

(5) The land is transferred to the local agency or to a housing developer approved by the local agency. The local agency may require the applicant to identify and transfer the land to the developer.

(6) The transferred land shall be within the boundary of the proposed development or, if the local agency agrees, within one-quarter mile of the boundary of the proposed development.

(i) (1) When an applicant proposes to construct a housing development that conforms to the requirements of subdivision (b) and includes a child care facility that will be located on the premises of, as part of, or adjacent to, the project, the city, county, or city and county shall grant either of the following:

(A) An additional density bonus that is an amount of square feet of residential space that is equal to or greater than the amount of square feet in the child care facility.

(B) An additional concession or incentive that contributes significantly to the economic feasibility of the construction of the child care facility.

(2) The city, county, or city and county shall require, as a condition of approving the housing development, that the following occur:

(A) The child care facility shall remain in operation for a period of time that is as long as or longer than the period of time during which the density bonus units are required to remain affordable pursuant to subdivision (c).

(B) Of the children who attend the child care facility, the children of very low income households, lower income households, or families of moderate income shall equal a percentage that is equal to or greater than the percentage of dwelling units that are required for very low income households, lower income households, or families of moderate income pursuant to subdivision (b).

(3) Notwithstanding any requirement of this subdivision, a city, county, or a city and county shall not be required to provide a density bonus or concession for a child care facility if it finds, based upon substantial evidence, that the community has adequate child care facilities.

(4) "Child care facility," as used in this section, means a child day care facility other than a family day care home, including, but not limited to, infant centers, preschools, extended day care facilities, and schoolage child care centers.

(j) "Housing development," as used in this section, means one or more groups of projects for residential units constructed in the planned development of a city, county, or city and county. For the purposes of this section, "housing development" also includes a subdivision or a planned unit development or condominium project, as defined in Section 1351 of the Civil Code, approved by a city, county, or city and county and consists of residential units or unimproved residential lots and either a project to substantially rehabilitate and convert an existing commercial building to residential use or the substantial rehabilitation of an existing multifamily dwelling, as defined in subdivision (d) of Section 65863.4, where the result of the rehabilitation would be a net increase in available residential units. For the purpose of calculating a density bonus, the residential units do not have to be based upon individual subdivision maps or parcels. The density bonus shall be permitted in geographic areas of the housing development other than the areas where the units for the lower income households are located.

(k) The granting of a concession or incentive shall not be interpreted, in and of itself, to require a general plan amendment, local coastal plan amendment, zoning change, or other discretionary
