NOW, THEREFORE, THE PLANNING COMMISSION OF THE CITY OF CARSON, CALIFORNIA, HEREBY RESOLVES AS FOLLOWS:

SECTION 1. The Planning Commission finds that the foregoing recitals are true and correct and are incorporated herein by reference.

SECTION 2. The Planning Commission finds as follows:

A. The IS demonstrates that there is no substantial evidence, in light of the whole record, that the proposed project may have a significant effect on the environment.

B. The ND was circulated for public review in accordance with CEQA Guidelines 15073, and the ND circulated for public review included the contents required by CEQA Guidelines 15071.

C. The NOI was provided to the public, responsible agencies, trustee agencies, and the county clerk of the county within which the proposed project is located, sufficiently prior to adoption by the lead agency of the negative declaration to allow the public and agencies the required review period, and otherwise in compliance with CEQA Guidelines 15072.

D. The IS/ND and NOI, as well as the draft 2021-2029 Housing Element Update and related documentation, are available at <https://www.carson2040.com/reports-and-products>, and are on file with the City’s Planning Division.

E. The Planning Commission has considered the proposed ND, together with any comments received during the public review process – no comments were received recommending that an Environmental Impact Report should be prepared.

F. The ND reflects the independent judgment and analysis of the City of Carson as lead agency for the proposed project.

G. On the basis of the whole record before it (including the IS/ND and any comments received), the Planning Commission finds that there is no substantial evidence that the proposed project will have a significant effect on the environment.

H. Gov’t Code Section 65588(b), a provision of the State housing element laws set forth in Gov’t Code §§65580 *et seq.*, requires the City to update its Housing Element not less than once

every eight years. The City’s Housing Element was last updated in 2014 for the period of 2014-2021, and an update is required for the planning period of 2021-2029. The City submitted a draft of its 2021-2029 Housing Element Update to State HCD for review for substantial compliance with housing element laws on October 11, 2021, in accordance with Gov’t Code Section 65588(b) and (d). State HCD reported its written findings to the City via a comment letter dated December 10, 2021. The Planning Commission has considered HCD’s findings. All of the findings have been addressed as required via revisions that have been made by the City to the draft Housing Element, which revisions have been integrated into the draft City of Carson 2021-2029 Housing Element Update attached hereto as Exhibit “A” (the “2021-2029 Housing Element Update”). Adoption of the 2021-2029 Housing Element Update will substantially comply with the requirements of State law applicable to the update of the City’s Housing Element.

SECTION 3. The Planning Commission hereby recommends that the City Council of the City of Carson adopt the IS/ND for the 2021-2029 Housing Element Update.

SECTION 4. The Planning Commission hereby recommends that the City Council of the City of Carson approve and adopt the 2021-2029 Housing Element Update, General Plan Amendment No. 22-01.

SECTION 5. This decision of the Planning Commission shall become effective and final 15 days after the date of the action unless an appeal is filed in accordance with Section 9173.4 of the Zoning Ordinance.

SECTION 6. The Secretary of the Planning Commission shall certify to the adoption of this Resolution.

PASSED, APPROVED and ADOPTED this 11th day of January, 2022.
