ControlPay[®] Advanced

Automated Accounts Payable Solution

Get paid as you pay your bills!

With Commerce Bank's **ControlPay[®] Advanced (CPA)** you can earn monthly revenue share by simply replacing paper checks with electronic payment through the Visa[®] Network. Easily customized for your municipality, CPA works with your existing accounts payable software and provides flexible vendor acceptance options ... **without requiring you to change your current accounting process.**

- No cost for the program
- No software to host
- Experience with several financial systems including PeopleSoft, Oracle, SAP, Tyler Technologies and more

Generate Revenue NOW

There's nothing better than CASH when it comes to budget woes. Commerce Bank is committed to helping your municipality put cash back into your budget with a steady revenue stream using ControlPay Advanced, our automated Accounts Payable solution.

Implementation made easy

Commerce Bank helps you get your program up and running without interruption and helps you grow the program to maximize your revenue share.

- Keep your existing banking relationships
- Commerce Bank support teams help with file transfers, training and vendor enrollment
- Relationship Manager assigned for ongoing program evaluation to help maximize monthly revenue share

"Due to recommendations from Commerce Bank regarding program best practices we were able to increase our volume by 37% in less than one year. As a result, our revenue share has tripled."
