Project Applicant
• Henry & Alicia Pigea, (Church of the Word Ministries, Inc.) 17440 Bellflower Boulevard, Bellflower, CA 90706

Project Address
• 1135 E. Janis Street, Carson, CA and 1161 E. Walnut Street

Project Description
• Proposed shared parking for church/office use.
• The application includes the following:
  • Conditional Use Permit No. 702-08 for shared parking within a light industrial business park for a proposed church/office use.

II. Background/Analysis

On June 10, 2008, the Planning Commission approved CUP No. 702-08 for shared parking to facilitate church use with a 3,920 square foot sanctuary and 112 required parking spaces. As per CMC Section No. 9162.24, the applicant provided the necessary evidence that no substantial conflict or overlap in the principal operating hours of the buildings or uses for which the shared parking facilities are proposed would occur.

The conditions of approval for said CUP stated that any future expansions to the proposed main assembly/sanctuary area would require a modification request to the proposed Conditional Use Permit Application. The applicant has submitted a modification request to allow church use with a sanctuary expansion to 5,841 square feet, resulting in a 1,921 square foot expansion from the 3,920 square foot previously approved sanctuary.

The proposed modification request with a proposed 5,841 square foot sanctuary will require 167 parking spaces as per CMC Section No. 9162.21 B. 8. The applicant is proposing a shared parking agreement that would provide 62 additional parking spaces at 1161 E. Walnut Street, thereby providing a total of 174 parking spaces and exceeding the required parking by seven (7) spaces.

Planning Commission Staff Report
CUP No. 702-08 Modification No. 1
February 24, 2009 Page 2 of 5
The applicant has provided a signed property owner agreement that would facilitate joint use of off-street parking facilities as required by the CMC. Said agreement, provides evidence that no substantial conflict or overlap in the principal operating hours of the buildings or uses for which the shared parking facilities are proposed will occur.

**Current Use of Property**
- The property at 1135 E. Janis is developed with two light industrial buildings consisting of approximately 35,440 square feet. The light industrial buildings were built in 1972. The adjoining property at 1161 E. Walnut Street is developed with an industrial building with approximately 57,888 square feet built in 1972.

**Previously Approved Discretionary Permits**
- There is no record of previously approved discretionary permits on this property.

**Public Safety Issues**
- After consulting with the Public Safety Department it was determined that there is no zoning code enforcement cases associated with this property.

**III. Analysis**
- The applicant obtained written consent from the property owner at 1135 E. Janis Street that would allow the proposed church to share the property's existing 112 parking spaces. The agreement specifies that the church would use all parking spaces after 7:00 p.m. during the weekdays and through out the day on weekends. The agreement further states that the church would provide parking spaces on an as need basis to the existing tenants during the above stated time frame. Further, the proposed church would operate after the existing tenants' normal business hours of 7:00 a.m. through 6:00 p.m. Monday through Friday's. The agreement to share the existing 62 parking spaces at 1161 E. Walnut Street is consistent with the agreement for 1135 E. Janis Street.

**Zoning/General Plan/Redevelopment Area Designation**
- The subject property is zoned ML (Manufacturing Light) and surrounding properties share the same zoning.
- The subject property has a General Plan Land Use designation of Light Industrial.

**Applicable Zoning Ordinance Regulations**

The proposed shared parking CUP is subject to the approval of a development plan in accordance with the Conditional Use Permit (CUP) procedures as provided in Section 9172.21 and subject to CMC Sections 9162.21 B. 8. (Off-Street Parking Requirements) and CMC Section 9162.24 B. (Automobile Parking Spaces Required for Mixed Uses).
Required Findings: Conditional Use Permit

Pursuant to Section 9172.21.D., Conditional Use Permit, the Planning Commission may approve the proposal only if the following findings can be made in the affirmative:

1. The proposed use and development will be consistent with the General Plan.
2. The site is adequate in size, shape, topography, location, utilities and other factors to accommodate the proposed use and development.
3. There will be adequate street access and traffic capacity.
4. There will be adequate water supply for fire protection.
5. The proposed use and development will be compatible with the intended character of the area.

Pursuant to Section 9162.24 B. Automobile Parking Spaces Required for Mixed Uses, the Planning Commission may approve a shared parking use subject to the following requirements:

1. The applicant shall show evidence that there is no substantial conflict or overlap in the principal operating hours of the buildings or uses for which the shared parking facilities are proposed.
2. Any reduction in parking shall not decrease the total number of parking spaces below the level necessary to meet the collective peak parking demand for all participating uses.
3. Property owners involved in the joint use of off-street parking facilities shall submit an agreement for such use by a proper legal instrument approved by the Director as to form and content. Such instrument shall be submitted with the Conditional Use Permit Application. Such instrument, when approved as conforming to the provisions of this Section, shall be recorded in the office of the County Recorder with thirty (30) days of Commission approval, and copies of said recorded document filed with the Community Development Department.
4. The Commission shall make a finding that there is adequate parking available for all affected lots, parcels and uses located thereon.

All of the required findings pursuant to Section 9172.21(D), "Conditional Use Permit Review, Commission Findings and Decision", and Section 9162.24 B. can be made in the affirmative. Details can be found in the attached Resolution.

Issues of Concern:

- Issue – Adequate Parking Available: Pursuant to Section 9162.24 (B), Automobile Parking Spaces Required for Mixed Uses: The applicant shall show evidence that there is no substantial conflict or overlap in the principal operating hours of the buildings or uses for which the shared parking facilities are proposed.
- **Mitigation**: The applicant shall submit a legal instrument approved by the Director as to form and content that shows evidence that there is no substantial conflict or overlap in the principal operating hours of the buildings or uses for which the shared parking facilities are proposed.

IV. **Environmental Review**

Pursuant to Section 15301(e) "Existing Facilities" of the California Environmental Quality Act (CEQA), the proposed shared parking to facilitate church use on an existing developed light industrial parcel does not have the potential for causing a significant effect on the environment and is found to be exempt.

V. **Recommendation**

The applicant requests that this item be continued until the next regular Planning Commission meeting of March 10, 2009. The applicant is in the process of securing the shared parking agreement from the property owner of 1161 E. Walnut Street and needs additional time to secure the agreement.

THE PLANNING COMMISSION OF THE CITY OF CARSON, CALIFORNIA,
HEREBY FINDS, RESOLVES AND ORDERS AS FOLLOWS:

Section 1. An application was duly filed by the applicant, Henry & Alicia Pigea,
Church of the Word Ministries, Inc., with respect to real property located at 1135 E. Janis
Street and described in Exhibit "A" attached hereto, requesting the approval of a Conditional
Use Permit (CUP No. 702-08) for a shared parking agreement at 1161 E. Walnut Street to
facilitate a church use in the ML (Manufacturing Light) zone.

A public hearing was duly held on June 10, 2008, and on February 24, 2009 at 6:30 P.M. at
City Hall, Council Chambers, 701 East Carson Street, Carson, California. A notice of time,
place and purpose of the aforesaid meeting was duly given.

Section 2. Evidence, both written and oral, was duly presented to and considered
by the Planning Commission at the aforesaid meeting.

Section 3. The Planning Commission finds that:

a) The General Plan designates the property as Light Industrial which is
   compatible with the proposed use. The proposed church use will be consistent
   with the surrounding light industrial uses and is appropriate for the subject
   property.

b) The project is compatible in design with existing and anticipated development in
   the vicinity, including the aspects of site planning, land coverage, landscaping,
   appearance and scale of structures, open spaces, and other features relative to
   a harmonious and attractive development of the area.

c) The site is adequate in size, shape, topography, location, utilities, and other
   factors to accommodate the proposed use and development. The surrounding
   land uses are primarily light industrial uses and the proposed project is
   compatible with those uses. The site is relatively flat, and is located in a light
   industrial area.

d) The applicant previously submitted a legal instrument that provides written
   property owner consent to use the existing 112 parking spaces located at 1135
   E. Janis Street to facilitate a church with a 3,920 square foot sanctuary. The
   applicant has submitted a second legal instrument that provides written property
   owner consent to use the existing 62 parking spaces located at 1161 E. Walnut
   Street to facilitate the sanctuary expansion to 5,841 square feet to the existing
   church located at 1135 E. Janis Street. The written consent submitted provides
e) Signage for the proposed project will be through a separate permit.

f) The proposed CUP application for shared parking to facilitate church use meets the goals and objectives of the General Plan and is consistent with applicable zoning and design regulations. Therefore all of the required findings pursuant to Section 9172.21 (D), "Conditional Use Permit, Approval Authority and Findings and Decision" can be made in the affirmative.

Section 4. The Planning Commission further finds that the use permitted by the proposed Conditional Use Permit will not have a significant effect on the environment. The proposed use will not alter the predominantly light industrial character of the surrounding area and will meet or exceed all City standards for protection of the environment. Therefore, the proposed project is found to be categorically exempt under Section 15301(e) of the CEQA (California Environmental Quality Act) Guidelines.

Section 5. Based on the aforementioned findings, the Commission hereby grants Conditional Use Permit No. 702-08 Modification No. 1 with respect to the property described in Section 1 hereof, subject to the conditions set forth in Exhibit "B" attached hereto.

Section 6. The Secretary shall certify to the adoption of the Resolution and shall transmit copies of the same to the applicant.

Section 7. This action shall become final and effective fifteen days after the adoption of this Resolution unless within such time an appeal is filed with the City Clerk in accordance with the provisions of the Carson Zoning Ordinance.
