

Choura Events to Provide All Catering Services at Community Center Beginning January 1st

Food and beverages and related equipment for all catered events at the Congresswoman Juanita Millender-McDonald Community Center will be provided by Choura Events beginning January 1st.

On December 6, the City Council awarded Choura Events a 5-year exclusive catering contract for all catered events at the Community Center. Choura will be replacing Jay's Catering, which has been the center's exclusive caterer for over 20 years.

Choura Events also currently provides catering services at The Grand in Long Beach, the Long Beach Event Center, El Dorado Park Golf Course, Long Beach Airport, and California State University Long Beach.

In its proposal to the City of Carson, Choura Events offered to invest in capital improvements such as upgrading or refurbishing existing equipment at the Community Center, and to bring renewed energy to its catered events through aggressive sales and marketing plan.

The City's staff is working diligently with individuals with upcoming bookings to ensure a smooth transition between the two catering companies.

For any catering questions for a future event at the Community Center, please contact Choura Events at 562-426-0555 prior to January 1st, and 310-835-0212 ext. 1453 after January 1st. Choura's menu is also available online at <http://www.choura.us>
