Below are items taken from Carson Municipal Code Section 9128.4 - Home Occupations. Please read each item and check the box at the end of each item to indicate that you have read and understand it:

1. The above home occupation is secondary and incidental to the principal use of the above-mentioned property. (The primary use must remain a residence.)
2. The character of the structure and premises is not changed from a residential character. The appearance of the structure shall not be altered in any way, nor may the conduct of the occupation within the structure be such that the structure can be recognized as serving a nonresidential use (either by color, materials of construction, lighting, sounds or noises, vibrations, electrical interference or otherwise).
3. There shall be no storage of materials and/or supplies either indoors or outdoors and no accessory building or space outside the main building is used for home occupational purposes, except that the garage may be used for storage provided that such storage does not interfere with required off-street parking spaces.
4. No direct sale of goods shall be made on the premises.
5. No sign and/or structure shall be exhibited other than those otherwise permitted.
6. The above home occupation does not require material or equipment recognized as not being normally used by residents or hobbyists in households, except that light business machines are permitted.

I have read and agree to all of the above.
