Submitted by Jacquelyn Acosta
Administrative Services General Manager

Approved by Clifford W. Graves
Interim City Manager

I. SUMMARY

Staff has processed applications from organizations and service clubs for licenses to operate fireworks stands. Those that are deemed qualified are listed under Exhibit No. 1. The 2011 season begins at 12:00 noon on Tuesday, June 28th and ends at 10:00 p.m. on Monday, July 4th. This report is being presented so that the City Council may consider the matter and direct staff accordingly.

II. RECOMMENDATION

APPROVE the applicants listed under Exhibit No. 1 contingent upon their compliance with all governing rules and regulations, approvals from all inspecting agencies, and the applicants' attendance at a Fireworks Stand Operators' Safety Seminar and Orientation Session as mandated by Section 3101.5(e) of the Carson Municipal Code.

III. ALTERNATIVES

TAKE another action the City Council deems appropriate.

IV. BACKGROUND

The roster of organizations requesting to conduct fireworks sales beginning at 12:00 noon on Tuesday, June 28th through 10:00 p.m. on Monday, July 4th is hereby presented to Council for consideration. This year's group of applicants consists of 19 renewing and 5 new additional organizations. During the 2010 season, there were 23 licenses issued out of 27 slots available. Of the 23 from last year, three did not submit an application and one was disqualified, leaving 19 renewing organizations for the 2011 season. The one renewing organization that was disqualified was Sigma Pi Fraternity. The three renewing organizations that did not submit their applications were Central Baptist Church, Delta Associates Foundation and Los Angeles Harbor Pirates Traveling Baseball. Of the five additional new organizations that applied, Create Academic Magic for Students, Taea o le Talalelei Congregational Christian Church and Carson Christian Center filled the vacant slots available and two were disqualified for not meeting the minimum eligibility requirements. For the 2011 season, staff recommends the approval of a total of 22 applicants, contingent upon compliance of each with all

the requirements set forth under the terms of approval.

In order to confirm the eligibility of each organization, staff takes extra care to verify the information supplied by all applicants. This is necessary to prevent situations that arise periodically, whereby organizations are found to supply false information or they actually do not serve the residents of Carson. As is our normal practice, staff contacted a majority of the individuals listed on the membership rosters to verify the members and their residences. Staff likewise inspected meeting locations to ensure that the organizations are located where they represent themselves to be and that actual meetings take place on the dates and times indicated.

Section 3101.2 of the Carson Municipal Code (CMC) (Exhibit No. 2) provides that a license for the sale of fireworks shall be issued only to such applicants who meet the following qualifications and requirements:

1. A non-profit, charitable corporation or association currently recognized as a Section 501(c)(3) organization under the Internal Revenue Code or as a Section 27301(d) organization under the Revenue and Taxation Code.
2. Said corporation or association:
 - a) has its principal and permanent meeting place in the city of Carson or 50% of its members reside in the city, and
 - b) has been organized and established in the city, as such, for a minimum of one year continuously preceding the filing of the application for the license, and
 - c) has a bona fide membership of at least 20 members.
3. A license shall not be issued unless the person, association or organization applying for the license has first obtained a license from the State Fire Marshal, under Section 12500 et. seq. of the Health and Safety Code of the State of California.

In addition to the foregoing requirements, each organization is mandated to have at least two members attend a Fireworks Stand Operators' Safety Seminar and Orientation Session pursuant to CMC Section 3101.5(e). Failure on the part of the organization to have two members attend such safety program and orientation session shall be grounds for revocation of the organization's eligibility for a license. This year's seminar will be hosted by Phantom Fireworks, and will take place on Wednesday, June 15, 2011, at the Juanita Millender-McDonald Community Center. Staff from the county's Fire Department and the Building and Safety Department, and from the city's Planning Division and the Revenue Division will participate in the seminar.

Fire, Sheriff, Building and Safety, and Planning have yet to approve the applications as required by Section 3101 of the Carson Municipal Code. These

approvals are normally held in abeyance until the stands are erected, stocked and utilities installed so that proper inspections can be made. Accordingly, staff recommends that if the City Council decides to approve the requests to operate fireworks stands, then said approvals should be contingent upon clearance and approvals from all inspecting agencies.

V. FISCAL IMPACT

Each of the applicants listed in the roster has paid the \$250.00 fee (\$25.00 application fee and \$225.00 license fee) to operate a fireworks stand for this season. In addition, each organization has posted a \$50.00 refundable clean-up deposit.

§ 3101.5 General Provisions.

(a) The licensee shall use the net proceeds derived from its operations under such license only for such nonprofit, charitable, religious or eleemosynary service projects that shall be of direct benefit to the City of Carson and for no other purpose. Specifically, such net proceeds shall not be used (1) to support political activities (including, but not limited to, contributions to legal defense organizations); (2) for property-related expenditures (including, but not limited to, mortgage payments and property taxes) related to properties located outside of the City; (3) for contributions to national or regional organizations (contributions to Carson-based units of such organizations are permitted if the funds will be expended locally as required by this Section); or (4) for any other purpose unrelated to a service project that directly benefits the City. The Director of Finance shall have final authority to determine whether each use of such net proceeds complies with this provision.

(b) On or before March 1st the licensee shall file a report with the Business License Division giving a description of such service project together with an accounting of the funds derived from the sale of fireworks for the previous year. The licensee shall fully expend the net proceeds derived from its operations under such license, in accordance with the provisions of subsection (a) of this Section, prior to the filing of the report. The Director of Finance may grant an extension, not to exceed one (1) year, for the expending of the proceeds upon receiving satisfactory proof that the funds are earmarked for specific service projects that will take place after the March 1st filing date. No such extension shall be granted unless the licensee specifically identifies the proposed expenditures and the projected dates of completion. Upon completion of such service projects, the licensee shall file an amended financial report that accounts for the use of the proceeds.

(c) No one (1) organization may receive more than one (1) license for a fireworks stand during any one (1) calendar year.

(d) No organization shall receive a license for a fireworks stand if such organization received a license for the previous year and has failed to file the report required in subsection (b) of this Section or otherwise violated any provisions of the Carson Municipal Code relating to such prior year's license or to the licensee's operations thereunder.

(e) Every fireworks stand operator (nonprofit organizations selling fireworks) shall designate two (2) or more responsible individuals who shall attend a Fireworks Stand Operators Safety Seminar and Orientation Session, which is conducted by the wholesale distributors of fireworks. Such seminar shall be subject to prior review by, and shall incorporate the recommendations of, the Los Angeles County Fire Department. Failure of an organization to have two (2) or more responsible individuals attend said safety program and orientation session shall be grounds for revocation of the organization's eligibility for a fireworks license in the City of Carson that year.

(f) No person under the age of eighteen (18) shall be allowed to purchase fireworks.

(g) All licenses shall expire at 10:00 p.m. on the fourth day of July.

(h) The total number of licenses for fireworks stands in the City of Carson issued in any one (1) calendar year shall not exceed twenty-eight (28).

(i) Licenses shall be issued first to applicants which held a license during the immediately preceding fourth of July season and faithfully complied with all requirements of this Code in connection therewith. Any remaining licenses shall thereafter be granted to qualified applicants in the order in which their applications are filed with the City. In the event that there are more applications than licenses available, applicants not receiving licenses will be placed on a waiting list in the order their applications are filed with the City. The waiting list will be maintained from year to year provided that the waiting list applicants continue to annually file a timely application and pay the required application fee in accordance with CMC 3101.3. Any licenses which become available after the establishment of the waiting list shall be granted to qualified applicants in the order in which their names appear on the waiting list. (Ord. 70-122, § 1; Ord. 70-130, § 1; Ord. 71-156, § 1; Ord. 88-828, § 3; Ord. 91-936, § 3; Ord. 92-986U, § 3; Ord. 95-1081U, § 3; Ord. 96-1087U; Ord. 98-1129, § 5; Ord. 98-1145, §§ 2, 3; Ord. 99-1167U, §§ 14, 16, 18, 20, 21; Ord. 06-1345, § 3)

A plan showing the recommended installation requirements shall be subject to the review and approval of the Building and Safety Division. The plan shall be approved prior to the installation of the stand. All necessary hold-downs shall be installed when the stand is initially erected. A certificate of occupancy shall be issued upon approval of the stand and any utilities installed therein by the Building and Safety Division and Fire Department. (c) No fireworks stand shall be located within a residential zone without prior approval of the City Council by minute order. The City Council may approve the placement of a fireworks stand within an RM Zone upon finding that the proposed stand will not detrimentally impact the surrounding residential neighborhood.

(d) All licenses shall be posted in a conspicuous place.

(e) Licensees shall strictly comply with all the provisions of the State Fireworks Law (Section 12500 et seq. of the Health and Safety Code of the State of California).

(f) No fireworks stand shall be installed prior to 12:00 noon on June 21st and each stand shall be removed from the temporary location by 12:00 noon on July 12th and all accompanying litter, debris, building materials, utility connections and other facilities or equipment or materials shall be cleared from said location by said time and date to the satisfaction of the Director of Public Works. In the event the premises have not been cleared by said date, the Department of Public Works shall charge the cost thereof to said cash deposit, and the balance unexpended shall be returned to the licensee.

(g) All weeds and combustible material, not including structures, shall be cleared from the location of the stand, and for a distance of at least fifty (50) feet surrounding the stand.

(h) All trash shall be removed from the premises and the fireworks stand each evening at the close of business.

(i) There shall be maintained in each premises or stand within which fireworks are sold or offered for sale two (2) fire extinguishers approved by the Los Angeles County Fire Department.

(j) No person shall light, or cause or permit to be lighted, any fireworks or any other article or material within any such stand, or within fifty (50) feet thereof.

(k) No smoking shall be allowed in any structure used for the sale and display of fireworks nor within fifty (50) feet of said structure. "No Smoking" signs shall be prominently displayed both inside and outside the fireworks stand.

(l) There shall be at least one (1) adult in attendance during the open or sale hours of the fireworks stand. No person under eighteen (18) years of age shall be permitted in a stand. Fireworks stands shall be manned exclusively by volunteers of the organization for whom the stand is licensed.

(m) The licensee shall provide an adult night watchman to act and serve during the hours of storage. Under no circumstances shall the night watchman sleep within the fireworks stand.

(n) No alcoholic beverages shall be allowed on the premises. No person who is under the influence of alcoholic beverages shall enter, or be allowed in, the sales booth.

(o) Fireworks stands shall have exits at least thirty (30) inches in width at both ends of the structure, and one (1) thirty (30) inch exit every twenty (20) feet on the rear wall of the structure. No supplies or other materials shall be stored in front of exit doors. All exit doors shall remain unlocked and unlatched whenever the stand is occupied.

(p) A minimum distance shall be maintained between fireworks stands. No fireworks stand shall be located within one hundred fifty (150) feet of another stand on the same side of the street. No fireworks stand shall be located within one hundred (100) feet of another stand on the opposite side of a street or highway.

(q) Fireworks on the sale site shall be stored and kept only in the licensee's sales booth. It shall be unlawful to store any fireworks in any other place within the City of Carson except as provided in CMC 3101.8.
