POSTMASTER :

DATED MATERIAL. *Please deliver promptly.*

THE CITY OF CARSON HAS A NEW RESIDENTIAL TRASH HAULER

Dear Carson Homeowners/Residents:

Subject: Change in Authorized Trash and Recycling Service Provider

On February 20, 2018, City Council approved a new contract for residential waste hauling services with Waste Resources (WR). Your services with WR will begin July 1, 2018. No other companies will be authorized to collect solid waste in the City after this date, including those for temporary services.

During this time of transition, WR will be providing you with information about the new carts and services available to you:

- Three carts with different colored lids for trash, recycling, and greenwaste
- Available cart sizes
- Senior discounts
- Valet service
- Sharps mailback program
- Bulky item and e-waste collection
- Other services and options

You will have the opportunity to select the number and size of carts before the July 1 start date. Your old carts are scheduled to be exchanged for new WR carts in the last two weeks of June 2018. You will receive updates as the exchange date nears, as well as notification if your collection day will change.

If you have any questions regarding your new service, please contact WR's customer service at (888) 467-7600 or attend one of the community information sessions. If you are not able to make it to a sign up event, you can submit your application by mail, fax or email. Seniors will have the opportunity to sign up for discounted service in person. See times and location below. Additional information will be made available from both the City and WR as the transition date nears.

Kenneth C. Farfsing
City Manager
