its separate billboards. The City may designate alternative access for planning purposes so long as such alternative access allows Developer to access its billboard and related utilities.

4. Other Rights of City. In the event of any violation or threatened violation of any of the provisions of this Exhibit "B," then in addition to, but not in lieu of, any of the rights or remedies the City may have to enforce the provisions of this Agreement, the City shall have the right, after complying with Section 5.4 of this Agreement, (i) to enforce the provisions hereof by undertaking any maintenance or repairs required by Developer under Paragraph 3 above (subject to the execution of a permit to enter in form reasonably acceptable to Owner) and charging Developer for any actual maintenance costs incurred in performing same, and (ii) to withhold or revoke, after giving written notice of said violation, any building permits, occupancy permits, certificates of occupancy, business licenses and similar matters or approvals pertaining to the 405 FWY Railroad Site, Relocation or any part thereof or interests therein as to the violating person or one threatening violation.

5. No City Liability. The granting of a right of enforcement to the City does not create a mandatory duty on the part of the City to enforce any provision of this Agreement. The failure of the City to enforce this Agreement shall not give rise to a cause of action on the part of any person. No officer or employee of the City shall be personally liable to the Developer, its successors, transferees or assigns, for any default or breach by the City under this Agreement.

6. Conditions of Approval. The following additional conditions shall apply to the installation of the New Digital Billboard and the Relocation of the Watson Land Billboard, which shall conform to all applicable provisions of the Carson Municipal Code (CMC) and the following conditions, in a manner subject to the approval of the Planning Officer or designee:

(a) A building permit will be required, structural calculations shall be prepared by a licensed civil engineer and approved by the City Building Official.

(b) The Watson Land Billboard shall be located in the portion of the Watson Land Easement Site shown on Exhibit "A-1" as a result of the Relocation, and shall be of the dimensions described in Section 1, above. Developer acknowledges that, upon development of the Watson Land Easement Site, the Watson Land Easement may be superseded by a different instrument authorizing the continued maintenance and operation of the Watson Land Billboard.

(c) The size of the active copy area of each sign display of New Digital Billboard or Watson Land Billboard shall not exceed a maximum area of 672 square feet with no more than 128 total feet of extensions or borders and shall not to exceed a maximum height of 80 feet, including all extensions, from the grade level, and shall be spaced at intervals that are no less than 500 feet from any other billboard on the same side of the freeway and measured parallel to the freeway as depicted in the Site Plan and Elevations at Exhibit "A-1" approved by the City as part of the Development Approvals.

(d) The New Digital Billboard and Watson Land Billboard poles shall match the specifications attached in Exhibit A-1 subject to the approval of the City's Development Services Manager or designee.

(e) Plans and specifications for the proposed installation of the New Digital Billboard, including plans for the undergrounding of all utilities, shall be submitted to the City Planning and Building Departments for plan check and approval prior to the issuance of building permits.

(f) Prior to the approval of the final inspection, all applicable conditions of approval and all mandatory improvements shall be completed to the reasonable satisfaction of the City.

(g) Developer shall maintain the 405 FWY Railroad Site and Watson Land Easement and use thereof in full compliance with all applicable codes, standards, policies and regulations imposed by the City, County, State or federal agencies with jurisdiction over the facilities, unless the Development is exempted as a legal nonconforming use.

(h) Developer shall, at all time, comply with the approval for the New Digital Billboard from the California Department of Transportation Outdoor Advertising Division and shall maintain acceptable clearance between proposed billboards and Southern California Edison distribution lines.

(i) The Developer shall pay any and all applicable fees due to any public agency prior to the final issuance of the building permits.

(j) The activities proposed in this Agreement shall be conducted completely upon the 405 FWY Railroad Site and Watson Land Easement and shall not use or encroach on any operable portion of any public right-of-way.

(k) Developer shall be required to install all underground utilities in connection with the New Digital Billboard and Watson Land Billboard as set forth in paragraphs 1 and 3 above. To this end, City shall cooperate with the Southern California Edison requirement upon Developer to upgrade Developer's current electrical service to the New Digital Billboard and Watson Land Billboard requiring the installation of electrical conduit approximately 1300 feet. The City acknowledges that such utility conduit may be placed above-ground until the final development of the Sites.

(l) Developer shall comply with all necessary NPDES requirements pertaining to the proposed use, to the extent applicable.

(m) All graffiti shall be adequately and completely removed or painted over within 48 hours of notice of such graffiti being affixed on the Development.

(n) Prior to issuance of a building approval allowing the operation of the New Digital Billboard, all City-Oriented Billboards shall be completely removed.

(o) Developer shall comply with State law regarding the limitation of light or glare or such other standards as adopted by the Outdoor Advertising Association of America, Inc. (OAAA), including but not limited to, the 0.3 foot-candles limitation over ambient light levels and ensuring additional flexibility in reducing such maximum light level standard given the lighting environment, the obligation to have automatic dimming capabilities, as well as providing the City's Planning Officer or designee with a designated Developer employee's phone number and/or email address for emergencies or complaints that will be monitored 24 hours a day/7 days per week. Upon any complaint by the City's Planning Officer or designee, Developer shall dim the display to meet these guidelines and further perform a brightness measurement of the display using OAAA standards and provide City with the results of same within 5 days of the City's complaint.

(p) Each message on the New Digital Billboard display shall be displayed for the number of seconds permitted by applicable California statutes.
