

CITY OF CARSON
PLANNING COMMISSION
RESOLUTION NO.

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF CARSON
APPROVING DESIGN OVERLAY REVIEW NO. 922-05:**

Section 1. An application was duly filed by the applicant, John Peterkovich, with respect to real property located at 263 E. 215th Street and described in Exhibit "A" attached hereto, requesting and seeking the approval of Design Overlay Review No. 922-05 for construction of a 2,116 square foot, two-story addition and building modification to existing one-story single-family residence, including a detached four-car garage/accessory structure (1,050 square feet) located at 263 E. 215th Street.

A public hearing was duly held on January 10, 2006, at 6:30 P.M. at City Hall, Council Chambers, 701 East Carson Street, Carson, California. A notice of time, place and purpose of the aforesaid meeting was duly given.

Section 2. Evidence, both written and oral, was duly presented to and considered by the Planning Commission at the aforesaid meeting.

Section 3. Pursuant to Section 9172.23, Site Plan and Design Review, the Planning Commission finds that:

- a) The proposed single-family residence is consistent with the General Plan of the City of Carson in that the property and surrounding area are designated as Low Density (1-8 units max.) and are zoned RS (Residential, Single-Family);
- b) The proposed project is for an addition to an existing single-family residence located in area with a mixture of one and two-story single-family residential housing types. The project is consistent with newer two-story single-family residences in the neighborhood and meets the City's design and development standards;
- c) 215th Street which serves a modest amount of traffic and provides a large amount of on-street parking. Adequate driveway width and a pedestrian sidewalk will ensure safety for pedestrians and motorists. The front yard fences will not exceed the maximum Code requirement of 42 inches in height, which will allow visibility for motorists backing up onto 215th Street;
- d) The proposed project is for a single-family residence and will not require signage other than for address identification; and,
- e) The proposed project meets all applicable design standards and guidelines of the Municipal Code.

Section 4. Pursuant to the California Environmental Quality Act (CEQA), Article 19, Section 15301(e2), Existing Structures, the proposed modification of the existing single family residence located in an urbanized residential zone can be deemed "Categorically Exempt". No significant environmental impacts would result from this proposal.

Section 5. Based on the aforementioned findings, the Commission hereby [grants Design Overlay Review No. 922-05](#) with respect to the property described in Section 1 hereof, subject to the conditions set forth in Exhibit "B" attached hereto, and approves the Notice of Exemption identifying the project as "Categorically Exempt."

Section 6. The Secretary shall certify to the adoption of the Resolution and shall transmit copies of the same to the applicant.

Section 7. This action shall become final and effective fifteen days after the adoption of this Resolution unless within such time an appeal is filed with the City Clerk in accordance with the provisions of the Carson Zoning Ordinance.

PASSED, APPROVED AND ADOPTED THIS 10th DAY OF JANUARY, 2006.

CHAIRMAN

ATTEST:

SECRETARY
